A Three Story Brick Dwelling House, No. 110 Penn street, between Hay street and Evans' alley; and Lot 25 feet front, extending back 112 feet to an alley. The House is one of the best buildings, and in one of the most pleasant neighborhoods in the city.

Five Lots—embracing corners of Front and Ferry streets; one hundred and five feet front on Ferry, and sixty feet on Front street, with a good three story Brick Building on the corner, a two story Frame on Front st., and two Brick Buildings, used as shops, on Ferry st.

A Lot, 21 feet front by 80 feet deep, on Front, between Market and Ferry streets.

A Lot, with very convenient Frame Dwelling; Lot 20 feet by 90, fronting on Congress and Elm sts.

A House and Lot, on Wylie street, near the new Court House. The house is well arranged and in good order, and is now occupied as a hotel.

A Three Story Brick, on Smithfield street, near Seventh—being in an excellent business location. The Lot is 20 by 80 feet deep, fronting on Smithfield st.

A Cottage Frame and Lot, 28 by 120 feet, fronting on Anne and Robinson streets, Allegheny City. This is a very desirable and pleasant location for a residence.

Nine Lots in the town of M'Keesport, each 60 feet by 150. Several of these are on the Main street.

Eleven Acres in Limetown, on the Monongahela River, on which there are 4 houses; there are some 6 or 7 acres of excellent stone coal, and abundance of limestone, convenient to the landing; and two coal pits open.

Ninety Lots in the town of Columbia, 60 feet by 150 each, nearly all level, and well located. The tenant of each Lot has the privilege of using whatever stone coal he may require for his own use, from a pit near the Locks. Columbia is a pleasant situation on the bank of the Monongahela river, a short distance below Lock No. 5, in the midst of an extensive stone coal region, and would be a desirable point for manufacturing establishments.

Two Hundred acres of superior Stone Coal, with House, Railroad, &c. This property has a front of 1 rod on the Monongahela river; an excellent landing; good grade and foundation for railroad—with enough level ground at one point for houses and gardens, or locations for manufactories. The vein is deep enough to allow horses to be used in hauling out the coal—the quality of which is for iron work, steam, gas, or for any ordinary uses, is not surpassed by any in the country.

In my absence, my agent, James Blakely, Esq., will give all necessary information, and be authorized to give warranty deeds for any property sold. JAMES MAY,
