FIVE SILVER MEDALS AWARDED, VIZ.:
By { AMERICAN INSTITUTE, New-York;

THE peculiar improvement in the construction of this Mattress is, that all the *dummy and heavy wooden framework* is entirely dispensed with, and its place supplied by a lighter and much more durable frame. The springs are all connected by harness leather hinges, secured at a cost, rendering it impossible for a single spring to fall down or get out of place, and making a bed so durable that any part may be raised or beat up, and is thus adaptable to the wants of the sick or infirm, who may require a sitting posture. It has all the luxurious softness of the best feather bed, with the lightness and facility of handling of the common hair mattress.
These improved Spring Beds are invariably made of the best materials, and will last many years without repairs.
Persons desiring a good Mattress can be supplied to a Spring Bed.
These Beds are well adapted for Hotels, berths of Ships, Steamboats and Hospitals.
