The Directors, in presenting the Second Annual Report, take leave to congratulate the members upon the marked success of the State Mutual Fire Insurance Company. In operation only two years, it has taken a position beside the older and more established Fire Companies, and proves by the present statement that the mutual system, as adopted by them, is beyond a question the best and safest plan for mutual insurance.

The heavy losses of the past year, which have annihilated many stock companies, leave the State Mutual with a cash capital of nearly two hundred thousand dollars, and a reserve capital of nearly two hundred thousand dollars, which is constantly increasing.

The Directors feel confident that the State Mutual Fire Insurance Company offers, to owners of safe property, inducements scarcely if not equalled, and never exceeded.
