I HAVE introduced an elegant article of CLOTH and HAIR BRUSHES, superior to anything of the kind ever before manufactured in this city. They will compare with any Eastern Brushes ever brought to this market, not only in material, but also in finish. The best of workmen are employed to ornament them, and thus make them in every respect equal to any manufactured in any of the Eastern cities.

Also, a large assortment of Paint, Varnish, Sash, Shoe, Horse, Dusting, Scrubbing, Sweeping and Window Brushes.

Also, a large assortment of Nailed and Tied Whitewash Brushes.

Also, a fine variety of Tooth Nail and Brushes, flat Polish Blenders, &c. &c.

All of which I will sell as low as they can be purchased in any Eastern market. All who doubt the above statement are most respectfully invited to call and judge for themselves.

N. B.—As I have concluded to confine my attention entirely to the manufacture of Brushes, I feel that I can offer superior inducements as my manufacturer in the Union.

IMPORTANT TO HOUSEKEEPERS!

Something Novel and Very Economical than Soda, Cream Tartar, or any other Preparation in existence for Baking.

DURKEE'S CHEMICAL SALERATUS, OR BAKING POWDER, for raising Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Dredd, Sweet Cakes, Apple Dumplings, Pastry, &c. The great popularity of this article has been so fully welcomed in our market in demand. Being salted, it will not, like other saleratus, spoil by age. It is the most important advantage over the old system, as its use requires no sour milk, eggs, shortening, spoiled bread, and the trouble and expense of preparing good yeast, or water only being necessary.

1. It saves the expense of sour milk, eggs, shortening, spoiled bread, and expense of preparing good yeast, water only being necessary.

2. No time is required for the dough to rise before baking—consequently bread may be made in a few minutes.

3. A cook can always depend upon having light, sweet, tender and palatable bread and biscuit, rather the four be of the best quality or not.

4. Bread made by this process is much more nutritious, easier of digestion, better filled for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The bread made by fermentation, does not and cannot afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, neutralizes the proper action of the gastric juice, and is, consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and the attendant ills.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.

☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal Depot, 126 Water street, New York. Sold by the trade, grocers and druggists generally.

Property for Sale.

THE subscriber offers for sale, on very reasonable terms, the following valuable property:

A Three Story Brick Dwelling House, No. 110 Penn street, between Hay street and Evans' alley; and Lot 20 feet front, extending back 112 feet to an alley. The House is one of the best buildings, and in one of the most pleasant neighborhoods in the city.

Five Lots—embracing corners of Front and Ferry streets; one hundred and five feet front on Ferry and thirty feet on Front street, with a good three story Brick Building on the corner, a two story Frame on Front st., and two Brick Buildings, used as shops, on Ferry st.

A Lot, 21 feet front by 80 feet deep, on Front, between Market and Ferry streets.

A Lot, with very convenient Frame Dwelling; Lot 20 feet by 80, fronting on Dongan and Elm sts.

A House and Lot, on Wylie street, near the new Court House. The house is well arranged and in good order, and has been occupied as a hotel.

A Three Story Brick, on Smithfield street, near Seventh, used as an excellent business house. The Lot is 20 by 80 feet deep, fronting on Smithfield st.

A Cottage Frame and Lot, 22 by 120 feet, fronting on Anne and Dorcas streets, Allegheny City. This is a very desirable and pleasant location for a residence.

Nine Lots in the town of Wilkinsburg, each 60 feet by 150, forming one of those sets on the Main street.

Eleven Acres in Limestown, on the Monongahela River, on which there are a house; there are some 5 or 7 acres of excellent stone coal, and abundance of limestone, convenient to the landing; and two coal pits open.

Ninety Lots in the town of Columbia, 50 feet by 150 each, nearly all level, and well located. The tenant of each lot has the privilege of using river stone out of his lot, free of charge for his own use. Columbia is a pleasant situation on the bank of the Monongahela river, and is about 2 miles below Lock No. 3, in the midst of an extensive stone coal region, and would be a desirable point for manufacturing establishment.

Two Hundred acres of superior Stone Coal, with House, Barn, &c., on the Railroad, 2 miles from Brownsville. This property has a front of 145 rods on the Monongahela river; an excellent landing; good grade and formation for railroad; with enough level ground at one point for houses and gardens, or locations for manufactories. The vein is deep enough to allow hoisters to be used in hauling out the coal—the quality of which, for iron work, steam, gas or for any ordinary uses, is not surpassed by any in the country.

If in my absence, my agent, James Blakely, Esq., will give all necessary information, and be authorized to give warranty deeds for any property sold.
