In presenting the Second Annual Report, take leave to congratulate the public and stockholders on the success of the State Mutual Fire Insurance Company. In operation only two years, it has taken a position beside the older institutions of the kind, and proves by its very success, that the mutual system, as adopted by them, is beyond a question the best and only safe mode of insurance.

The heavy losses of the past year, which have annihilated many stock companies, leave the State Mutual with a cash surplus of upwards of thirty-one thousand dollars, besides a reserve capital of nearly two hundred thousand dollars, which is constantly increasing.

The Directors submit that the State Mutual Fire Insurance Company offers, to owners of safe property, inducements seldom equalled, and never surpassed.
