BAD ACCIDENT.—An accident of a most unhappy and afflicting character occurred on Monday afternoon, in Manchester. Four boys were amusing themselves shooting at pigeons, in the garden of their grand-father, James Riddle, and after discharging their guns thrice with shot, a ball was introduced with the next charge, to allow the youngest who was unable to hold up the gun, to have a rest, at a mark which was placed on the fence. He fired, and the ball passed through three board fences, separated from 20 to 30 feet, and took effect in the upper part of the head of a boy named Robert Farley, (son of Wm. Farley) who was at work beyond the third fence perforated by the ball, killing him instantly. The lad who fired the fatal shot is the son of the Mayor of the city—Robert M. Riddle, Esq. It is needless to say, that the occurrence is the subject of much regret, not only to the lad but to his parents.

Coroner Lowry, held an inquest on the body, on Monday morning, which resulted in the following finding: "That the said Robert Farley came to his death accidentally, from the effect of a gunshot, supposed to have been fired by William Riddle, a lad between eleven and twelve years of age, while shooting at a mark in the back yard connected with the dwelling of his grandfather, James Riddle, in the borough of Manchester."

CORRESPONDENCE.—The following letter, received by the Lecture Committee, of the Young Men's Mercantile Library, fully explains the cause of the failure of Bishop Potter to lecture, on Monday evening, as announced:

PITTSBURGH, April 11, 1853.

GENTLEMEN:—I sent you a message, on Friday, from Mr Brighton, that it would be impossible for me to lecture for you, during my present visit to Western Pennsylvania, owing to the state of my health. Had I not been confined, at the time, to bed, I should have written a letter which would have rendered misapprehension impossible. I leave town early, to-morrow morning, for Fayette and Westmoreland counties, and shall be compelled to pass from thence, direct, to Philadelphia. I regret that I am obliged to disappoint you but the state of my vocal organs, and the severe critical duty which I have before me for several days, would render the delivery of a Literary Discourse, this evening, in the highest degree hazardous and improper.

All my engagements of this nature have to be made in subservientation to my official duties, and if at some future time, they should find me capable of serving you, I shall feel pleasure in doing it. Yours respectfully,

ALONZO POTTER.

MESSRS. Henry Woods, John K. Holmes, W. H. Kincaid, and John M. Kirkpatrick, Lecture Committee.

CAMPBELL MINSTRELS.—This really talented band give their first performance in this city to-night, at Masonic Hall. The company comprises one of the most efficient and powerful troupe of performers that has ever visited our city—Murphy, Kendall, Dickinson and others, are names well known to those of our citizens, who take an interest in Ethiopian music. The "Campbells" have given concert in Baltimore for over one hundred successive nights, and also visited many of the principal cities in the Union, and every where met with the most complete success.

It is enough, too, to establish the "Campbells" in favor, in this city, that they have at their head such a man as Mr. Murphy, or as he is more familiarly known, "Joe Murphy.—The long experience he has had with traveling companies, and his great powers as a violinist, peculiarly fit him for the station he holds in the "Campbells."

FALSE PRETENCES.—A steamboat runner named Nolan was arrested yesterday, and taken before Ald. Parkinson, of the Fifth ward, charged with false pretences, in obtaining the sum of $5, from a man named Adam Diller. The money was obtained under pretence of securing Diller a passage on the Royal Arch, to St. Louis. If he should wish to go, he backed out, however, and could not obtain the money until this suit was entered, and Nolan was forced to disgorge.

THE W. T. SEMINARY.—A new edifice for the Western Theological Seminary, is about to be erected on the corner of Irwin's Avenue and Ridge street in Allegheny City at the base of the Seminary hill known as the Seminary property. The main building is to be placed in the centre, and two dwelling houses for residences for the Professors, are to be built on each side of it. We understand that the Professors residences will be erected first.

FIRE.—The alarm yesterday morning was occasioned by the burning of the straw house of Agnew's Glass Works in the Ninth ward. The fire broke out about 3 o'clock and from the combustible nature of the material blazed up fearfully. The loss did not extend, however, beyond the building, a frame, though the property adjoining was for awhile in the greatest danger, from which it was relieved by the early arrival of the engines. The loss is happily small.

GIRDENSTENEY & Co. 70 Fourth street, have received Tenner's Diary, a tale of the year 1848, by W. M. Thackeray, The Bourbon Prince, The History of the Royal Dauphin Louis II, of France; Appleton's Mechanics Magazine for April, among its contents will be found an article on "Incrustation of Boilers," "Iron Founders' Casting Sadles," Engines of the "Golden Gate" with plate, &c. &c.

BARNEY WILLIAMS appears at the Theatre to-night, in his usual line of characters, assisted by his talented wife. Barney is himself a host, but when assisted by Mrs. Williams, they are perfectly irresistible, and require only to be seen to be appreciated according to their deserts. Barney as Ragged Pat, and his wife as a Wild Yankee Girl are unapproachable.

A SPLENDID second hand 18 caret Gold English Patent Lever Watch, with Gold Guard Chain, will be sold at M'Kenna's Auction House this evening, at 8 o'clock.

NEW BUILDINGS.—The Messrs. Holmes & Sons intend to build a row of stores on the lots in front of the Anchor Cotton Works, on Federal street, Allegheny City.

SUDDEN DEATH.—A man named George Tressler, died suddenly in the county jail last evening. Cause, general debility, produced by excessive hard drinking.

TRUE BILL.—The Grand Jury yesterday returned a true bill against Mary Delaney for the murder of Jacob Shaw. The trial will probably come on next week.

THE CINCINNATI.—The beautiful steamer Cincinnati leaves to-day for the Queen City, under the command of Capt. Hiram Rounts.

☞ **Scrofula.**—It is due to Kier's Petroleum to say that it has been known to completely eradicate every vestage of this dreadful disease in less time than any other remedy, and at less cost or inconvenience to the patient.

The thousands of certificates in the hands of the proprietor many of which are from well known citizens of the city of Pittsburgh and its immediate vicinity, go to show clearly and beyond all doubt, that Kier's Petroleum is a medicine of uncommon value, not only as a local remedy for *Scrofula, Rheumatism, Deafness, Loss of Sight*, but as a valuable internal remedy, inviting the investigating physician, as well as the suffering patient, to become acquainted with its merits.

Those having a dread of mixtures are assured that this medicine is purely natural, and is bottled up in its flows from the bosom of the earth.

The following testimonials is copied from a pamphlet published at Syracuse, N. Y., and bears date August 6, 1850, to which is also appended the certificate of the celebrated D. T. Fox, M. D., of Syracuse:

This may in truth certify, that I have been so badly afflicted with Scrofula for the last seven years that most of the time I have been unable to attend to any kind of business, and much of the time unable to walk and confined to my bed, and have been treated nearly all the time by the best Physicians our country affords, I could not walk but a little, if at all, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oil, as everything else had failed. I did so without hope, but to my surprise the effect was astonishing; it throw the poison to the surface and I was able to walk in 24 hours, and by using seven bottles I have got a cure worth thousands of dollars.

MRS. NANCY M. BARKER.

This may certify that I have seen several persons use Kier's Petroleum, or Rock Oil, for more than a year, and have repeatedly witnessed its beneficial effects in the cure of indolent ulcers and other diseases for which it is recommended, and can with confidence recommend it to be a medicine worthy of attention, and can safely say that success has attended its use where other medicine has failed.
