THE CITY POST.

THURSDAY MORNING ..... AUGUST 4.

FEMALE EQUESTRIANS.—It has for a long time been urged, by the fast reformers, that measures should be taken to further and improve the physical development of the human race. That the physical condition of mankind, and woman kind, would admit of improvement, is generally admitted—but how? It is strongly contended that the female portion of our population should take more out-door exercise; be this as it may the Columbiana (Ohio) County Agricultural Society have acted on the principle, in making up their list of prizes, for their annual Fair. In order to see female equestrianism more generally practised than it is at present prizes for the best and most skilful riding and driving have been offered, ranging from a gold watch to a dress pattern, including jewelry, riding cap, whip, &c. The ladies must pay $1 to the Society for the privilege of entering, and this privilege is not confined to those who live in the county of State; but is open to all. The skills for excellence between the ladies will doubtless be great, and the Fair will be largely attended.

EMIGRATION TO LIBERIA.—A meeting of the colored people of the western part of this State was held at Hollidays burg, on Thursday last. The meeting was organized by appointing David Kelly, of Indiana county, chairman, and Wm. Nesbit, of Blair county, secretary. The object of the meeting was to take measures to better the condition, socially, civilly, politically and pecuniarily, of the African population of the western part of the State. An association was formed, styled the "Liberia Enterprise Company," whose object it is to raise funds to enable the members to emigrate to Liberia. A loan from the Board of Managers of the Pennsylvania Colonization Society, of $600, is asked, and every exertion will be used to enable the Company to sail for Africa on the first of November.

An adjourned meeting will be held on the first Tuesday of October next, at such place as may hereafter be designated.

RUBIRA'S MAGNIFICENT PANORAMA are still open to the public at Gazzo's new Hall, on Fourth street. We are glad to announce that ever since the arrival of these paintings in our city, a series of crowded houses has greeted each exhibition of the paintings. It shows an appreciation on the part of our citizens alike honorable to them and encouraging to American artists.

The Return of the Dove and the Captive Israelites are noble paintings in every sense of the word. The characters represented are noble, and the objects which the artist aims to represent, Faith and Hope, are vividly portrayed on the canvas.

The proprietor of the paintings will make a liberal reduction to schools desirous of visiting the Hall. We trust the offer may be taken advantage of by teachers.

DELEGATES.—At a meeting of the Teachers of Harrisburg, the following gentlemen were appointed delegates to represent Dauphin county in the "Pennsylvania State Teachers' Association," at its annual session in this city, on Thursday, August 4th:—

Rev. W. R. Dewitt, Rev. J. P. Maclick, Rev. C. A. Hay, Rev. A. Cochrane, Rev. Mr. Bear, Rev. J. Winebrenner, Rev. J. S. C. Demarest, Val Hummel, Sr., Hamilton Alricks, Dr. J. H. Enger, Dr. C. Seiler, Dr. E. L. Orth, J. T. Wilson, D. D. Boas, Daniel Eppley, C. E. Muench, John Till, L. Wolfinger, William Rinna, G. Sparks, Thos. Fasnacht, Peter G. Kinley, J. J. Patterson, J. J. Clyde, G. P. Crop, R. A. Lamberton, S. Miller, D. W. Green, E. P. Walker, D. Fleming, W. H. Bishop, C. O. Bowman, Dr. Geo. Reed, Dr. Geo. Hoffer, Eqs., J. M. Ryster, C. A. Taylor, W. J. Lawrence, R. McEl-wee, P. Cronmiller, J. E. McCleary, S. D. Imgram, B. Fernald, J. A. Ryster, B. S. German, O. Edwards, Geo. Rubes, W. H. Miller.

THE HIPPODROME.—This much talked of affair will be opened for the first time in this city, on next Monday, on the large lot lying between Penn street and the Allegheny river, upper part of the Fifth ward. The Receiver line of Omnibuses will convey passengers to and from it at the usual charges.

The arrival of the Hippodrome in our midst is surely a matter entitled to some consideration. Its introduction into America, as yet is merely an experiment, but one that thus far has met with decided success. The representations it affords, must create a new taste among the patronizers of public amusements. The whole affair from beginning to end, is purely classical. Feats deemed worthy of the Gods, and attended, protected, and participated in by the nobles of olden Greece, and imperial Rome, cannot help but meet the approval of a people as enlightened as we as a nation profess to be. In Paris it is a favorite amusement. Its sports are wild, fascinating, novel and grand. Curiosity at least will fill the Pavilion daily and nightly, whilst it remains in this city.

KEYSER'S PECTORAL.—We advise all afflicted with coughs and colds; so common about this season of the year, to try Dr. Geo. H. Keyser's Pectoral. We speak knowingly and from experience, having tried it ourselves in a case of a very severe cold, and we can assure all that it is a sure and speedy cure for coughs, &c. It is also very palatable to the taste, being sweet and pleasant. We predict that it will be the only medicine used in this community, as persons who once give it a trial, are sure to give "Keyser's Pectoral," the preference.

FARMERS' AND DROVERS' BANK.—The plans for the new building for this banking institution have been made out by the architects, Messrs. Barr & Mosier.

The building will be in the composition style, and is to be located on Fourth street, between Market and Wood streets, on the vacant lot adjoining the Mercantile Library building. The building will be twenty-five feet wide, eighty feet deep and fifty feet long. The first story will be twenty high, and the second story to be seventeen feet high, and the third a false story, of about the same height.

RUFFIANISM IN ALLEGHENY.—We learn that C. W. Ernest, Esq., was rudely and brutally attacked by a ruffian on Monday night, on Federal street, Allegheny. His children playing at the door, complained to him that a man was coming after them, and had taken a small dog away from them. Mr. E. pursued the man and remonstrated with him, when he was replied to by a blow in the face which felled him. Upon his recovery and repeating his demand, he was again struck by the ruffian, who made off carrying the dog with him. Application was made at the Mayor's Office, but the assailant of Mr. Ernest has not been arrested.

SHORT LINES AT HOME.—Of the forty-two locomotives owned by the Pennsylvania Railroad, twelve are of a capacity equal to eighty miles per hour. The Baltimore and Ohio road, between Baltimore and Wheeling have over one hundred locomotives, some of which are of equal speed. The immense velocity of eighty miles per hour has been attained through the active competition of the railroad companies, who have spared no expense in rewarding constructors for costly experiments.

MARE STOLEN.—We were informed yesterday, by Mrs. Jemima Hannah, a lady residing near North Washington, on the Warren road, that she has loaned, on the 28th ult., a valuable sorrel mare to a man who gave his name as Wm. Beck. Beck has not been heard of since, and it is feared that he has run away with the animal. He is described as a man about five feet six or seven inches high, and as having on a pair of black pants, a green frock coat, and had also a linen coat with him.

C. & P. RAILROAD AND THE EXTENSION.—The Wellsville *Patriot*, states that Messrs. McIntosh & Way, contractors on Section No. 1, of the Wheeling Extension, have their stone work so far advanced at the Mouth of Big Yellow Creek that they are entirely out of the way of any ordinary freshet in the river. So much, we fear, cannot be said of the bridge abutments at Rochester, on the Beaver Extension.

A PLANK ROAD IS NOW IN course of construction from Hollidaysburg to Altoona, on the Pennsylvania Railroad. The Standard of Hollidaysburg, says that Messrs. Leamer & Monger are pushing the work on this new improvement rapidly. One mile and a half of grading is completed, and the plank have been laid a mile. The road is undoubtedly a good one, but it is feared to narrow.

TEMPERANCE.—A large and enthusiastic meeting of the Friends of a Prohibitory Law, was held in New Alexandria, Westmoreland county, on Tuesday, 31 instant. Speeches were made by Hon. James Carothers, of Wilkinsburg, our townsman, John M. Kirkpatrick, Esq., and others. The greatest spirit and feeling prevailed, and energetic action taken for the procuring of the object of the Convention.

LIBERAL CONTRIBUTION.—Rev. R. A. Wolff, of the Westminster Collegiate Institute, of New Wilmington, Mercer county, has been in this city for several days, endeavoring to raise contributions for the institution with which he is connected. He left yesterday for home, having collected the sum of ten thousand dollars, during his stay in the city.

OHIO AND PENNSYLVANIA RAILROAD.—A large freight business is doing on this road at present, principally consisting in the shipment of merchandize to the West.

The receipts of the road for the week ending on Saturday last, the 30th ult., the number of passengers carried on the road amounted to 7250.

BLOWING.—The Brookville editors are in high humor about the selection by the Board of Managers of the Allegheny Valley road, of the Brookville route, to the State line. They are not very chivalric in their disposition to crow either, for they make great sport of their Clarion neighbors.

A. W. PENTLAND has been appointed an Assistant Engineer on the Pittsburgh and Connellsville road. The corps started for West Newton last evening. They commence operations immediately, under the supervision of A. S. M. Morgan, Principal Assistant.

FIGURES TAKEN OFF.—A lad residing near the Steps, on Washington street, had his fingers taken off, and his hand mangled, in some machinery in the Union Factory, in Allegheny.

CASE OF YELLOW FEVER.—A gentleman from South America, died a few days since at McKeesport, in this county, of yellow fever. The disease was contracted in South America. Dr J. H. O'Brien attended the deceased.

RIOT.—Esquire Buhcop, of Duquesne Borough, yesterday committed William Waddle, Elizabeth Hopkins, and Henry Beatty to jail for trial, on a charge of riot, preferred against them by A. Rotrock.

MAGAZINES.—Miner & Co., No 22 Smithfield street, have received the Knickerbocker and the Illustrated Magazine of Art, for August.

WRIST BROKEN.—A man named Hughes, while intoxicated, fell on Monday night, from the second story of a house in Pride street, near Pennsylvania Avenue.

The Committee appointed at the last meeting to wait upon omnibus owners made a verbal report that they had conferred with many of the omnibus proprietors, without encouragement of success: (Report accepted.)

On motion—

Resolved, That this Convention request the Mayors and Aldermen of the cities of Pittsburgh and Allegheny to carry out the laws of the Commonwealth of Pennsylvania for the better observance of the Sabbath, so far as running of omnibuses is concerned.

Resolved, That the Committee appointed at the last meeting be requested to co-operate with said Mayors and Aldermen in enforcing the law, if necessary, for the stopping of omnibuses on the Sabbath.

Resolved, That this Convention proceed to raise the sum of $100, to defray the expenses that may be incurred by this Convention.

Mr. Brady offered the following resolutions, which were unanimously adopted:

Resolved, That it is the deliberate judgment of this Convention, that it is essential to the promotion of a proper observance of the Sabbath, that church members and others, particularly the former, be urged to walk to their places of worship, returning from church in their own vehicles, should set an example to the community, wherever and whenever they can do so, by discontinuing the use of

Resolved, That we earnestly recommend to those who can do so, to purchase residences in the vicinity of our churches to which they usually worship, attend with their families without the use of their private vehicles, to make such arrangements as will prevent the necessity of noise and disturbance of congregations by the hitching of horses in the immediate vicinity of churches during the time of divine worship.

Resolved, That the proceedings of this Convention be published in all the papers friendly to the better observance of the Sabbath.

Adjourned, to meet at the Lecture Room of the Second Presbyterian Church, on Monday evening, the 15th instant, at 7½ o'clock. GABRIAL ADAMS, Pres't.

R. MCLAIN, Secretary.

AN ADDRESS.—The following is a copy of an address issued by Prof. HENRY, President, of the association for the advancement of Education:

To the Friends of Education.—In the month of October, 1849, a Convention of the Friends of Universal Education, assembled in the City of Philadelphia, and continued in session three days. It was composed of gentlemen from different parts of the United States, and was not built upon any views. A resolution was then adopted that a permanent Association for the Advancement of Education should be organized, and that meetings should be held annually in different parts of North America. The Convention assembled on the appointed time, in the month of August, 1850, and was largely attended during a session of three days.

The Third Annual Meeting of the Association will be held at Pittsburgh. It will begin on the 9th of August next, and will continue for a period of not less than four days. Your presence on the occasion, either in person or by sending your representatives, is respectfully and earnestly invited. The time has arrived when periodical and literary conferences among the active and enlightened friends of education throughout our country, would be fraught with incalculable benefit. It is authoritatively declared, that these annual meetings of the American Association for the Advancement of Education, may prove worthy of their name by embodying a good share of the best talent which the different States and Provinces of North America have enlisted in the service of the young. It is especially hoped that the meeting which is to be approaching may be graced by the presence of those who have won a title to confidence, by their services in our schools and colleges, or in the administration of our State Governments. Experience, wisdom and energy which may distinguish the deliberations of the first annual meeting, will be sought to determine the character and respectability of all that succeed.

Arrangements will be made by the citizens of Pittsburgh to relieve the members of the Association of a part of their expenses during its sittings, and gentlemen are now engaged in securing for them a material reduction of fare on the principal roads to and from Pittsburgh.

Philadelphia, July, 1853. JOSEPH HENRY, President.

GENEROUS.—The board of directors of the Allegheny Cemetery have generously presented to the Duquesne Greys the beautiful lot in which are buried the remains of the brave men of that company who fell in Mexico. The company have commenced enclosing the lot, and it is their intention, to call on the citizens for "*material aid*" toward the erection of a suitable monument. We learn that the member of the company themselves have subscribed about $300—nearly half the sum necessary, and we feel warranted in expressing the assurance that the further amount required for this laudable and excellent purpose will be readily subscribed by our citizens upon application.

OUTRAGE.—Three ladies were arrested on Monday night, by Lieutenant Frost, assisted by another watchman, and taken to the watch house, where they were confined all night with some of the select women of the town as their companions. The offence committed by these ladies, consisted in sitting on the front steps of a house where they were spending the evening. The watchmen came along and arrested them without cause. Ald. Buckmaster discharged the prisoners yesterday morning, after reprimanding the officers—We trust the police committee will learn Lieut. Frost and his assistant, a lesson that will prove of service to them.

A RIOT occurred at a Ball in Pride street, near the Fourth Street Road, on Monday night, which, appearing to James R. Flanagin, a son of the District Attorney General, of a severe nature, he summoned the watch, but they refused to go near the scene of the riot. He afterwards made application to the Captain of the Watch, but that officer also refused, and entered Mr. Flanagin out of the room. Mr. F. finally succeeded, aided by a member of the Police Committee, in raising a force. They proceeded to the scene of the riot, but it had already been quelled by Alderman Major's day police. What a precious set of watchmen we have.

LARCENY.—A lad whose name has often appeared in our police news, named John Johns, was yesterday committed to jail by Mayor Park, of Allegheny City, for the larceny of two dollars from a German, Conrad Heineman—John's is a very small boy, and his disposition to seize property not his own, appears to be uncontrollable.

ASSAULT AND BATTERY.—John Jenkins, a colored man, for assaulting Abraham Brown, another gentleman of color was sent to jail by Ald. Major, yesterday, to await his trial. The assault took place on the wharf.

KNICKERBOCKER MAGAZINE for August, has been received by Gildersleeve & Co., Fourth street. Also, the Illustrated Magazine of Art, for August. They are both capital numbers.

PITTSBURGH, July 23, 1853.

HERMAN EMPEROR:—Having seen in the Pittsburgh Daily Morning Post a communication from Mr. Wilson, jeweller, in reference to the glasses sold by Mr. Solomons, in this office to Mr. S. I state that at various times I have procured three or four pairs of spectacles from Mr. Wilson, none of which have proved of the slightest benefit to me. I have also applied to other Jewellers in Cincinnati, Louisville, and New Orleans, and have failed to procure suitable glasses as would enable me to read conveniently. Since I have obtained spectacles from Mr. Solomons, I now read with great facility and entire satisfaction. JOHN D. DAVIS, Jr.

Attaining Favor Daily.

THERE is no Medicine so well adapted for all common diseases on plantations, as R. A. FAHNESTOCK'S VERMIFUGE. Read this testimony:

From F. B. DUCONGE, Esq., New Orleans.

NEW ORLEANS, March 8, 1853.

Messrs. R. A. Fahnestock & Co.—Gentlemen: I am pleased to inform you that your Vermifuge continues to sell well in this city, and I find it gaining favor daily amongst our planters. Many of my customers, who were in the habit of using other medicines, are now *determined to use R. A. Fahnestock's Vermifuge only*, owing to its safety, as well as efficacy. In fact, I know of no Vermifuge sold in the city, which stands so high in the estimation of the public. Your agent will find my great store of your VERMIFUGE, and my present stock getting very low.

Respectfully, F. B. DUCONGE.
