# THE CITY POST.

WEDNESDAY MORNING.....JUNE 8.

## COURT NEWS.

IN THE COURT OF QUARTER SESSIONS, before Hon. William Rankin, President Judge; and William Boggs and Gabriel Adams, Associate.

Commonwealth vs. A. Hunter; Information, surety of the peace—on oath of R. Jones. The prosecutor, Jones, consigned to the care of Mr. Hunter, a lot of four—about which a dispute arose; the defendant asserting that he had received three barrels for less than the amount which the prosecutor said he had consigned. Angry words passed; and the defendant picked up a bucket, with which he threatened to strike Jones. Hunter was sentenced to pay the costs.

Commonwealth vs. John W. Linton; Indictment, assault and battery. The information was laid by a Mr. Shaffer. The parties reside in the country. Shaffer went to the house of Mr. Linton's father, to collect a sum of money. A altercation ensued between the prosecutor and the father of defendant. The defendant interfered, and put Shaffer out of the house, shaking him several times. The jury returned a verdict of guilty, and the defendant was sentenced to pay the costs, and a fine of five dollars.

Commonwealth vs. Henry Kennedy; Indictment, horse stealing. The defendant was charged with stealing a horse from the premises of Thomas Karns, in West Deer township, in this county, on the night of the 10th of April. The fact of the theft was clearly established; and also that the defendant had sold the animal to a gentleman residing in Butler county. A verdict of guilty was returned, and the prisoner was remanded for sentence.

Commonwealth vs. Thomas Hopkins; Information, surety of peace, on oath of William McGinn. The difficulty between the two was produced by jealousy, on the part of Hopkins. The parties were required to enter into bonds to keep the peace.

IN THE DISTRICT COURT, before Hon. P. C. Shannon, President Judge.

In the case of J. N. Frazer vs. Wm. A. Hill the jury returned a verdict for the plaintiff of $1,258.76.

William Marsh vs. Tallis & Co.; No. 371, April Term, 1852. Kuhn and Mellon appeared for plaintiff, and Barton and Cochran for defendants. This was an action brought to recover the value of services rendered defendants by plaintiff, as agent, or canvasser, for their publications. The defendants contended that plaintiff had not been employed by them, but by a pretended agent, for whose acts they were not accountable. A verdict was rendered of $69.99 for the plaintiff.

H. J. Lemon vs. Tallis & Co.; No. 372, April Term, 1852. This was an action similar to the above, and in which the same counsel were concerned. On trial.

The case which was on trial before Judge Williams was dismissed, and the trial list laid over, owing to illness in his honor's family.

THE STATE FAIR.—The days selected by the State Agricultural Society for their annual exhibition are Tuesday, Wednesday, Thursday, and Friday, the 27th, 28th, 29th, and 30th days of September. By the regulations, exhibitors must become members of the Society, and have their articles entered on the Society's books on or before the 27th, and all brought within the enclosure as early as noon on Tuesday, the 27th, in order that they may be arranged for examination by the judges on Wednesday morning. Horses alone will be received early on Wednesday. The secretary requests persons to forward to him, previous to the 20th of September, their entries of what they intend to exhibit. Members of the society, the viewing committees, and judges alone will be admitted on Tuesday; members of the society on Wednesday, and on Thursday and Friday the grounds will be opened to the public.

The Agricultural Society makes the field of competition coextensive with the United States, and invites the citizens or other States to compete for the prizes. Hay and straw will be furnished gratis for all animals, and grain will be provided at the lowest cost price for those who desire to purchase. The premiums awarded will be paid by the treasurer at his office on the grounds till the close of the last day of the Fair, and on Saturday at the same place. The diplomas awarded will be provided in such manner as may be directed.

The plowing match will take place on Friday, the 30th, at 9 o'clock A. M., in a field adjacent to the place of exhibition.

The annual address will be delivered at 1 o'clock P. M., on Friday, the 30th; and immediately after the address the reports of the viewing committees, or judges, will be read, and the premiums awarded and distributed. The reports of the judges will be published by the Society in pamphlet form, and distributed, as soon after the Fair as practicable.

In regard to the reception of stock and articles intended for exhibition, at this city, Mr. Oliver P. Shiras will give attention to all articles for exhibition, directed to his care, and have them conveyed from the cities of Pittsburgh and Allegheny, to and from the Fair ground, free of expense to the exhibitor.

The judges will be selected with great care, and their names announced, at least one month preceding the exhibition. The list of premiums has been made out with great care, are on a liberal scale, and are certainly worth competing for, not only in an honorary, but in a pecuniary sense—for the list is very lengthy, and yet discriminating enough to set the judges to award premiums for new and meritorious agricultural implements and inventions. The premiums range from fifty dollars down to two dollars. The premium offered for the best milk cow is $20, and second best $10. The cows to be kept on grass only during the trial. The time of trial from 10th to 20th of June, and from 10th to 20th of August. A statement must be furnished containing feed, the age and breed of cow, and time of calving; second, the quantity of milk in weight, and also of butter made from each cow, during each period of ten days; third, a statement to be made to the Judges, of the facts, verified by the affidavit of competitor and one of another person conversant therewith.

Liberal premiums are offered for the different kinds of butter. A friend well qualified, has furnished us the following receipt for making Irish butter. The receipts these are used in the best Scotch and Irish dairies, and as this is the proper season for preparing butter for winter use, we give it for the benefit of our country readers. Take best salt, two parts by weight, white sugar one part, and saltpetre one part. Pulverize them completely and mix thoroughly; add this mixture to the butter you wish for keeping, in the proportion of one ounce to sixteen ounces of butter, work it well into the mass, and close up till fit for use, which will not be for at least one month. Neither this nor any other receipt will perfectly preserve butter, unless the buttermilk be thoroughly expelled by working the butter. In this it differs from butter intended for immediate use, in the flavor of the butter is improved by the small quantity of buttermilk that is allowed to remain in it. From ignorance or disregard of this fact, arise the many failures to preserve butter. The firkins should be made of Ash or Hickory wood.

FIRST PRESBYTERIAN CHURCH.—The foundations for the main building of this edifice have already been laid; the work on the foundations on one of the towers has been completed, and that on the other one nearly so. The Church is to be in the Gothic style of architecture, and is to be built of fine cut stone to the front, and of brick in the rear and sides. In the rear of the church there will be a session room, and a study for the use of the minister. The two rooms will be fifty feet wide, by sixteen feet deep. Two lofty towers, rising on each side of the front part of the church, will add to the beauty of the building. The church edifice will be about sixty-eight feet wide, by one hundred feet in length.

Mr. CHARLES BAUTZENEER, well known to our citizens as the Architect of the Catholic Cathedral, now in process of erection, is the designer and superintendent of the new building, and Messrs. Howard and Eleman, the contractors. It is designed that the church will be completed, and ready for use, on the 1st of October, 1854.

ICE CREAM SALOON.—These warm evenings, every body indulges in the luxury of ice cream, and it is also so well settled that this ice cream is enjoyed with a greater relish when the saloon is fitted up in a manner in which the comfort of the visitor is duly regarded. This being laid down as a principle from which no one dissents, and to which all agree, we will save our readers the trouble of hunting up such a saloon, by recommending to their patronage the one kept by A. & P. Scimmerer, in Diamond alley, near the Diamond. The saloon of the Messrs. Scimmerer is fitted up with great taste, but with a refinement and regard to the comfort of the visitors, that not only deserves credit, but also a great share of the patronage of the public.

MISS RICHINGS.—This lady commenced her engagement at the Theatre on Monday evening, with her father. In the character of Marliana, Miss Richings took the audience by surprise, by the display made of her wonderful vocal powers. Her voice possesses a peculiar sweetness, combined with great power and clearness. The songs she sang in the character of Marliana were rendered in such a style that their effect on the audience were, in a manner, electrical. We hope to hear more of Miss Riching's singing during her engagement, and if our citizens desire a real musical treat, they will not fail to visit the Theatre during the stay of Miss R. among us.

OUTRAGEOUS CONDUCT.—A tavern-keeper named Griffin, residing in South Fayette township, attempted to outrage the person of the daughter of one of his neighbors, a respectable farmer. The villian did not succeed in accomplishing his brutal design, and the father of the girl, as soon as he heard of the circumstance, became so exasperated that he pursued Griffin with a revolver; the latter perceiving the danger, made his escape, and has not since been heard of, although warrants have been issued for his arrest. It is thought, from the fact of his property having been sold by an agent, that Griffin has left the country.

HOUSE BREAKING.—A man named John Bradley was committed to jail yesterday by Mayor Riddle, charged, on oath of Mary S. Smith, with house-breaking and attempted outrage on the person of complainant. Bradley resides, and the occurrence took place, in the borough of Elizabeth, in this county. In the afternoon, Bradley was brought before Judge M'Clure, and on his giving bail in the sum of $1,500, released from custody.

ASSAULT OF ROBBERY.—Two men, named John P. Hummell and James Dixon, were arrested yesterday and taken before Mayor Riddle, by officer Hague. Hummell and Dixon are charged with being accessories to the robbery by MERNY of the trunks belonging to Mrs. Playford, which were stolen some days since.

ASSAULT AND BATTERY.—Yesterday Alderman Daft, of the Eighth Ward, committed to the county jail a man named John Kier, in default of bail. Kier was charged before the Alderman with assault and battery, by Frederick Sarver.

DISORDERLY HOUSE.—William Helman made an information yesterday, against A. Zeller, before Alderman Buckmaster, in which he charged Zeller with keeping a disorderly house. The second was elevated, but on giving security for his appearance, discharged.

CANAL TOLLS.—During the week which has just past, the amount of tolls received at the Collector's office in this city amounted to $5,720 62. The freight on which this toll was collected amounted to 1,652,029 pounds.

THEATRE.—A new drama, by the celebrated BOUCICAULT, entitled the Prima Donna, will be performed this evening, and also the popular piece of Washington, in which Mr. Richings will appear as the great hero.

THE SALE of a large number of valuable lots in Birmingham and East Birmingham, will take place on the premises this afternoon, at 2 o'clock, by P. M. Davis, Auctioneer.

PRISONER.—Frederick Zug was committed yesterday to the county jail, on a process from Court, for costs.

THE FAIRS OF BIVA is unwell, and has postponed his entertainment announced for this evening until further notice.

# TELEGRAPHIC.

By the O'Reilly Lines for the Morning Post.

## FOUR DAYS LATER FROM EUROPE.

ARRIVAL OF THE CANADA.

NEW YORK, June 7.

The Canada arrived at Halifax yesterday, at half-past 7 o'clock in the morning, with Liverpool dates to the 24th.

LIVERPOOL MARKETS—Cotton.—The sales for the week were 50,000 bales; Orleans fair, 6¾; middling 6, demand fair and holders firm. The prices are stiffer, with moderate sales to the trade, but the quotations are unaltered. The sales on speculation were 0000 bales, and for export 3000.

BREADSTUFFS.—Gardner & Co's. circular quotes the provision market as dull. New prime mess beef 62s 6d, new pork 75s 6d@80s 6d. The market for this article is unchanged, with a moderate business reported.

The news from China is highly important. At the urgent request of the Emperor of China.... The American, French, and English ships of war in the Eastern waters have not been taken to protect Nankin, Shanghai, and the mouths of the Canal against the rebels.

RUSSIA.—The Emperor of Russia's ultimatum is offered to the Porte, and he awaits until the 20th only for a final reply.

FRANCE.—The French fleet having been ordered to the Dardanelles, has caused a great excitement in the French funds. It is believed that Napoleon has threatened war if Russia persists in her eastern demands.

SWITZERLAND.—The diplomatic relations are totally broken off between Switzerland and Austria.

INDIA.—Affairs in Burmah are unfavorable to the British. The Pacific arrived out on the afternoon of Tuesday.

In Parliament, on Friday, Lords Clarendon and Russell stated that the French and English ministers to Constantinople are acting in concert, and that the integrity of the Porte would be maintained by the Pope. Russia will insist on nothing incompatible therewith, but in the present state of the question could give no further indication as to the course of the British government.

The Vienna papers say that recent developments show that the influence of Russian gold is not widely extended. Several persons of the higher classes have been compromised.

The St. Petersburg papers report a victory over the Circassians on the 3d of April, in which 1500 fell.

TURKEY.—The Porte refused to accept the Russian ultimatum. Mitchikoff embarked at Constantinople, on board a Russian ship of war, for Sinope.

The ambassadors of France had ordered a French fleet to the Dardanelles, it is supposed to prevent any attempt on the part of Russia to seize or pass the straits. On the 20th the French squadron was still at Salamis.

The British fleet was ordered to Sinope on the 18th awaiting a reinforcement from England. Dispatches to the British Admiralty from Admiral Dundas state that Mitchikoff remained on board the steamer and had given the Porte eight days longer to reconsider, threatening that if again resisted, he will finally withdraw.

## FROM CALIFORNIA

NEW ORLEANS, June 6.

The Daniel Webster has just arrived at New Orleans dates to the 16th of May, being a fortnight later; but the news is extracted from only one or two straggling papers which have been received.

The ship Hugonont arrived at San Francisco on the 15th of May.

The Daniel Webster, connected with the Sierra Nevada, is making a trip from San Francisco in twenty days and a half. She left at the port of San Juan for New York, Albany, and the trip from San Juan, of New York. She also reports that on the 31st the Prometheus sailed for New York, with 420 passengers.

The California news is meagre. The mining accounts are favorable at Sonora; the Herald records many lucky discoveries; large lumps were found, and also a vein of gold was discovered on Pempqua river, where the miners have taken lumps valued at from $200 to $500.

Dates from Sandwich Island to the 12th of April are received. The King, at the opening of Parliament, signalized a desire that Lebolibo his successor, which was sanctioned by the nobles.

There is no more news of interest. San Francisco papers of the 15th only were received, the dates from the 1st to the 15th, having failed, but they are now due by the Philadelphia.

## SOUTHERN CONVENTION.

MEMPHIS, June 6.

The Convention met this morning. Mr. Hammond was re-elected President. There were 20 Vice Presidents appointed, from ten Southern States. The Rev. C. D. Mallory, of Mississippi, was chosen Secretary. After organization the convention adjourned to 4 o'clock, P. M. One thousand delegates were present from 15 States, during the afternoon session, but there was little done besides the appointment of committees, including a committee on resolutions.
