COAL TRADE.—The quantity of bituminous coal shipped to the East, the present season, is much larger than the amount sent through in former years. The coal is principally sent to Philadelphia, there to be used in the manufacture of gas; considerable quantities are also shipped to Baltimore, Lancaster and Washington City, to be used for the same purpose.

From the books of the Collector at this end of the Canal, we learn that during the month of April, there was shipped to Philadelphia, 124,040 pounds; May, 1,072,120 lbs; June, 3,033,421; July, 4,608,005 and August, 7,678,325; making a total shipment to Philadelphia, during the five months mentioned, of 16,467,310 pounds.

There was shipped to Columbia, for transhipment to Lancaster, Baltimore and Washington City, during the month of April, 680,000 lbs. May, 565,996; June, 677,900; July, 811,748; and in August, 812,350 lbs; making a total of 3,548,854 lbs shipped to Columbia, and a total of 19,016,164 lbs shipped from this City to the East, on the Pennsylvania Canal, since the first of April. All this coal is supplied to the manufacture of gas.

Since the first of September, owing to the suspension of navigation on the Susquehanna, the shipments of coal to the East have fallen off. Business will revive again on the opening of navigation on that river.

A BRUTAL HUSBAND.—CORONER'S INQUEST.—Coroner Lowrie yesterday held an inquest on the body of a lady named Margaret Kemp, who died in Lawrenceville, on Sunday evening, from the want of proper nursing, while suffering from an attack of typhoid fever, and also from the neglect and ill treatment she received from her husband. William Simpson and Shields, testified before the Coroner's Jury, that if the lady had received proper attention from her husband, she would, in all probability, have recovered. During her illness, while he was intoxicated, he abused her in such a manner that his presence in her room, produced an effect on her nervous system, which made more fearful ravages than the disease.

The Jury returned a verdict that Margaret Kemp came to her death "from typhoid fever, conducted by the want of proper nursing, and neglect on the part of her husband." A number of the jurymen were in favor of causing the arrest of Kemp—if the facts of the case as related to us are true, he should be arrested and receive a severe and well merited punishment.

DECISION.—The decision of the Supreme Court, in the habeas corpus case, of the Commonwealth ex. rel. Philip Ashcraft against the Sheriff of Allegheny County, was given yesterday by Chief Justice Black. The prisoner was remanded back to the custody of the Sheriff. The Chief Justice stated that the Commissioners had no control, whatever, in the case, as it was a criminal offence; and that if the fees had been paid in gold, to either the Commissioners or the County Treasurer, they had no right to, during the discharge of the prisoner. The Court also instructed the counsel for the Sheriff, to re-taxing the prisoner after he had been discharged without authority, by the under Jailor.

Justice Woodward dissented from the Chief Justice, and in his opinion, contended that the prisoner should be discharged. He did not differ from his brethren on the principles of law, as laid down by Chief Justice Black, but the order of the Court remanding the prisoner, he thought drew the lines of distinction too closely.

AS ANTEAY.—MAN STABBED.—On Sunday night, about nine o'clock, an affray occurred on Anderson Street, Allegheny City, near the President Eagles House, between two young men, named John Rogers and John Davison. The latter was stabbed by Rodgers, in the arm and side. He was conveyed to his home, near the scene of the fight, and his wounds were dressed by Drs. James B. and William Herron. The wounds, though of a very serious nature, will hardly prove fatal.

The fight originated in this city. It appears that Rogers and Davison had been drinking together, on this side of the river, all day Sunday. An altercation ensued between them, they separated and did not meet again until the time the fight, which ended so seriously, took place.

Rodgers was arrested by the police, and in default of bail, and after a hearing before Mayor Park, committed.

ARREST OF ONE OF THE BEAVER COUNTY ROBBERS.—Welch, whose daring escape from the officers at Industry, while they were conducting him from Wellsville to Beaver, we noticed the other day, was arrested on Sunday in Allegheny city, in a house occupied by a negro family. The arrest was made by officer Pyle of the Allegheny police. Welch was locked up in the watch house until yesterday morning, when he was taken down to New Brighton in the cars.

A negro named Grellish was arrested at the same time and place, on a charge of being connected with a gang of robbers, who have their headquarters in and about the towns at the mouth of Beaver river. The negro accompanied Welch, and the officer, to Beaver.

SHOOTING GAME.—An alleration ensued on Saturday last, between a German residing a short distance from Allegheny (his name we could not ascertain) and a countryman named Reib. The latter, during the progress of the difficulty, drew a pistol and shot the other German in the arm. The wounded man was conveyed to a physician, and the ball extracted. The wound is not serious.

The difficulty occurred at a beer hall, near the corner of Chesnut street and East Lane.

Reib was arrested and held to bail by Mayor Park, for his appearance at Court.

CANAL TOLLS.—The following presents an exhibit of the tonnage, and tolls received at the Collector's Office, in Allegheny, for the two weeks ending on the 17th instant:

Week ending July 10	Tonnage.	Tolls.
	3,742,387	$2,371,05
" 17	3,933,772	2,612,55
Total	6,776,159	$4,984,00

The principal business now being done on the Canal, is the shipment of merchandise from the East to the West.

ACCIDENT.—On Friday last, a son of Mr. Blakely, a resident of Mt. Washington, on Coal Hill, met with a severe accident, by causes by his falling against the side of a deep wash basin. By the fall, a wound was inflicted in the forehead of more than four inches in length; the scull was not fractured by the fall, and several small pieces of the bone were forced into the fracture. Dr. Sherrill of Pittsburgh, dressed the wound of the lad, and the patient is now doing as well as could be expected.

"MONEY".—This play was well performed last evening. Mr. Brougham, as the eccentric Evelyn, won rounds of applause by his natural, yet beautiful rendering and the just conception he took of this difficult character. Miss Gilmore acted her part naturally and in a manner calculated to please the most fastidious, and cultivated tastes.

Charles Foster, Mr. Bailey and other members of the company, acquitted themselves well.

TEMPEST.—To-night the beautiful comedy of London Assurance will be presented, with an afterpiece in which Miss Bennett will appear. The comedy is well cast.

Miss Bennett is a charming actress. Good looking, and with electric powers of no ordinary kind, Miss B. cannot but succeed. We are glad to see that she attracts to our Theatre, the fashion of the city.

BURGLARY.—Benjamin Wilson, Esq., a Justice of the Peace of Elizabeth township, yesterday committed to the county jail a colored man named Noah Jackson. The prisoner is charged with burglary and larceny, in having entered the house of John Evans, a coal digger, on the 7th of June.

THE FARMERS still continue on a strike. The papers advertise for hands. We would state for the information of our country friends, that there are in the city, at present, about one hundred Journeymen to want of employment, who cannot be excelled as workmen, in the country.

Scrofula.—It is due to KIER'S *Petroleum* to say that it has been applied to completely eradicate every vestage of this dreadful disease in less time than any other remedy, and at less cost or inconvenience to the patient.

The thousands of certificates in the hands of the proprietor, many of which are from well known citizens of the city of Pittsburgh and the surrounding country, go to show unto all doubt, that Kier's PETROLEUM is a medicine of no one—an easy, but only as a local remedy in *Paralysis, Rheumatism, Deafness, Tetter, Itch, Scald Head*, but as a valuable internal remedy, inviting the investigating physicians, as well as the suffering patient, to become acquainted with its merits.

Those having a dread of mixtures are assured that this medicine is purely natural, and is bottled as it flows from the bosom of the earth.

The following certificate is copied from a paper published at Syracuse, N. Y., and bears date August 2, 1852, in which it is also appended the certificate of the celebrated D. T. Foot, M. D., of Syracuse:

This may in truth certify, that I have been so badly afflicted with Scrofula for the last seven years that most of the time I have been unable to attend to any kind of business, and much of the time unable to walk and confined to my bed, and have been treated nearly all the time by the best Physicians our country affords; I occasionally got some relief, but no cure, and continued to grow worse until Dr. Foot recommended me to try the Petroleum, or Rock Oil, as everything else had failed. I did so without faith, at first, but the effect was astonishing; it threw the poison to the surface at once, and I at once began to grow better, and by using seven bottles I have got as much health as any man of others.

MRS. NANCY M. BARKER.

This may certify that I have been acquainted with Kier's Petroleum, or Rock Oil, for more than a year, and have repeatedly witnessed its beneficial effects in the cure of indolent ulcers and other diseases for which it is recommended, and can with confidence recommend it to be a medicine worthy of attention, and can safely say that success has attended its use in these or other medicines had failed.
