THE CITY POST.

THURSDAY MORNING.....FEBRUARY 10.

SPRING TERM CLINICAL SCHOLAR.—We have before us the official catalogue of the students of this Institution. From it we learn that the whole number of students receiving instruction at present in the Institution, is fifty-two, divided as follows:—

Senior Class	16
Middle "	16
Junior "	20
Total	52

The Institution was first opened in the fall of 1827, with a class of four young men. Since that period about three hundred and fifty students have prosecuted their theological course, in whole or in part, at this Seminary; of this number, twenty-two are engaged in the work of foreign missions, in different parts of the world; others have acted as domestic missionaries, in the destitute region of the west, and other parts of our own country; and a large proportion are settled as pastors throughout the western country.—There is but one session in the year, commencing on the fourth Monday of August, and continuing until the second week in May. Three years embrace a full course.

The faculty is composed of Rev. David Elliott, D. D., LL. D., Professor of Didactic and Polemic Theology; Rev. Alex. T. M'Gill, D. D., Professor of Ecclesiastical History and Church Government, and Rev. Melanchton W. Jacobus, D. D., Professor of Oriental and Biblical Literature. Francis G. Bailey, Esq., is President of the Board of Trustees, and Rev. Francis Herron, D. D., President of the Board of Directors.

DISTRICT COURT—Before Hon. P. C. Shannon, President Judge.

The case on trial before Judge Shannon was continued all day yesterday, without coming to a conclusion.

Before Hon. Judge Williams, Assistant Judge.

In the case of Schwartz vs. Curtis, the jury retired yesterday morning, but had not returned a verdict when the Court adjourned.

Schopert's administrators vs. Z. Remington; No. 383, November term, 1851. This was an action to recover the value of a check given defendant by plaintiff, for $1,500. It was alleged by defence that the check had been paid. The jury could not agree. Brady appeared for plaintiff, and Cochran for defence.

Gwynn & Johnson vs. James Marlatt; No. 385, November term, 1850. This was an action to recover from defendant, on the grounds of an illegal sale. A coal boat belonging to plaintiffs, containing 20,000 bushels of coal, was sunk in the Ohio river, and the coal sold to defendant, by the pilot of the boat, for $500.—It was alleged that the pilot had no right to sell the coal, and that the sale was not binding. On trial, A. W. and C. O. Loomis appeared for defence, and Williams for plaintiff.

STEAMBOAT BUSINESS appear to be as industrious as ever between here and Cincinnati, and especially at the latter city; there their depredations are severely felt. One night last week, the steamer Golden State, from this city to St. Louis, was visited by some of these worthies, while lying at Cincinnati, and Mr. L. Folsom, of New Bedford, Mass., was robbed of one hundred and twenty dollars in gold, some notes of hand, to the amount of one thousand dollars, and a gold watch. Mr. F. had a value containing four thousand dollars in his state room, which they very fortunately did not succeed in finding. Various small sums of money, and two oils were also taken from other passengers on the boat.—Most of the steamboat thieves are known to the police of our western cities, but it is very hard to get proof enough against them to justify their being brought to trial, and as a resort, when they are arrested, and no direct proof against them, they are generally committed as vagrants.

PILOTS AND ENGINEERS.—The law passed on the 20th of August last, for the better preservation of life and property on the rivers, lakes, and other navigable bodies of water in this country, required the registration of all pilots and engineers on the river; it also provided for their examination by competent officers, and the granting of certificates to those who were pronounced competent. Since that law went into operation in this city, there have been the following number of persons licensed as pilots and engineers:—

First Engineers	22
Second Engineers	43-115
Pilots	100
Number of licenses granted	215

Of the pilots, 67 were licensed as pilots to Louisville, 4 to St. Louis, 3 to Nashville, 6 to Zanesville, 14 to Cincinnati, 4 to Simrish and Galipolis, 1 to Sunfish, 1 to Wheeling; 4 on the Allegheny river, and 4 on the Monongahela.

PROGRESS OF HEALTH.—Mr. T. Hoe, a teacher of the art of phonetic short hand, has been in our city for several weeks past, teaching the principles of the phonetic system. From a slight knowledge of the system, we could say that it is entirely practicable for a person to learn it possessed of ordinary capability—the system is beautiful and easily acquired, and with a constant practice for a year, can be made to subserve all the ends of certain reporting. The system is invaluable to professional men: and lawyers, with a knowledge of phonetic short hand, would find that a great portion of their labor could be avoided. The phonetic system is far superior to the old stenography, not only for rapid reporting, but in its simplicity. Address Mr. Hoe through the post office.

GRAND TVERGANE.—The receipts during the month of January, 1853, on the Pennsylvania Railroad amounted to $27,384 31. The receipts in the same month last year amounted to but $9,543 93. This shows an increase during the first month of 1853, of $17,840 33 over the same period last year. But few roads in the country will show such an increase as this road exhibits, in so shorte time. Added to this, the road is not completed.

BURGLARY.—The house of Mr. Walker, keeper of a restaurant, on Smithfield street, was entered by burglars on Wednesday night, and robbed of six or seven dollars in money, a can of sardines, a box of principe cigars, two cans of pickled tomatoes, &c. The thieves also helped themselves to such refreshments as were at hand—brandy, sarsaparilla, cheese and crackers.

CITY MORTALITY.—During the week ending on Saturday last, there were sixteen deaths in this city, eight adults and a like number of children. During the same week, there were one hundred and eighty-six deaths in Philadelphia; in Boston the number was eighty-five, and in New York, the number was three hundred and sixty.

PERSONAL ACCIDENT.—Mr. Wm. M'Kee, of the firm of Baxter & M'Kee, spice manufacturers, on Third street, above Wood, fell through the hatchway of their spice mill, yesterday afternoon, and struck his head against a cask, injuring himself very badly, and, it is feared, dangerously. He was carried into the mill, and medical assistance summoned.

To those that want a fine Valentine, we would say call early and procure one at Gildenfenny & Co., 76 Fourth st.

HERE ALEXANDER, after exciting the vigilance of the police and cheating all the printers and hotel keepers in the towns and cities of the north-west, has arrived in Cincinnati, and succeeded in getting himself into trouble immediately on his arrival.

MALICIOUS MISCHIEF.—Squire Symmes, of Birmingham, committed a man named George Couch to prison, on Saturday night, on a charge of malicious mischief and assault and battery. The information was made on oath of Philip Goelen.

SCALE OF PRICES.—The manufacturers of sash, window frames, shutters, doors of all kinds, and mouldings, in this city and vicinity, have published a scale of prices for the various articles of their manufacture.

THEATRE.—To-night, two splendid pieces will be presented. Eli Hyde and the Raven; both dramas of absorbing interest, and in which the great good taste of the Manager in scenic arrangement will be displayed.

ASSAULT AND BATTERY.—John Bennett and Eli Burford were yesterday held to bail by Mayor Riddle, for an assault and battery committed on Edward Clark, in Miller & Co.'s rolling mill, on the 4th inst.

THE METROPOLITANS give their last Concert, in this city tonight. A good house, should at least, entitle them on their last night. They go hence to Steubenville, where they perform one night this week.

ST. VALENTINE'S DAY.—As the ever memorable 14th day of February approaches, the Valentine excitement increases.—Mizer & Co., 82 Smithfield street, have the largest assortment in the city.
