MADAME DURAND and SIGNOR NOVELLI give their last entertainment at Lafayette Hall, this evening. Those who have attended their performances speak in the highest terms of praise of their concerts. The magnificent picture of the Captive Israelites is a considerable feature in the entertainment, and should be seen to be appreciated. Lafayette Hall is cool and pleasant, being well ventilated, and those who attend this evening, will find comfort and pleasure to their fullest extent.

THE fun loving portion of our citizens, have an excellent opportunity to gratify themselves to their hearts content, in beholding the wonders of the Enchanted Palace, with the Fakir's mysterious performances—and in listening to the melodies and music of Messrs. Lehr, Bowers and Brown, the popular Ethiopean Delineators. They perform this afternoon at 2 o'clock, and at night.

CONVENTION.—The aggravated assault and battery case mentioned in a daily paper yesterday morning, in which Charles Klein and Martin Strobel were defendants, and Robert Stewart plaintiff, was settled yesterday, before Ald. Major, by the defendants paying the costs, and satisfying the plaintiff for the slight damages he had received. The case was not so violent as represented.

IN SEMINARY NEW SABBATH.—Four vendors of apples, oranges, etc., named Joseph Bennett, Samuel Smith, J. G. Berry, and Frederick Porter, were each fined four dollars and costs, by Alderman Wigham, on Thursday, for exposing their wares for sale on Sabbath last.

TAMPAN.—Mr. Murdoch has never, we believe, played a more lucrative or pleasing engagement for all parties than the one he is now performing. To-night he repeats his favorite character of "De Soto," which has been received with unbounded applause, by two crowded audiences.

ASSAULT AND BATTERY.—Alderman Gisel yesterday held to bail a young man named George Glasrow, charged by Albert H. Fahnestock with assault and battery.

PHILADELPHIA, May 27.

The Maryland Episcopal Convention was in session here to-day. There was an exciting debate on a motion to expunge from the journal of the last session a letter congratulating the Rev. Dr. Johns, for preaching in a Methodist church. The points of difference between the high and low church parties were fully discussed.

In the Presbyterian general assembly of the old school, the Rev. Joseph H. Jones, D. D., Hon. R. Johns, Francis N. Buck, and Singleton A. Mercer, Esqrs., were unanimously elected trustees of the general assembly, to fill vacancies in the board. The order of the day, was the selection of a location for the projected western seminary, and it was taken up accordingly, and a long discussion followed. The claims of St. Louis, New Albany, Danville, and various other places were strongly urged, but without coming to a vote. The assembly finally adjourned until this afternoon.

BUFFALO, May 27.

At the New School Presbyterian General Assembly, yesterday, a substitute for the report of the committee on education was adopted, by which the central and Philadelphia societies were recommended to appoint a committee for the purpose of digesting a plan for prosecuting the work of education. A committee report was also hashed, containing a resolution to the Presbytery, praying for refusing to send delegates to the Assembly on account of the latter being in session with slaveholders. A committee was appointed for the purpose of drafting resolutions, asking for the interference of government to prevent any oppression for conscience sake. A committee on church extension was also nominated, after which the Assembly adjourned.

FORT INDEPENDENCE, May 23.

Alpers Hoare and Black have arrived with a company. They left Santa Fe on the 3d instant, and bring but little news. They have been paroled by the Mexicans, on horses and immense herds of cattle. The Pawnees had driven off some cattle on the road, and killed the teamster.

The Lady Luke sailed and arrived last week, having been only twenty-five days in going to Fort Laramie and back, which is undoubtedly the shortest passage on record. The snow in the mountains was twenty feet deep. There is no sickness among the passengers on the route.

BOSTON, May 27.

Dates have been received from Buenos Ayres up to April 22. The affairs remain unchanged. The city is still besieged, and it is said that Gen Urquiza is himself opposed to the treaty of peace, and it is feared that he might join the besiegers.

WASHINGTON, May 27.

The jury in the Gardiner case informed the Court to-day, that they never would be able to agree, and asked for a discharge. The counsel for the United States consented to a discharge, but the counsel for the defence, having refused to consent it, the application was refused.

COMMERCIAL SUMMARY.

LOUISVILLE, May 23.

Market pretty quiet to-day in all departments, and we hear of no material changes or sales. The weather is clear and warm, and the river slowly falling.

BACON AND RYE—The market is well stocked, and rather quiet at 12¾@13 for the former and 6¾ for the latter.

FREIGHTS—Cabins doing, with a quiet market.

TOBACCO—Sales of 110 hhds Saturday, at prices ranging from $4,25@6,05. The break inferior.

ST. LOUIS, May 16.

We have but a moderate business to notice in the produce market for the last three days. Transactions have been heavier in tobacco, hemp and wheat than in any other article, and at full prices.

There is but little movement in provisions. None except to fill orders. Mess pork is quoted at $14,50@15 ⅌ bbl, but a sale at the former price would probably command that figure. Bacon is but little inquired for, and but small demand for lard.

LARD—Last sale upper mince at $8,12½ ⅌ 100 lbs. Small lots range from $8,00@8,25 ⅌ 100 lbs. Most arrivals goes immediately forward.

BACON—Sales of prime are well maintained and full up to our last week's quotations, but the market has not been as active, and several lots have gone to store, buyers not being inclined to come up to the limits. The quality of the article has not generally been as good as that for which $10@10½ was paid last week. The article is somewhat depressed in the Eastern markets, which, of course, has a corresponding effect here, and buyers yesterday were inclined to draw off. We hear of but one lot being sold at 7½ bales fair at 5¾ ⅌ lbs. Tuesday's sales embraced about 500 bales—25 bales at 6¾,42 and 62 at 6¾; 19 and 24 at 6¾; 24 at 6¾; 29 at 6¾; 20 and 25 at $10½ and 53 at $10,50 ⅌ cwt. Yesterday but little on the market, and but two lots sold—52 bales at 6¾, and 45 do at 6¾ ⅌ lbs.

PROVISIONS—Monday, no transactions of importance—25 tierces pork at $15; round lots would not probably command over $14,50 ⅌ bbl. In sides there seems to be a little more quoting, a fraction above: in hogs, 10¼@10½c. Nothing in bulk meats. Tuesday—a sale of cured pork to fill a count order, at $15 ⅌ bbl, was reported to us, but it does not appear that it was made. We quote $14,50@15 as the market value. We quote lard, in kegs and tierces, at $9,50; in hogs, $10,50, for No. 1. A few casks Bacon: clear sides at 6¾c; shoulders 5¾c; hams 8¾@9c ⅌ lb. Tuesday, 21 bbls and tierces prime lard at 9½c; 50 kegs fair do at 9½c; 10 casks bacon shoulders 5¾c; 11 do; 50 do at 6¾ ⅌ lb.

PROPOSALS FOR TANK IRON.

NAVY DEPARTMENT,
Bureau of Constructing, Equipment and Repairs,
May 13, 1853.

SEALED PROPOSALS (endorsed "Proposals for Tank Iron") will be received at this Bureau to 3 o'clock, P. M., of the 27th day of JUNE next, for furnishing and delivering at the Navy-yard at Washington, D. C., free of expense and risk to the United States, the following quantities of the best American Iron, required to make *six sets of water tanks for sloops-of-war*, viz:

107,000 pounds of plate iron, one quarter of an inch thick;
18,000 pounds of boiler rivets, one inch and five-eighths long from inside of head, and five-eighths diameter;
2,000 pounds of boiler rivets, two and one quarter inches long from inside of head, and five-eighths diameter;
1,500 pounds of five-eighths round iron.

All the said iron to be delivered on or before the last of September next.

The plate iron must be made from the best charcoal blooms, so that it will stand a two-inch flange all around the edge, and kept free from blisters. It must be cut correctly to size, and be kept straight and level from the shears, and must bear to turn the flanges lengthwise without cracking. Such as break or crack must be replaced by and at the cost of the contractor.

All to be satisfactory to, and to approved by, the commandant of the navy-yard.

Bids for the iron will be furnished from the said navy-yard to the contractor.

The persons whose offer may be accepted will be required to enter into contract, which, besides other conditions, will expressly provide that, in case he shall in any respect fail to perform the contract, the same may be, at the option of the United States, declared null and void, without affecting the right of the said United States to recover for defaults which may have occurred; with the stipulation that if default shall be made by the contractor in delivering all or any of the articles contracted for of the quality and at the time and place specified in the contract, then, and in that case, the contractor and his sureties will forfeit and pay to the United States, as liquidated damages, a sum of money equal to twice the contract price, which liquidated damages may be recovered from time to time, as they accrue.

The cost of such iron must be distinctly carried out, and the aggregate amount of the whole correctly footed up.

Approved sureties in twice the estimated amount of the contract will be required in the manner set forth in that instrument, and ten per centum in addition will be withheld from the amount of each payment as collateral security for its faithful performance. Ninety percentum of each bill, approved in triplicate by the commandant of the said navy-yard, will be paid by the navy agent at the point of delivery, within thirty days after its presentation to him.

Every offer must be accompanied by a written guarantee (the responsibility of the guarantor or guarantors to be certified to by a navy agent or other official person, or by some one known to the bureau) that, if the offer be accepted, the bidder or bidders will, within ten days after the receipt of the contract at the post office designated, execute the same, with good and sufficient sureties, to furnish the articles proposed, as regards quality and price, in the manner specified in this advertisement, or which may be imbodied in the contract. The law of 10th August, 1846, forbids the consideration of all proposals not accompanied by such guarantee.

Bidders are particularly cautioned *to endorse their offers as above required*, that they may be distinguished from other business matters, in order to prevent their being opened before the day appointed.

All offers not made in strict conformity with this advertisement in every particular, will be considered or rejected, at the option of the Bureau. The person only whose offer may be accepted will be notified, and contract forwarded thereon.

Persons offering are directed to designate the post office through which they desire to be addressed, and the navy agent to whom the contract shall be sent for execution.

All editors authorized to publish this advertisement will be specially notified by this bureau. None others will be paid for its insertion.
