Fudder & Ford,
MANUFACTURERS AND DEALERS IN
MANCHESTER MINERAL PAINT,
ALLEGHENY, CITY PA.
New York, December 16, 1851.

I have analyzed a sample of MANCHESTER MINERAL PAINT, for FUDDER & FORD, and find it to contain the following:

Silica	67.21
Alumina	5.34
Per Oxide of Iron	15.41
Lime	63
Magnesia	24
Oxide of Manganese	12
Water and Loss	8.00
	100.00

The Powdered Sample, contained in the box, which I suppose was the one you desired me to have analyzed, differed but little from any specimen of the lumps powdered, and mixed together. This last yields as follows:

Per Oxide of Iron	48.56
Silica and Alumina	23.00
Lime	88
Magnesia	1.12
Water and Loss	7.96
	100.47

This difference I presume arises from the mineral not being uniform, some portions containing more Iron than others. The analysis shows the article to be well suited for a durable paint. I find that by calcining the powder by a pretty high heat, the color is much improved, or at least converted into a fine red.

AMOS R. CHILTON, M. D., Chemist.

☞ For sale by JOEL MUILER, 241 *Liberty street.* marl6ly

JOSEPH LIPPINCOTT. LIPPINCOTT & BARR, N. C. BARR
(late J. S. SPACKLES & Co.)

MANUFACTURERS OF PHŒNIX FIRE PROOF SAFES, Second street, between Wood and Smithfield—No. 75 Water street, Pittsburgh, July 22, 1848. The undersigned were called upon by Messrs. Lippincott & Barr, to witness an honest test of their Phœnix Safe. After the fire had burned during prepared, the safe was placed inside thereof with Books, papers and some money; when the door of the Safe was closed and kept the fire kindled at a quarter past 4 o'clock, P. M. In a short time the Safe was red hot, and continued till half past 6 o'clock, being about four and a half hours, when the contents expressed their satisfaction that the time occupied with such heat was sufficient. The furnace was then pulled down, the Safe taken out, and door opened—the books, papers and money in good order. The heat was so great as to melt out the brass mountings. We therefore take pleasure in recommending these Safes to the public, as being in our judgment, entirely fire proof. JAMES A. BEST, JAMES A. BLAKELY, JAMES A. TRADUE, JOHN A. LYNON, JOHN A. BENSON, CORNWALL & BROTHER, BRANNON & THATCHER, BENEDICT & CARTER, ISAAC CROMIE.

I am engaged in the foundry business, and know something about furnaces and heat. I witnessed the burning of the above Safe, and can freely say there was no humbug about it, and with the testimony of those who did know, I am of the same opinion, entirely fire proof. WM. KAYE.

In calling upon the above gentlemen for their signatures, I believed the Safe to be the largest and best assortment ever offered before by any one house in Pittsburgh. All of which we are prepared to sell to cash and prompt paying customers at the very lowest cash possible.

We take pleasure in showing our stock, and cordially invite purchasers to call and examine, before purchasing elsewhere. sep19tf
