Manufacturers of Phœnix Fire Proof Safes,

Fifth Street, between Wood and Market, Pittsburgh.

ON Tuesday afternoon, July 23, 1848, the above Safe was seen called upon by Messrs. Lappencott & Barr, to witness an hour's exposure to the heat of one of the Phœnix Safes. The furnace being prepared, the Safe was placed in the interior, with books, papers and some money; when the door of the Safe was closed and the fire kindled at a quarter past 9 o'clock, and in a short time the Safe was red hot. Continued till half past 10 o'clock, being about four and a half hours, when the committee withdrew to their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, Safe cooled, and door opened—the books, papers and money taken out. The heat was so great as to melt off the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being, in our judgment, entirely fire proof. A. A. TRABUE,
