IMPORTANT TO HOUSEKEEPERS!

Something Better and more Economical than Soda, Cream Tartar, or any other Preparation in existence for Raising.

DURKEE'S CHEMICAL YEAST OR BAKING POWDER—For raising Bread, Biscuit, Griddle and Johnny Cakes, Puddings, Pot-Pies, Corn Bread, Sweet Potatoes, Apple Dumplings, Pastry, &c. This article is one that every family should use.

FAMILY, HOTEL, BOARDING HOUSE, Eating Saloon, Ship, Steamboat, Vessel, Camp Boat, &c.

THIS YEAST is so light, so healthy, so free from all mixture, so sweet, so tender and palatable bread and biscuit, whether the flour be of the best quality or not.

A Trial only is required to prove this process is much more nutritious, easier of digestion, better fitted for a weak stomach, sweeter, whiter and lighter, than any made with yeast.

So healthy, so much relished by dyspeptics, does not afford the same amount of nourishment to the system, that it does when made with the ordinary yeast, because the vegetable acid contained in fermented bread, prevents the proper action of the gastric fluid upon it, and consequently, a part only goes to nourish the system, the rest passing off to produce impurities and its attendant evils.

This article has been thoroughly tested, and is universally approved of, when used according to the directions, it is warranted to suit.

☞ Be careful to ask for DURKEE'S BAKING POWDER, and take no other, and you will not be deceived. Principal office, 139 Water street, New York. Sold by the the trade generally, and by the grocers and druggists generally.

☞ Agents in Pittsburgh—
BAXTER & M'KEE.
