IMPORTANT TO HOUSEKEEPERS!
Something Better and more Economical than Soda, Cream Tartar or any other Preparation in existence for Raising.

PURE PREPARED YEAST OR BAKING POWDER—For raising Bread, Biscuit, Griddle and Johnny Cake, Pastry, Puddings, Dumplings, Sweet Cakes, Apple Dumplings, Pastry, &c. This article is one that we feel
FAMILY, HOTEL BOARDING HOUSE,
Eating Saloon, Ship, Steamboat, Canal Boat, &c.
will find, upon a careful trial, to be the *very thing needed every single day of their existence.*
The manifold advantages of this article over the old system, are:
1. It saves the expense of milk, eggs, shortening, spoiled bread, and the trouble and expense of procuring good yeast, which is often not to be had.
2. No time is required for the dough to rise before baking—consequently, bread may be made in a few minutes.
3. A cook can always depend upon having light, sweet, tender and wholesome bread, whether the flour be of the best quality or not.
4. Bread made by this process is much more nutritious, easier of digestion, better relished for a weak stomach, sweeter, whiter and lighter, than when made with yeast.
5. The loss made by fermentation, does not afford the same amount of nourishment to the system, that it does when made with this compound; because the vegetable acid contained in fermenting bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the body, while the acids tend to produce dyspepsia and its attendant ills.
This article has been thoroughly tested, and is universally liked. When used according to the directions, it is warranted to suit.
☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water street, New York. Sold by the trade, grocers and druggists generally.

Property for Sale.

THE subscriber offers for sale, on very reasonable terms, the following property, viz:
A Three Story Brick Dwelling House, No. 110 Penn street, between Hay street and Evans' alley; and Lot 25 feet front, extending back 120 feet to an alley. The House is one of the best buildings, and in one of the most pleasant neighborhoods in the city.
Five Lots, embracing corners of Front and Ferry streets; one hundred and five feet front on Ferry and sixty feet on Front street, which is the finest three story Brick Building on the corner, a two story frame on Front st., and two Brick Buildings, used as shops, on Ferry st.
Lot, 21 feet front by 50 feet deep, on Front, between Market and Ferry streets.
A Lot, with very convenient Frame Dwelling; Lot 20 feet by 90, fronting on Congress and Ross sts.
A House and Lot, on Wylie street, near the new Court House. The house is well arranged and in good order, and is now occupied as a boarding house.
A Three Story Brick, on Smithfield street, near Seventh; fitting for a stylish business location. The Lot is 20 by 80 feet deep, fronting on Smithfield st.
A Cottage Frame and Lot, 28 by 120 feet, fronting on Anna st., within the corporate limits of Allegheny City. This is a very desirable and pleasant location for a residence.
Nine Lots in the town of McKeesport, each 60 feet by 180, several of them on the Main Street.
Eleven Acres in Limestown, on the Monongahela River, on which there are 4 houses; there are some 6 or 7 acres of excellent bottom land, and a plantation of limestone, convenient to the landing; and two coal pits open.
Ninety Lots in the Borough of Columbia, 50 feet by 150 each, nearly all level, and well located. The tenant of each lot has the privilege of using whatever stone coal he may require for his own use, from a pit near the Lots. Columbia is a pleasant situation for the bank of the Monongahela river, and a short distance below Lock No. 3, in the midst of an extensive coal region, and would be a desirable point for manufacturing establishments.
Two Hundred acres of superior Stone Coal, with House, Railroad, &c. This property has a front of 100 rods on the Monongahela river, an excellent landing; good grade and foundation for railroad—with enough level ground at one point for the erection of manufacturing establishments. The vein is deep enough to allow horses to be used in hauling out the coal—the quality of which, for iron work, steamboat, or for any purpose, must be well appreciated by all the country.
In my absence, my agent, James Blair, Esq., will give all necessary information, and be authorized to give warranty deeds for any property sold.
