I HAVE introduced an elegant article of CLOTH and HAIR BRUSHES, superior to anything of the kind ever before manufactured in this city. They will compare with any Eastern Brushes ever brought to this market, not only in material, but also in finish. The best of workmen are employed to ornament them, and thus make them in every respect equal to any manufactured in any of the Eastern cities.
Also, a large assortment of Paint, Varnish, Sash, Shoe, Horse, Dusting, Scrubbing, Sweeping and Window Brushes.
Also, a large assortment of Nailed and Tied Whitewash Brushes.
Also, a fine variety of Tooth Nail and Brushes, fitted in nich. Rosewood, Rosewood, &c. &c.
All of which I will sell as low as they can be purchased in any Eastern market. All who doubt the above statement are most respectfully invited to call and judge for themselves.
N. B.—As I have concluded to confine my attention entirely to the manufacture of Brushes, I feel that I can offer as great inducements as any manufacturer in the Union.

No. 97 SOUTH STREET, Near Wood STREET,
No. 7 Eden Quay, Dublin; St. George's Buildings, Liverpool; And No. 186 Corner of Wood and Liberty sts., Pittsburgh,
JAMES BLAKELY, Agent.

IN announcing their arrangements for 1853, W. & J. T. TAPSCOTT & CO., have the pleasure of stating to their friends and the public, that they have wholly remodeled their fine of Packets, and have purchase and building, added several new ships, of such 2000 tons burthen. They are also, at this time, building two other ships, larger than the largest, and better than the best now afloat. They have now in their line FORTY-FIVE SHIPS, leaving LIVERPOOL and NEW YORK every THREE DAYS.
The LONDON line of Packets, leaving LONDON and NEW YORK every week. The Clyde line of Glasgow Packets leaving NEW YORK and GLASGOW twice a month. The Liverpool and Philadelphia line of Packets sailing twice a month. Also, passage secured from all parts of Ireland to NEW YORK, PHILADELPHIA, BALTIMORE and NEW ORLEANS, and thence to PITTSBURGH. mar12

AUSTRALIA!

PIONEER LINE OF MONTHLY PACKETS.

THE nearly new and beautiful clipper bark OREGON, *one thousand tons burthen*, having just completed her first voyage round the world, will succeed the Emphrasia, as 5th ship of this well established line, and will sail from New York for Melbourne, Port Phillip, on the TWENTIETH MARCH, PUNCTUALLY. The OREGON is the only true Clipper built vessel at present advertised for sailing to Australia. She is fitted up in a superior manner, and fitted up in the most comfortable manner possible. It is sufficient to state that she will be provisioned in the same liberal manner as her predecessors. The Pioneer Line was the first, and has been the only Regular Line. The Proprietors of the Pioneer Line intend to establish it on a permanent basis; and they deem it necessary to state that none of their vessels have been obliged to stop at any port for repairs, nor has there been a case of complaint against them.
RATES OF PASSAGE.—Saloon, $225; First Cabin, $175; Second Cabin, Double Berths, $125; Steerage do. $100. Every thing provided by the ship, except wines, liquors, soap and towels. A remittance of one-third will secure a passage, for which early application is recommended.

IMPORTANT TO HOUSEKEEPERS!

Something Better and more Economical than Soda, Cream Tartar, or any other Preparation in existence for Baking.
DURKEE'S CHEMICAL YEAST, OR BAKING POWDER—For making Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c. This article is one that every FAMILY, HOTEL, BOARDING HOUSE,
Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the very *thing needed every single day of their existence.*
Its most important advantages over the old system, are—
1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of carrying good yeast—water only being necessary.
2. No time is required for the dough to rise before baking—consequently, bread may be made in a few minutes.
3. A cook can always depend upon having light, sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.
4. Bread made by this process is much more nutritious, and digests better, being free from a weak stomach, sweeter, whiter and lighter, than when made with yeast.
5. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric juice upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.
This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.
☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water street, New York. Sold by the trade generally, grocers and druggists generally.

Hough & Anthony's Daguerreotypes.

THE undersigned would inform their many friends and others, that they have removed from Fourth street to No. 51 Fourth st., few doors west of the Post office (but one story above their old stand) where they have fitted up rooms for Daguerreotyping. Having a very superior arrangement of light, and the most approved instruments, they will be able to take pictures in more perfect, lifelike manner than heretofore been furnished to the citizens of Pittsburgh, either single or in groups. They respectfully solicit a continuance of the patronage so liberally bestowed upon them, and invite all, whether they wish pictures or not.
Our motto is good pictures, fair prices, and perfect satisfaction to our customers.
HOUGH & ANTHONY.

PHONOGRAPHY,
OR WRITING BY SOUND!

THIS system, (invented by Mr. ISAAC PITMAN, of Bath,) as adapted to the English language, forms a complete system of Phonetic Short-hand, by which a speaker may be followed verbatim, and the report read at any distance of time with facility and ease.
The need existing for a brief and philosophic mode of expressing spoken language, has long been felt by legislators, professional men, professional gentlemen, tradesmen and students. Phonography is now acknowledged by the literati of our land to supply the important desideratum, and to be the only perfect system of expressing language in existence. For all the varied purposes for which writing is required, Phonography will are Longhand the time and labor, insepparable from the use of the present lengthy mode; and, as a system of brief writing or short hand, for reporting sermons, speeches, lectures, debates, &c., it combines more than the brevity of Stenography, with more than the legibility of the ordinary long-hand; yet such is the simplicity of the system, and so strict the adherence of the principles on which it is based, that any person can become perfectly acquainted with it in a month, by an hour's daily application; and those who have mastered its principles in one-third of the time.
For further information in regard to the Phonetic art, address, through the post-office, Mr. T. SLEE, who will furnish free, through the post-office, Mr. T. SLEE, who will furnish free, through the post-office, Mr. T. SLEE, who will furnish free
