THE SUBSCRIBERS TO HOUSEKEEPERS!

Something Better and more Economical than Lard, Butter, or any other Preparation in existence for Baking.

THE BREECH'S CELEBRATED YEAST, OR BAKING POWDER—For raising Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot Pies, Corn Bread; Sweet Cakes, Apple Dumplings, Pastry, &c. This article is of a nature that every FAMILY, HOTEL, BOARDING HOUSE,

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantages over the old system, are—

1. It saves the waste of flour, milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast, or generally being without it.

2. No time is required for the dough to *rise* before baking—consequently, bread may be made in a few minutes.

3. A cook can always depend upon having light, sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by this combination, does not afford the same amount of nourishment to the system, that it does when made with the old compound; because the vegetable acid contained in fermented flour, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.

☞ Be careful to ask for BURKEE'S BAKING POWDER, and take no other. Prepared only by the Inventor, Principal office, 139 Water street, New York. Sold by the trade and grocers and druggists generally.

Dover, April 7, 1853. apr11:3m

I HAVE introduced an elegant article of CLOTH and HAIR BRUSHES, superior to anything of the kind ever before manufactured in this city. They will compare with any Eastern Brushes ever brought to this market, not only in material, but also in finish. The best of workmen are employed to ornament them, and thus make them in every respect equal to any manufactured in any of the Eastern cities.

Also, a large assortment of Paint, Varnish, Sash, Shoe, Horse, Dusting, Scrubbing, Sweeping and Window Brushes.

Also, a large assortment of Nailed and Tied Whitewash Brushes.

Also, a fine variety of Tooth Nail and Brushes, that Va. nable Gentleman, Mr. Lyon, sells.

All of which I will sell as low as they can be purchased in any Eastern market. All who doubt the above statement are respectfully invited to call and judge for themselves.

I have concluded to confine my attention entirely to the manufacture of Brushes, I feel that I can offer as great inducements as any manufacturer in the Union.
