Manufacturers of Patent Fire Proof Safes,
Second street, between Wood and Smithfield.
ON Tuesday afternoon, July 23, 1850, the undersigned were called upon to witness an honest and fair test of one of their Patent Safes. The furnace being prepared, the Safe was placed inside (containing Books, Papers, and some money; and the door of the Safe was closed and the fire kindled at a quarter past 2 o'clock, and in a short time the Safe was red hot, and continued for a full half past 6 o'clock, being about four and a half hours, when the committee expressed the satisfaction that they had been occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money were found to be as great as to merit of the three mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof. WM. KAYE,
