MARBLEIZED IRON
Mantles, Columns, Pedestals, Table Tops, &c., &c.
THE SALAMANDER MARBLE COMPANY invite public attention to their Marbleized Iron, as one of the greatest discoveries of the age, and for which discovery they received the GOLD MEDAL at the last Fair of the American Institute, and THE MEDAL at the Fair of the Metropolitan Mechanics Institute, held at Washington, in February and March of this year.
This material, having a metallic basis, is more durable and cheaper than Marble; its surface is capable of a much finer polish than Marble; its prices are less than sixty different varieties, are exact and surpassingly beautiful; it is free from the liability of cracking a great deal, and is not to be injured by the action of acids or oil.
