HAVING increased our facilities and otherwise improved our arrangements for Transportation, we are now prepared to receive a large amount of Produce and Merchandise, daily, (on the opening of the Canals,) with promptness and dispatch.

The Scale Boat system of transportation over our State improvements has now been in use about ten years, and the great success and favor it has met with, is a sufficient guarantee that it is no longer considered a doubtful or uncertain experiment; but is acknowledged by all as vastly superior to any mode of transportation used on Canals, (when intersected by railroads.)

Goods loaded into our Boats at Pittsburgh, remain undisturbed until unloaded at our Warehouse in Market street, Philadelphia, thereby entirely avoiding the delay consequent on three different transhipments, and securing the delivery of Goods in entire tuts, the packages clean, and in as good order as when shipped.

Produce, &c., consigned to our House at Pittsburgh, will be received and forwarded always at the lowest current canal rates, strictly according to bill of lading, without any extra charge for commission, storage, or advancing charges.
