THE CITY POST.

SATURDAY MORNING:.....MARCH 19.

THE RIVER—Business was not very active yesterday on the wharf. The arrivals were not numerous, and were composed principally of the regular packets. Several boats, however, are receiving large cargoes of Pittsburgh manufactured articles, and of Eastern merchandise. Last night at dusk, there was six feet water in the channel, and judging from the recent rains, we may anticipate a slight rise.

The Buckeye State arrived yesterday afternoon from Cincinnati. This gallant steamer made the fastest trip between Cincinnati and Portsmouth that has ever been made; her running time was four hours and forty-seven minutes. The Buckeye State leaves to-morrow.

The Messenger No. 2 is the packet to-day.

DISTRICT COURT—Before Hon. P. C. Shannon, President Judge.

In the case of Soles vs. Soles et al., the jury found for the plaintiff the two-seventh parts or shares of the lot in controversy.

James Young, vs. Dr. Robert Wilson; No. 278, July term, 1852. Action on the case for mal-practice. The plaintiff was employed, in 1849, in a coal bank, where, owing to the fall of a large mass of slate, his leg was broken, and other injuries received. Dr. Wilson, of East Liberty, was called in as the surgeon. The plaintiff alleges that because of the unskillfulness, carelessness and negligence of the defendant, he has been rendered lame for life, and unfit for business.—No verdict was rendered in this case, up to a late hour yesterday afternoon. Marshall appeared for plaintiff, and Loomis for defence.

Wm. H. Williams & Co. vs. Valentine Short; No. 310, April term, 1852. Courtney appeared for plaintiff and Marshall for defence. This was an action to recover the amount of a promissory note, of the amount of $150. The jury returned a verdict for the defence.

Edmund Evans vs. Tobias Myers and Alexander Hunter; No. 715, April term, 1852. This action was to recover for a mistake made by defendants in delivering a lot of pig metal to plaintiff. On trial.

A RUMPUS COMMENCED.—His honor, Mayor Riddle, yesterday had to hold, for their appearance at Court, four men, named Gill, Severn, M'Murray and Murphy. They are bound over to answer the charge of selling liquor without a license. These men were arrested at the instance of a number of ladies, residing near the point, whose husbands were led astray by the liquor sellers. The ladies becoming desperate, formed themselves into an association, and have come to the determination of banishing drinking houses from that section of the city. The four persons whose arrest we have chronicled above, were the first victims to the determination of the ladies. The excitement among the tavern keepers about the Point, is said to be in earnest.

VALENTINE HOFFMEYER.—He earnestly invite the attention of our business men, and builders generally to a sale of property which takes place to-day, in Irwin street, a few doors from the Allegheny river. This property is well adapted for warehouse, hotel, or some other purpose, from its vicinity to the landing on the river, and the strong probability that the Allegheny Valley Railroad, will form a depot at this point. There is no property in the neighborhood, that can be purchased, presenting so many advantages to the business man or capitalist, wishing a profitable investment.

HOPKINS' ASSOCIATION.—A number of young gentlemen of this city, have banded themselves together, as a Thespian Society, under the title of Morris' Histronic Association.—To-night their first entertainment will be given at the Athenæum. The tragedy of Pizarro, will be performed, together with the new farce Box and Cox, Married and Settled.—W. G. Gallagher appears as Rolla, and Mr. Curtis supports the character of Pizarro. The farce which has never been played in this city, represents the Married life of Box, the printer, and his associate, the hatter.

THE WILLOW COTTAGE will be performed to-night for the last time—Mr. Coulduck appearing in the character of Luke Fielding. We regard his performance of that character as one of the best pieces of acting we ever witnessed. The play is really beautiful, and the plot most ingenious; of that, however, the approval it has met with wherever it has been played, is sufficient proof. This is Mr. Coulduck's last night.

R. R. JONES, of this city, one of the oldest and best tobacconists in the west, is about removing to Warsaw, Kentucky. Mr. Jones purposes engaging extensively in the tobacco business in Parks celebrated manufactory, and his well known skill and judgment will insure success to whatever project he may handle on. Many warm friends will be left by Mr. J. when he departs from our city.

CONNELLSVILLE RAILROAD.—A subscription of $250,000 has been made to this road by the Allegheny City Councils.—This news will certainly prove gratifying to the friends of the road. A subscription of a million from Baltimore, and a like sum from this city, will give the road such a start, that it *will* be built.

DISCHARGED.—Wm. Gray, arrested on Thursday, charged with the murder of Mrs. Battiste, was discharged yesterday, there being no evidence to justify his detention.

The verdict of the Coroner's Jury, was that Mrs. Battiste came to her death from congestion of the brain, produced by the fall she received at the negro dance.

THE FOX HUNT, in Washington county, and about which so much has been said in the papers, turned out a failure.—Sly Old Reynard, was entirely too shrewd for his pursuers, and the fox hunters returned, without a single trophy of their skill.

THE valuable property on Irwin street, advertised for some time, will positively be sold at Trustees, this day, at 3 o'clock in the afternoon, by JAMES M'KENNA, Auctioneer.

ASPIN MAGAZINE.—Graham's Magazine and Godey's Lady's Book, for April, have been received, at Miner & Co.'s Store, 72 Smithfield street.

MISS RIDGWAY commences an engagement at the Theatre on Monday night.

EMMA ROSE is fulfilling an engagement at one of the Philadelphia Theatres.

GUNSHOLT, OF BALTIMORE has discontinued his store on Liberty street, and is now found at his commodious establishment, 68, Market street. He will devote his entire attention to the wholesale clothing business, and patronized by other dealers in that line, will find it to their advantage to give him a call.

SOUTHERN NEWS.

BALTIMORE, March 18.

There is no mail beyond Richmond.

The Washington *Union* says: "We have reason to believe that the statement which appeared some time since in a public journal, to the effect that Col. King had been inhospitably treated at Havana, by the Captain General of Cuba, is very unfounded." On the contrary, the *Union* is confident that the attentions of Gen. Condo to Mr. King were assiduous, and marked by a spirit corresponding both to his high station and character of the Captain General of Cuba and the Vice President.

☞ **Scrofula.**—It is due to Kier's Petroleum to say that it has been known to completely eradicate every vestige of this dreadful disease in less time than any other remedy; and at less cost or inconvenience to the patient.

The thousand certificates in the hands of the proprietor, many of which are from well known citizens of the city of Pittsburgh and its immediate vicinity, go to show clearly and beyond a doubt, that Kier's Petroleum is indeed a remedy of no common value, not only as a local remedy in *Rheumatism, Deafness, loss of Sight, Sore Throat*, and other internal ailments, but in the hands of living physicians, as well as the suffering patient, to become acquainted with its merits.

Those having a dread of mixtures are assured that this medicine is purely natural, and is bottled as it flows from the bosom of the earth.

☞ *The following certificate is copied from a paper published at Syracuse, N. Y., and bears date August 2, 1852, to which is also appended the certificate of the celebrated Dr. Beach, of Syracuse.*

This may in truth certify, that I have been so badly afflicted with Rheumatism for seven years that most of the time I have been unable to attend to any kind of business, and much of the time unable to walk full one mile at a time for pain, and I have tried all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Kier put me to work at his Rock Oil or Petroleum, or Rock Oil, as everything else had failed. I did so without faith at first, but the effect was astonishing; I threw the poison to the extremities of my system, and at once began to grow better, and by using six more, I was cured. I used in all three gallons and seven bottles I have got a cure worth thousands of dollars.

MRS. NANCY M. BARKER.

This may certify that I have been acquainted with Kier's Petroleum, or Rock Oil, for more than a year, and have personally witnessed its beneficial effect in the cure of inveterate ulcers and other diseases for which it is recommended, and can with confidence recommend it to the afflicted as worthy of attention, and can safely say that success has attended its use where other medicine had failed.

Whooping Cough, Coughs and Colds,

specially cured by Dr. Keyser's Pectoral Syrup. This is one of the most important remedies for lung diseases ever introduced into the American public. It has been introduced here only a few years, and already thousands of citizens of Pittsburgh can testify to its efficacy; in many cases curing the worst cases of the Whooping Cough in a few hours. Public speakers, opera singers, auctioneers, and others who exercise the vocal organs to a great extent, will find a ready cure in a dose of Dr. Keyser's Pectoral Syrup.

☞ WHOOPING COUGH is rather painful, but when given early, the Pectoral renders the disease comparatively trifling.

We publish the following case as an evidence of its value:

CASE 1.—A young man, aged 19, of slender make, had cough, expectoration of dark matter from the lungs, night sweats; pain in side; cough up to 120, hectic fever and night sweats; great exacitation, pain in the breast; sometimes expectoration of matter streaked with blood; had laboured under the treatment of many physicians, with little or no relief; commenced taking the Pectoral Syrup in half the usual doses; the expectoration diminished; the cough abated; the fever left, and in four days all the bad symptoms had entirely disappeared, and the man is now entirely well.

Also a certificate of well known citizens in proof of its efficacy.

GREAT ENGLISH REMEDY!

The most Valuable Spring and Summer Medicine in the World!

DR. HALSEY'S
FOREST WINE!

PATRONIZED BY THE NOBILITY AND MEDICAL FACULTY OF ENGLAND, AND PRONOUNCED THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

Medicines containing molasses or liquorice, like the body, require many hours better to process the slightest change in health. The *Forest Wine* is altogether a different article. It contains no syrup to give it comfort. It is a pure, but excellent ferment and powerful medicinal qualities from the vegetable plants of which it is composed. The *Forest Wine* combines the virtues of the

Wild Cherry, Dandelion, Yellow Dock, and Sarsaparilla!

with other valuable plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient medicines now in use. Less than a single bottle restores the lingering patient from weakness, debility, and a train of the most grievous health. Every dose shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommended, in the strongest terms, for all complaints of the

STOMACH, LIVER, KIDNEYS, NERVOUS DISORDERS,

BILIOUS AFFECTIONS, DROPSY, DYSPEPSIA, LOSS OF APPETITE, JAUNDICE, FEMALE COMPLAINTS, SCROFULA, AND ALL DISORDERS ARISING FROM BAD BLOOD, AND IMPURITY OF THE SYSTEM.
