RHODES'
FEVER AND AGUE CURE,
FOR the Prevention and Cure of INTERMITTENT and REMITTENT FEVERS, FEVER and AGUE, CHILLS and FEVER, DUMB AGUE, GENERAL DEBILITY, NIGHT SWEATS, and all other forms of disease which have a common origin in *Malaria* or *Miasma.*
This is a NATURAL ANTIDOTE, which will entirely protect any resident or traveler, even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.
It will instantly check the Ague in persons who have suffered for any length of time, from one day to twenty years, so that they need never have *another chill,* by continuing its use according to directions. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.
One or two bottles will answer for ordinary cases; some may require more. Directions printed in German, French and Spanish, accompany each bottle. Price One Dollar. Liberal discounts made to the trade.
JAMES A. RHODES, Providence, R. I.

EVIDENCE OF SAFETY.
NEW YORK, June 11, 1855.
"I have made a chemical examination of "Rhodes' Fever and Ague Cure," or "Antidote to Malaria," and have tested it for Arsenic, Mercury, Quinine and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.
JAMES R. CHILTON, M. D., Chemist."

EVIDENCE OF MERIT.
"LEWISBURG, Union County, Pa., May 2, 1855.
Mr. J. A. Rhodes—Dear Sir: The box of medicine you sent me was duly received on the 11th of April. I have sold about one-half of it, and so far the people who have used it are satisfied that it has cured them. It has certainly stopped the Ague in every one who has used it, and six of the cases were of long standing. My sister, who has had it for five or six years back, and could never get it stopped, except by Quinine, and that only as long as she would take it, is now, I think, entirely cured by your remedy. C. R. McGINLY."

CAUTION TO AGUE SUFFERERS.
Take no more Arsenic, Mercury, Quinine, Strychnine, or Anti-Periodics, or medicines of any kind, the virtue of which is owing to such poisonous drugs. The most they can do is to "break the chills" for a short time, while they are sure to cause constitutional maladies that cease only with life. Remember that the only Fever and Ague remedy that is harmless as well as sure, is
Rhodes' Fever and Ague Cure.

SUPERIOR,
Douglas County, Wisconsin.
THIS PLACE is situated on the Bay of Superior and Left Hand River, at the head of Lake Superior, and possesses A BETTER SITE, A BETTER HARBOR, AND GREATER ADVANTAGES FOR A COMMERCIAL CITY, than any other point in the North-west; and is equalled in prospective importance by Chicago only.
The Proprietors have a clear, undisputed and unincumbered title to the land upon which SUPERIOR is laid out, and all purchasers of lots receive warrantee deeds for the same.
Superior was laid out during the past season, and already contains several hundred inhabitants, a Large Hotel, a number of Stores, a Commodious Pier, with Warehouses, and is in all respects the
MOST FLOURISHING NEW TOWN
in the West. The County Seat, the United States Land Office and Post Office are located here. The Mississippi and Lake Superior
UNITED STATES MILITARY ROAD,
now in course of construction, connecting with St. Paul, terminates at this place. It is also the Lake terminal of all the projected railroads to the head of Lake Superior. The "Soo" canal will be opened in June; after which, four lines of Lake Steamers will run to Superior—one from Chicago, two from Cleveland, and one from Buffalo; all fine vessels, having been built expressly for this trade.
One Steam Saw Mill is now in operation, and the machinery for a second is now on the way to Superior, which will be set to work immediately on its arrival.
One-half of the lots have been appropriated by the proprietors to be sold by the undersigned to actual settlers on easy terms, to provide a fund for extensive public improvements. Liberal appropriations have been made for public purposes, parks, churches, railroads, &c. &c.
In order to correct the misapprehension arising from similarity of names, it is proper to state that "Superior City," about the title of which a legal controversy exists, is another and different place, and in a different township from SUPERIOR.
Maps of SUPERIOR are signed by Thos. Clark, surveyor, and William H. Newton, agent and attorney for proprietors, and may be seen in the principal hotels of St. Paul, Galena, Chicago, Detroit, Cleveland, Toledo, Buffalo, and other cities.
All persons who wish to purchase lots, or obtain information, are requested to apply to WM. H. NEWTON, Superior, Douglas county, Wisconsin.
WILLIAM H. NEWTON,
Agent and Attorney for Proprietors of Superior.

Notice to Whom it May Concern.
THE PUBLIC SPRING SALES of Real Estate at Rochester are now closed, and the *Building Season* has fairly commenced. Every citizen of Rochester is busily employed. Even 30 or 40 new families who have become citizens the present Spring, find constant employment; and in a few days a hundred families more will be required to carry on the work of the present season.
The *Car Building Establishment* is now near completion, and will be in full operation in June. Several Cars will be ready for delivery, by contract, the 1st of July, 1855.
Two or three new churches, in Rochester, will be contracted for immediately, and numerous other improvements will be commenced, requiring a great amount of mechanical and other labor independent of the Car Establishment, which will probably employ from one to two hundred.
A prominent brickmaker from Pittsburgh has just purchased nine large lots, and contracted to make upon them forthwith 500,000 bricks. Two gangs of hands commence work the present week, besides the other yards heretofore established in the neighborhood.
Our Stone Quarries are already alive with workmen, and the road leading to them lined with teams.
Lumber is becoming abundant and cheap, and tenements will soon be going up to relieve some of our houses, which now have 5 families, 4 families, 3 families, and dozens of them 2 families each.
Any who do not buy cheap lots at the four public sales last season, or the four public sales the present spring, can still secure good bargains at *private sale* by calling on the subscriber in Rochester. Terms—⅓ down, ⅓ in one year and ⅓ in two years. M. T. C. GOULD.
P. S.—A few lots can yet be had at $50 to $100 each; if applied for before the 20th May. These lots are twice as large as usual city lots, viz: 40 feet by 125, and the price only from $1,50 to $2,50 per foot front. There are for sale 1 homestead and magnificent profit of Ovid Pinney, 3 acres in the centre of the borough of Rochester; also the beautiful 20 acres, building, orchard, &c., of F. Reno, can be bought through the subscriber at great bargains, and there are not *two such bargains* within a hundred miles. G.

HOPPER'S PATENT PLANE
THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patented and valuable PLANES.
All who have tried it, pronounce it a most valuable invention, that must soon come into general use. The following letters from practical workmen are but two among many letters the Patentee has received recommending this Plane above all others in use:
PITTSBURGH STEAM CABINET FACTORY,
February 22, 1855.
We hereby certify, that during the last twelve months we have used Hopper's Patent Plane, and do not hesitate to recommend it to Cabinet-Makers and Carpenters as superior to any other Plane in use. We consider it peculiarly adapted to planing oak, cherry, walnut, and all sorts of hard wood, and for planing veneers, it is far superior to the old mode of scraping, besides being a great saving of time. One man, by using this Plane, will plane more veneers than five men can do by any other plane or method in use. H. H. RYAN & CO.
To MOSES F. EATON, Esq.:
Dear Sir—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.
It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely supersede the former tedious and laborious custom.
I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.
JAMES W. WOODWELL,
Furniture Warerooms, 97, 99 Third st., Pittsburgh.
Pittsburgh, February 27, 1855.

Said goods to be furnished at Boston, New York, Philadelphia, Baltimore, Pittsburgh, Cincinnati, St. Louis, Detroit, or Chicago, as may be specified in the accepted bids; and the deliveries thereof to be made on or before the 1st day of April next, or at such time or times thereafter during the year 1856 as may be ordered by the Commissioner of Indian Affairs.
The right will be reserved to require a greater or less quantity of any of the articles named than that specified in the above schedule; and also any others of the same class, but of a different description, that may be needed, at the lowest market prices.
Goods of American manufacture, of the required styles and quality, will be preferred; but as the samples of blankets and cloths are foreign fabrics, it will be necessary, in proposing a domestic article of either of those kinds, that a sample thereof shall accompany the bid.
The articles to be furnished must in all respects conform to, and be equal with, the samples recently selected, which may be seen at this office, or such samples of American manufacture as may be furnished and approved. They will be rigidly inspected and compared with the samples by an agent or agents appointed for that purpose. Such as may be unequal thereto in any particular will be rejected; in which case the contractor will be bound to furnish others of the required kind or quality within three days; or, if that be not done, they will be purchased at his expense. Payment will be made for the goods received on invoices thereof, certified by the agent or agents appointed to inspect them.
Bonds will be required in the amount of the bid for the faithful performance of the contract, with two or more sureties, whose sufficiency must be certified by a United States judge or district attorney.
The proposals must embrace the articles, with the quantities thereof, as they are arranged in the foregoing schedule, with the prices annexed to each in dollars and cents at which they will be furnished, and the amounts must be carried out and footed up for each class. They should be submitted with the following heading:
"I [or we] hereby propose to furnish for the service of the Indian Department, and, according to the terms of its advertisement therefor, dated September 24, 1855, the following articles, at the prices thereto affixed, [here insert the list according to the class or classes proposed for,] deliverable in the city of [Boston, New York, Philadelphia, Baltimore, Pittsburgh, Cincinnati, St. Louis, Detroit, or Chicago, as the case may be,] on or before the first day of April next, or at such time or times during the year 1856 as may be ordered by the Commissioner of Indian Affairs; and I [or we] will also furnish, at the same prices, such additional quantities of the same kinds and quantities of goods, and at the lowest market prices, such other articles of the same class, but of a different description, as may be required for the service of the Indian Department during the year 1856, deliverable as above stated. And if this proposal be accepted, [here insert the words 'in whole or in part,' if more than one class be proposed for,] I [or we] will, within twenty days thereafter, execute a contract accordingly, and give security, satisfactory to the Commissioner of Indian Affairs, for the faithful performance of the same."
Each proposal must also be accompanied by a guarantee, in the following form, to be signed by two or more responsible persons, whose sufficiency must be certified by one or more persons personally or officially known to the Department:
"I [or we] hereby guaranty that the above bidder, [or bidders,] if a contract shall be awarded to him, [or them,] according to his [or their] foregoing bid or proposal, will execute a contract and give security for the performance thereof, as prescribed in the advertisement for proposals for Indian goods, dated September 24, 1855; and I [or we] agree to pay any and all damages or losses which the United States or the Indians may suffer by reason of failure so to do on the part of the said bidder [or bidders.]"
No proposal will be considered that does not strictly conform to the terms and directions of this advertisement.
