# THE CITY POST,

SATURDAY MORNING.....JULY 9.

THE PROHIBITORY LIQUOR LAW.—The movement which has been set on foot, in this county, to secure the passage, in Pennsylvania, of a law similar to that in force in Maine and other States, promises to subserve the end aimed at, effectually, so far as this county is concerned. Whatever opinions may exist as to the advisability of the passage of the law, there seems to be but little doubt that it will pass the Legislature next session, in some shape or other. The temperance men are strong enough, in nearly every county in the State, to sway the election this fall, in favor of the party favoring their views. If they possess the power, they will assuredly exercise it, and the consequence will be a Maine Law Legislature, next winter. Their organization is so extensive and perfect as that of either of the two great parties. Their plan is simple, but effective: A State Central Committee is appointed, with sub-county, township and ward committees. Ten thousand dollars has been placed at the disposal of the State Central Committee—and with this sum they are printing documents, employing the best of speakers, and perfecting their county organizations. So far their own language, when they come across a "rum county," they launch their whole force of speakers upon it, and scatter their documents in every direction. All the prominent temperance lecturers in the country have been engaged, by the State Central Committee; and the State will be thoroughly canvassed by them, before the October election comes on.

Mr. Burleigh and Rev. Mr. Jackson, State agents are canvassing this part of the State, at the present time. On Thursday evening, at the meeting held in Rev. Mr. Bryan's Church, over five hundred dollars was contributed in a few minutes. Mr. Burleigh will speak at the following places during the balance of this month:

Birmingham, Saturday, July 9.
Pittsburgh, Monday, July 11.
Allegheny City, Tuesday, July 12.
Elizabeth, Wednesday, July 13.
St Rezepot, Thursday, July 14.
Manchester, Tuesday, July 16.
Sharpsburg, Saturday, July 19.

On Monday, the 18th, Mr. Burleigh will lecture in Washington, after which he will visit each of the following places, in the order they are inserted;—Waynesburg, 19th; Uniontown, 20th; Brownsville, 21st; Pittsburgh, 22d; Beaver, 23d; New Brighton, 24th; New Castle, 25th; Butler, 26th; Mercer, 27th; Franklin, 28th; Meadville, 29th; and Erie, on the 30th.

LICENSES GRANTED.—We gave yesterday a list of the licenses granted in Allegheny and Pittsburgh. Below we give those who received licenses to sell liquor in the boroughs and townships. The number receiving licenses through the county is seventy-nine, much fewer than the number granted in any other year:

*Boroughs*—McKeesport, John Hutchinson.
*Birmingham*—Conrad Shawhan.
*Manchester*—Henry Fieldman.
*Lawrenceville*—William Johnston.
*Carrollton*—Tilghman Nelli.
*Townships—Charters*: Wm. Gray, Shiah Gardner.
*Lower St. Clair*—John Schenck, Dominick McIlvire.
*Upper St. Clair*—Jas. Drake, Robt. S. Williams.
*Wilkins*—John Robinson.
*Peebles*—Henry Lentzwhr.
*Collier*—Wm. McCall, Henry Barker.
*Penn*—Hannah McCall, John Harkin, Wm. J. Linn.
*Plum*—Which is a thing I have no doubt about.
*Versailles*—Abraham Mours.
*Reserve*—Jacob Eckert, Mary Hartman.
*Frankstown*—Peter Klingensmith.
*Indiana*—Roger Bell.
*Ohio*—John H. Little.
*Baldwin*—William Noble.
*Reserve*—Mary Hartman.

METHODIST SEMINARY.—The Pittsburgh Conference of the Methodist Episcopal Church, at its late session, agreed to take under its patronage, the Cemetery which is to be located in Beaver. The pastor appointed for Beaver, Rev. J. Gibson, is to be the Principal of the Institution. The Conference also appointed a special agent, Rev. J. R. Miller, of Beaver, to collect any amount of money required.

A meeting was held last Tuesday evening, in Beaver, at which a committee, consisting of Judges Agnew and Adams, Col. John Allison, Dr. O. Cunningham, John R. Shannon, Esq., John Barclay, Hiram Stowe, William Henry and Hugh Anderson, was appointed, for the purpose of selecting a site and ascertaining the probable cost of the buildings. Plans and specifications will also be submitted to this committee.

ACCIDENT AND DEATH.—We learn from the Hollidaysburg *Standard*, that on Tuesday of last week, a man named Wm. Graham, aged about 40 years, was caught by the cowcatcher of a locomotive, while crossing the low, narrow bridge, near Tyrone. His left foot was nearly torn off at the ankle, and he was somewhat injured about the head. He was taken to Altoona, and amputation was performed by Drs. Rodridge and McKee, but he died in about two hours after the operation, more from prostration by drinking, than from the accident. The bridges at Tyrone are very narrow, and it is impossible to turn out of the way of a locomotive on either of them. Graham was very much intoxicated at the time of the accident.

TUSCARO.—We are gratified to learn that the "Morris Historical Association," have procured our theatre for this (Saturday) evening, for the purpose of giving a performance, designed as a compliment to Mrs. Dowling, who is the beneficiary of the occasion. We hope to see a full house, and trust, that it will really be a benefit, for this very deserving lady.

The play of the Stranger will be presented—Mrs. Dowling sustaining the part of Mrs. Haller, and W. G. Gallagher that of the Stranger. The bill is a very attractive one.

PROCEEDINGS AGAINST THE MERCANTILE APPRAISERS, Wm. K. Yankirk, have been commenced by Jonathan Rush, Treasurer of Allegheny, and Andrew McMaster, Treasurer of Pittsburgh, by their atty, Thos. Mellon, Esq. The proceedings are instituted because the appraisers refuse to furnish the treasurers a list of the appraisements in the two cities, and by so doing, he imperies the collection of State taxes. This, we believe, is a renewal of the old dispute in regard to the collection of licenses, and the fees pertaining thereto.

BENCH WARRANT.—The renowned Kinney, the balloon man, was arrested yesterday, on a bench warrant, and in him before Judge Shannon, on complaint of Willis Booth, who stated that Kinney, although he had funds, would not pay his debts. Booth is the lumber merchant, who supplied Kinney with lumber necessary to build an enclosure. Owing to some technicality, Kinney was discharged by Judge Shannon. Copts appeared for defendant, and Reed and Friend for Plaintiff.

ANOTHER BOW AMONG THE COUNTY OFFICES.—Another storm is brewing at the Court House. The County Treasurer refuses to receive taxes from the different Collectors, and refers them to J. H. Sewell, Esq., the County Solicitor. This gentleman also refuses, unless allowed to deduct five per cent as compensation. Some of the collectors, who had in their hands but small sums of money, paid their taxes over to Mr. Sewell. Those who have larger sums, refused, and so the matter stands.

FALSE PRETENCES.—Samuel McClurkan made an information, yesterday, before Alderman McMaster, in which he charged Samuel Throp with obtaining goods under false pretences. Throp, it appears, obtained $49 worth of goods from McClurkan, under pretence that they were for his brother. He afterwards paid $20, leaving a balance of $29, unpaid, which cannot be obtained. The pretence used in obtaining the articles was false.

FORCIBLE ENTRY AND DETAINER.—Stephen Jackson made an information yesterday, before Ald. Parkinson, in which he charged Andrew and Samuel Jackson, some of the prosecutor, with forcible entry and detainer, in taking possession of the ten pin alley of the senior Jackson, in Duquesne Borough, yesterday. The offenders were arrested and held to bail for their appearance at Court.

DISTURBER.—On Wednesday evening, a crowd was collected on Elm street, at the corner of Union alley, to witness a brute of a husband maltreat his wife. Had it not been for a single pair of heels, the husband would, in all probability, have received a lecture from Judge Lynch, as to the proper manner of beating a woman.

We would remind our readers of the sale of Real Estate, to take place at M'Kenna's Auction House, this evening, at 9¼ o'clock, part of which is in the vicinity of Pittsburgh and Allegheny cities, and the balance country homes, in E. H. Hastings' plan, including the Great Bear Cave, in Derry township, Westmoreland county.

RIOT.—Madelina Schwindt made an information yesterday, before Alderman Major, in which she charged William Cox, Jr., and William Cox, Sr., Absalom Cox, O. P. Jolly, and others, with riot, perpetrated on the 5th of July, in the Eighth Ward. Most of the sisters were arrested and held to bail, and warrants are out for the remainder.

PASSPORT STREET, or at least, that part of it where the nymphs meet to congregate, has been broken up, by Alderman Major. The entire population has been placed under Jailor CRAWFORD's care. If this reform could be made permanent, it would be a good thing for public morals.

TIPPLING HOUSE.—William Allen was arrested yesterday, and held to bail by Alderman Major, charged with keeping a tippling house on the corner of Sixth and Smithfield streets, on oath of Ann Consley.

POLICE BUSINESS.—The police business is changing from Fourth street to Wylie street. Yesterday and the day before, Alderman Major issued warrants for the arrest of thirty persons, charged with offences before him.

MAYOR PARK, of Allegheny city, since the 10th of January, when he was inducted into office, has had before him, 482 cases—many of them hard cases.

CALL at H. P. Callow's and get the conclusion of Six Years Later or the Taking of the Bastile, by Alexander Dumas. He has also received, a lot of Alexander Smith's Poems.

COMMENCEMENT OF WORK.—Work has been commenced on the New Market House; or rather Town Hall, as we suppose it will be called.

RENOVATING.—The Duquesne Engine is undergoing a thorough renovation at Townsend & Carr's carriage shop.

BEATING HIS WIFE.—Alexander Irwin, for beating his spouse, was sent to jail, by Mayor Riddle, yesterday.

MACKEREL.—100 bbls large 3's, (Massachusetts inspection,) just received and for sale by
J. HUNTER,
jy8 No. 229 Liberty street.

ANOTHER RAILROAD ACCIDENT.

PHILADELPHIA, July 8.

Another accident occurred this morning, at Chadsford, on the Baltimore Railroad. The freight train, which had just left Wilmington, ran into the draw at Brandywine Creek Bridge; the keeper of which says he gave the proper signal, but no attention was paid to it. The locomotive, tender and two platform cars went into the creek. The engineer, fireman and a man whose name is not known, were drowned. The bridge is on the outskirts of Wilmington.

PHILADELPHIA, Saturday, July 8.

The Republic announces that Mr. Worrell, of Delaware, has been appointed Consul at Matanzas, and J. L. Nelson, of Baltimore, Consul at Turk's Island.

The N. Orleans papers of Saturday are received; no news. The cholera had entirely disappeared from Williamsport, Maryland. No new cases had occurred since Saturday.

A special session of the Baltimore City Councils has been called, to arrange the reception of the President.

PHILADELPHIA, July 8.

The name of the man who was killed by accident on the Philadelphia railroad, yesterday, has been ascertained to be Biddle; one of those injured, has since died, and the other, John Jeffrey, will also die. The verdict of the jury exonerates the engineer from blame.

A meeting was held last night to make arrangements for the reception of the President, on Tuesday next. A Committee was appointed to report to-day.

PHILADELPHIA, July 8.

The Councils, at a meeting last night, made arrangements for the reception of the President, and placed Independence Hall at his disposal, to receive his friends.

Mr. SOLOMONS.—From infancy I have been afflicted with weak eyes and short sightedness, and in all my travels I have never been able to get a pair of GLASSES that would help me. I have had several pairs that would enable me to see more distinctly, but could never keep them on more than one half hour, from the fact that they caused such great pain.

I happened to see your advertisement, by which I saw you had just imported some, and as it has been my constant aim to get a pair that would benefit me, I thought I would try your's.

You must not think me flattering, when I say they more than answer my expectations. I have not been able to read by candle-light for more than half an hour at a time, for the last five years. Since I got these, I read one Sunday all day, and until 10 o'clock, without experiencing the least pain, which is a thing I have not done before for years.

I say this much, as I think it deserving your enterprise, and hoping others may be benefited by it.

You are at liberty to make use of my name at any time, for reference. I am, sir, truly, yours

HENRY MAY, Wholesale Merchant, Pittsburgh.

P. S.—I forgot to mention that my wife is greatly benefitted by the pair she got, and equally pleased. jy1

NEW DISCOVERY FOR THE EYES!

SPECTACLES, &c ground on the exact principle of Spherical Accuracy, by G. SOLOMONS, the celebrated Optician, from the Philadelphia and Boston Schools of Sight, London and Paris, and improved Glasses, is now on a professional visit to this place, and may be found at his Office, Fifth street, door on Fourth.

He has had the honor of attending the above named principal towns of the United Kingdom, where he has experienced the most flattering encouragement, and having been earnestly solicited to make a visit for a short time, he has the honor of announcing his arrival from London, with a most splendid assortment of his newly invented and improved Spectacles. Such is the superiority of these Glasses, that persons having inflamed or weak eyes may instantly be relieved by using them, and they possess the property of preserving the precious organ of sight to the most advanced period of life, while they enable both the old and the young to pursue the most minute employment for any length of time, both by day or candle light. As several individuals in the United States have tried their efficacy, it is only to defence, solicits the further favors of the public, which he will ever be proud to acknowledge, assuring those who entrust him with their commands that no exertion will be wanting on his part to merit their confidence and approbation. Added to the advantages possessed by him of long practice in the Eye Infirmaries, and under one of the most celebrated Oculists, by which he has obtained a thorough knowledge of the disease of vision, he has in his possession documents from individuals of rank, conveying the highest testimonials of approbation.

He will give references to persons in the United States who have found the greatest benefit and comfort from the use of his newly-invented and improved Spectacles.

*New Discovery for Deafness.*

The *Sound Concentrator* is an extraordinary, powerful, newly-invented small instrument, far different in make or construction to ears of Deafness, entirely different in make or construction from all others, surpassing everything of the kind that has been or probably ever can be produced. They are not placed in the cavity of the ear, and may rest within without projecting, and, being of the same color as the skin, are not perceptible. The powers of this valuable invention are so great as to restore defective hearing of long standing to its perfect and natural state, and to enable deaf persons to join in general conversation, to hear most distinctly at a place of worship, at the bar, or at any public assembly; the unpleasant sensation of ringing noises in the ear is entirely removed, and the congestions afforded to individuals afflicted with this dreadful malady all the assistance that can possibly be desired.

I am happy in bearing my feeble testimony in favor of Mr. Solomon's Eye Glasses. I think them superior to any I have ever tried. The eyes seem to rest pleasantly under their use.
O. MOORE, M. D.,
Late Professor of Surgery in Washington University, Baltimore, Md.

Pittsburgh, June 8, 1853.

I am using a pair of Mr. Solomon's Glasses, and find them very comfortable. I cheerfully add my name to the number of those who recommended me.
JOS. P. GAZZAM, M. D.

Pittsburgh, June 8, 1853.

Cleveland, Oct. 27, 1851.

It affords me pleasure to state that on the trial of several specimens of Spectacles placed in my hands by Mr. Solomon, I find myself much relieved from a defect of vision, and especially weakness in the eyes, from which I have exercised them for the last two years, whenever I have exercised them even for a short period of time. I think they are of an excellent quality, and peculiarly adapted for such purposes.
JAMES HONG, M. D.

Rochester, January 15, 1851.

The best recommendation I can give the Glasses of Mr. Solomon is, that I use them myself and wonder them.
JAMES WEBSTER, M. D.,
Professor of Anatomy, University of Buffalo

New York, June 4, 1850.

Having made trial of Mr. Solomon's Patent Spectacles, and examined the principle on which they are constructed, I have no hesitation in pronouncing them superior to any with which I am acquainted, and accordingly can most cheerfully recommend them to all who may stand in need of improving their vision.
OTTO A. LEE, M. D.,
Professor of Pathology and Materia Medica, Geneva, Buffalo, and Castleton Medical College.

Philadelphia, June 4, 1850.

I cordially concur, as far as my judgment goes, in the opinion of my friend, Professor Lee, in referrence to the performance of Mr. Solomon's convex and oval Glasses, for far-sightedness. The grinding appears to be good and clear, and the general workmanship superior.
JAMES BAYAS, M. D.,
Professor of Surgery, Geneva College.
