ESOTERIC ANTHROPOLOGY.—A Compprehensive and Confidential Treatise, on the Structure, Functions, Peculiar Attractions and Perversions, True and False, Physical and Social Conditions, and the most Intimate Relations of Men and Women. By T. L. Nichols, M. D.
Mary S. Gove Nichols.

"I recommend this book as containing more of the philosophy of life and health, more of our true relations to God and each other, and more practical rules for the enjoyment of health and recovery from disease, than any other work that I ever read."
[Dr. Stephens, of Forest City.]

"I took upon it, after a careful perusal, as the most wonderful book ever written. It marks a new era in literature and social life."
[Dr. Dodge, of Oswego.]

"This book contains more that is weighty in fact and sound in philosophy; more that is useful in medical science and effective in medical art; more that is purifiative and elevative of man, than any one work, in volumes few or many, that has ever graced the *Literary Menagerie* of civilization."
[Alonzo Lewis, of Lynn.]

"My judgment is, that this is not only the best book on this subject on which it treats, but the only true and satisfactory one ever written."
[Dr. Farrar, Portland.]

"Your Esoteric Anthropology is truly an inspired work, vital in every part. All who doubt this above state ment are most respectfully invited to call and judge for themselves.

IMPORTANT TO HOUSEKEEPERS!

Something Better and more Economical than Soda, Cream Tartar, or any other Preparation in existence for Baking.

DERSHIM'S CHEMICAL YEAST, OR BAKING POWDER—For raising Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Cakes, Apple Dumplings, &c. &c. Warranted to give satisfaction.

FAMILY, HOTEL, BOARDING HOUSE,

Eating Saloon, Ship, Steamboat, Vessel, Canal Boat, &c., will find this article to be the very *thing needed every single day of their existence.*

Its most important advantages over the old system, are—1. It saves the expense of milk, eggs, shortening, yeast, bread, and the trouble and expense of procuring good yeast, water only being required.

2. No time is required for the dough to *rise* before baking—consequently, bread may be made in a few minutes.

3. Bread made by this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than when made with yeast.

4. The bread made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant evils.

This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.

☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, as you will not be deceived. Principal office, 129 Water street, New York. Sold by the trade, grocers and druggists generally.
