MARBLEIZED IRON.
Mantles, Columns, Pedestals, Table Tops, &c., &c.
THE SALAMANDER MARBLE COMPANY, invite public attention to their Marbleized Iron, as one of the greatest discoveries of the age, and for which discovery they received the GOLD MEDAL at the last Fair of the American Institute, and THE MEDAL at the Fair of the Metropolitan Mechanics Institute, held at Washington, in February and March of this year.
This material, having a metallic basis, is more durable and cheaper than Marble; its representations of precious Stones and the choicest Marbles, in more than sixty different varieties, are exact and surprisingly beautiful; it is capable of resisting a greater degree of heat, and it cannot be injured by the action of acids or alkalies.
