IMPORTANT TO HOUSEKEEPERS!

Something Better and more Economical than Starch, Arrowroot, Corn Starch, or any preparation in existence for Baby's Food.

DUREE'S CHEMICAL YEAST, OR BAKING POWDER.—Of the value of this article, Biscuit, Cake, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, Pastry, &c. This article is one that every housekeeper should know the value of.

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find, upon a careful trial, to be the *very thing needed every single day of their existence.*

Its most important advantages over the old system, are—

1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast, which is only being constantly spoiled.

2. No time is required for the dough to *rise* before baking—consequently, bread may be made in a few minutes.

3. It is entirely free from injury upon having been in a sweet, tender and palatable bread and biscuit, whether the flour be of the best quality or not.

4. Bread made with this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

5. The cost of this preparation, does not afford the same amount of nourishment to the system, that it does when made with this compound, because the nutritious matter contained in the bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce indigestion and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is *warranted to suit.*

Property for Sale.

THE subscriber offers for sale, on very reasonable terms, the following property, viz:

A Three Story Brick Dwelling House, No. 110 Penn street, between Hay street and Penn street alley, and lot 25 feet front, extending back 112 feet to an alley. The House is one of the best buildings, and in one of the most pleasant neighborhoods in the city.

Five Lots—embracing corners of Front and Ferry streets; one hundred and five feet front on Ferry and sixty feet on Front street, with a good three story Brick Building on the corner, a two story Frame on Front st., and two Brick Buildings, used as shops, on Ferry st.

A Lot, 31 feet front by 80 feet deep, on Front, between Market and Ferry streets.

A Lot, with very convenient Frame Dwelling; Lot 20 feet by 90, fronting on Congress and Elm sts.

A House and Lot, on Wylie Street, near the new Court House; the house is well arranged and in good order, and is now occupied as a hotel.

A Three Story Brick, on Smithfield street, near Seventh—being in excellent business location. The Lot is 20 by 80 feet deep, fronting on Smithfield st.

A Cottage Frame and Lot; Lot 20 by 120 feet, fronting on Anna and Robinson streets, Allegheny City. This is a very desirable and pleasant location for a residence.

Nine Lots in the town of M'Keesport, each 60 feet by 150. Several of these are on the Main street.

Eleven Acres in Limestown, on the Monongahela River, on which there are 4 houses; there has come 8 or 7 acres of excellent stone coal, and abundance of limestone, convenient to the landing; and two coal bankings.

Nineteen Lots in the town of Columbia, 60 feet by 150 each, nearly all level, and well located. The tenant of each Lot will have the privilege of using whatever stone coal he may require for his own use, from out the Locks. Columbia is a pleasant situation, on the bank of the Monongahela river, a short distance below Lock No. 3, in the midst of an extensive stone coal region, and would be a desirable point for manufacturing establishments.

Two Hundred acres of superior Stone Coal, with House, Railroad, &c. This property has a front of 140 rods on the Monongahela river, an excellent landing; good frame and foundation for railroad—with enough level ground at one point for houses and gardens, or locations for manufactories. The vein is deep enough to allow horses to be used in handling out the coal—the quality of the coal, for iron work, steamships, or for any ordinary uses, is not surpassed by any in the country.

In regard to the above, James Blakely, Esq., will give all necessary information, and be authorized to give warranties of title to purchasers.
