WHAT'S IN A KISS!

There's something in a kiss,
Although I can't reveal it,
That never comes amiss,—
Not even when we steal it:
There's something in a kiss,
That never comes amiss.

We cannot taste a kiss,
And sure we cannot view it,—
But is there not a bliss
Communicated through it?
There's something in a kiss,
That never comes amiss.

I'm well convinced there is
A certain something in it;
For though a simple kiss,
We wisely strive to win it:
There's something in a kiss,
That never comes amiss.

There's something in a kiss,
If nothing else would prove it,
It might be proved by this,—
All honest people love it:
There's something in a kiss,
That never comes amiss.

True.—It is bad enough when men agree to cheat each other—but to call in the lawyers to cheat both parties is a great deal *odder*.

"Did you call me a fool, sir?" "No, nor I did'nt say you war'nt, neither." "Well, well, its well you did'nt, for if you had I should have noticed it."

There is a county in Virginia, where the land is so sterile that when the wind is at the northwest, they have to tie the children to keep them from being blown away—when the dogs bark they have to lean against the fences—the grasshoppers cry themselves to death for the lack of good—the horses are so thin that it takes twelve to make a shadow—and when they kill beef they have to hold the animal up to knock him down.

A French nobleman, who had been satirized by Voltaire, meeting the poet soon after, gave him a hearty drubbing. The poet immediately flew to the Duke of Orleans, told him how he had been used, and begged he would do him justice. "Sir," replied the Duke, with a significant smile, "it has been done already."

"No smoking allowed here, sir," said a steamboat steward to a loafer in the after cabin, with an ignited long nine in his mouth. "I know it, sir," said Dickey, "and I'm not smoking *aloud*."

A lad was once despatched to the house of a clergyman to request him to attend a funeral. He arrived almost breathless, and said to the parson—"Dad wants you to come up and preach a funeral." —"Make a prayer, you mean;" but who is dead?" "My little brother."—"Indeed! how old was he?"—"He wasn't no year old," said the urchin; "he died a-borning."

An Irish gentleman at cards having, on inspection, found the pool deficient, exclaimed, "Here's a shilling short, who put it in?"

Bowel Complaint Cured.

JAYNE'S CARMINATIVE BALSAM is a certain, safe, and effectual remedy for dysentery, diarrhœa, or looseness; cholera morbus, summer complaint, cholic, griping pains, sour stomach, flatulency, &c. &c., and all spasmodic and nervous diseases, as sick and nervous headache, hysteria, cramp, &c.

Baltimore, March 27, 1833.

Dr. Jayne—Dear Sir: You ask me what proof I meet with of the efficacy of your medicine. I can safely say that I never prescribed any medicine for Bowel Complaint that has given me so much satisfaction, and my patients so speedy and perfect relief as this. Whenever introduced into a family, it becomes a standing remedy for those ailments, and is called for again and again, which I think a pretty good proof of its efficacy and usefulness. In the Summer Complaint of Children it has frequently appeared to snatch the little victims, as it were, from the grave. "It saved the life of my child and of such and such a child," I have repeatedly heard said. In dysinteric affections of adults, I have time and again seen it act like a charm, and give permanent relief in a few hours, I may say in a few minutes. In fine, it is a valuable medicine, and no family should be without it.

Respectfully, M. L. Knapp, M. D.

From Dr. Wm. Steeling, Physician to the Cumberland, N. J., Almshouse.

This is to certify that I have used Dr Jayne's Carminative Balsam very extensively in Bowel Complaints, and have not the least hesitation in declaring it superior to any preparation I have met with for the relief of those diseases.

Bridgeton, July 19, 1836. Wm. Steeling, M. D.

From Jonathan Going, D. D. (late of New York,) President of Granville College, Ohio.

Dr D. Jayne—Dear Sir: Having made use of your Carminative Balsam in my family, and finding it admirably adapted to the complaints for which it is intended I take pleasure in recommending it to the use of my friends and the public generally, believing those who are afflicted with any of these complaints, will find relief by the use of this valuable medicine.

New York, May 20, 1837. Jonathan Going.

Coughs, Asthma, Spitting Blood &c., Cured by Jayne's Expectorant.

(From Atkinson's Philadelphia Evening Post.)

Philadelphia, Aug. 16th, 1838.

Mr. Atkinson—Dear Sir: A few weeks ago, I noticed in your paper an account of the surprising effects of Jayne's Carminative, in restoring a great number of passengers on board of a Mississippi steamboat to perfect health, who were affected by a violent Bowel Complaint. I was glad to see you notice it so kindly—you may rest assured it deserves the praise bestowed upon it. The benefit I have received from his medicines, more especially his Expectorant, induces me to state my case to you, for the benefit of those who are afflicted in the same way. It has been my misfortune, sir, to labor under a Cough and Asthmatical oppression, for more than half a century. When a soldier in the American camp, in 1778, I, with many others, (owing to a great exposure,) had violent attack of disease of the lungs, (by which) has disabled from duty for a long time. Since that period, until recently, I have never been free from a violent cough and difficulty of breathing. Year after year, I have expectorated over a gill a day; often much more, and sometimes mixed with blood. For months together, night after night, I have had to sit, or be bolstered up, to obtain my breath. The weakness and debility caused by such constant expectoration, frequently brought me to a state bordering on death. It has been a matter of astonishment to my family and friends that I am here to write this to you. I have had skilful physicians to attend me, and every thing done that was thought likely to give me relief, without any beneficial effect. Last winter I had another very severe attack of Inflamation of the lungs which I fully expected would be the last. I then considered my case as past the aid of medicine; when I was persuaded to call in Dr. Jayne. With the assistance of Divine Providence, through him I was once more raised from my bed; but the cough and wheezing wearied me day and night. He advised me to use his Expectorant. I did so, with a strong hope that, as it had cured many of my acquaintances of various diseases of the lungs, it it might at least mitigate my sufferings. Need I say how gratified I feel! *I has effectually cured me.* As soon as I commenced taking it, I found it reached my case, and I began to breathe with more freedom. My expectoration became easy, and my cough entirely left me. I now feel as well as ever I did in my life, and better than I have for the last 60 years. Last summer I spit a great deal of Blood—now, thank God, I am perfectly cured.—Now, sir, after suffering so long, and finding at last such signal relief from Dr. Jayne's Expectorant, I feel anxious to inform my fellow citizens where relief may be had.—If you think this worth a place in your paper, you will oblige me by noticing it.

NICHOLAS HARRIS, Sr.

Dr. Jayne's Expectorant.

WE consider it a duty to call public attention to this admirable preparation for Pulmonary Diseases—especially *Coughs, Colds, Consumption, Spitting Blood, Asthma, Bronchial Affections, Whooping Cough, &c.* It is used and very highly approved by persons of the first respectability, but we feel confident in saying that a trial of its efficacy will be its best recommendation.

Dr. Jonathan Going, President of Granville College, Ohio, (late of New York) in a letter to Dr. Jayne, dated New York, December, 1836, says—"He was laboring under a severe cold, cough and hoarseness, and that his difficulty of breathing was so great that he felt himself in imminent danger of immediate suffocation, but was perfectly cured by using this Expectorant." Mrs. Delks, of Salem, New Jersey, was cured of Asthma, of twenty years standing, by using two bottles of this medicine. Mrs. Ward, also of Salem, was cured of the same complaint by one bottle. A young lady, also of Salem, who was believed by her friends to be far gone with consumption was perfectly restored by three bottles. Dr. Hamilton, of St. James' South Carolina, was greatly affected by a cough, hoarseness, and soreness of the lungs, and on using a bottle of this medicine found permanent relief.

Mr. Nicholas Harris, sen., one of the Deacons of the first Bapt st Church, in Philadelphia has been perfectly cured by it—after having suffered for SIXTY YEARS with *Coughs, Asthma,* and *spitting of Blood,* which no remedy before could relieve.

The Rev. C. C. P. Crosby, writes as follows:

NEW YORK, June 15, 1839:

To Dr. Jayne.—Dear Sir: I have made use of your Expectorant, personally and in my family, for the last six years with great benefit. Indeed I may consider my life prolonged by the use of this valuable medicine, under the blessing of God, for several years. I may say almost as much in the case of my wife, and also of the Rev. Mr. Tinson, of the Island of Jamaica. For all cases of cough, inflammation of the chest, lungs, and throat, I do most unhesitatingly recommend this as the best medicine I have ever tried. My earnest wish is that others afflicted as I have been, may experience the same relief, which I am persuaded they will, by using your Expectorant. C. C. P. CROSBY.

The following certificate is from a practising PHYSICIAN and a much respected *Clergyman* of the Methodist society, dated Modest Town, Va, August 2, 1838.

Dr. Jayne—Dear Sir: I have been using your Expectorant extensively in my practice for the last three months and for all attacks of Colds, Coughs, Inflamation of the Lungs, Consumption, Asthma, Pains and Weakness of the Breast, it is decidedly the best medicine I have ever tried. Very respectfully yours, R. W. WILLIAMS, M. D.

This Expectorant never fails to cure *Asthma* or relieve a *Cough*. Price $1.

Prepared only by Dr. D Jayne, No. South 3d street, Philadelphia, and may be had of G. W. Oakley, Reading, C. Leisenring, Mauch Chunk, D Walker, Port Clinton, Wm. T. Epting and Clemens & Parvin, Pottsville, where may also be had Jayne's Sanative Pills, Carminative Balsam, and Tonic Vermifuge.

THE CAUSE OF BILLIOUS COMPLAINTS AND A MODE OF CURE.—A well regulated and proportionate quantity of bile upon the stomach is always requisite for the promotion of sound health—it stimulates digestion, and keeps the intestinal canal free from all obstruction. On the interior surface of the liver is a peculiar bladder, in which the bile is first preserved, being formed by the liver from the blood. Thence it passes into the stomach and intestines, and regulates the indigestion. Thus we see when there is a deficiency of bile, the body is constantly costive. On the other hand, an overabundance of bile, causes frequent nausea in the stomach; and often promotes very severe attacks or disease, which sometimes end in death.

Fevers are always precede by symptoms of a disordered stomach; as are also scrofulous disorders, and all sympathetic, functional, organic or febrile diseases. From the same cause, the natural and healthy action of the heart, and the whole vascular system is impaired and reduced below its natural standard; as exhibited in palpitation, languid pulse, torpors of the limbs, syncope, and even death itself, in consequence of an overabundance of a peculiar offensive substance to the digestive organs.

The approach of bilious diseases is at all times attended by decided symptoms of an existing diseased state of the stomach and bowels; i. e. with those signs which are known to point out their contents to be of a morbid irritating nature: but whenever the alimentary canal happens to be loaded with irritating matter, some derangement of the healthy operation, either of the general system or of some particular organ of the body is the certain result; and when this state happens to be united with any other symptoms of disease, its effects are always thereby much aggravated. The progress of organic obstruction is often so rapid as scarcely to admit of time for the application of such aid as is to be offered by art, yet, in general, the premonitory symptoms of gastric load are perceptible for a day or two previous to the feverish paroxysm, a period, when the most efficacious assistance may be given, by unloading the stomach and alimentary canal of its irritating contents, and thus reducing the susceptibility of disease.

MOFFAT'S LIFE MEDICINES, should always be taken in the early stages of billious complaints; and if persevered in strictly, according to the directions, will positively effect a cure.

The mineral medicines often prescribed in these diseases, although they may effect a temporary cure, at the same time create an unhealthy state of the blood, and consequently tend to promote a return of the very disease which they are employed to cure. It is then by the use of purgatives, exclusively formed of vegetable compounds, which, possessing within themselves no deleterious agencies, which decomposition, combination, or alteration can develope or bring into action; and therefore capable of producing no effect, save that which is desired—that a safe remedy is found.

THE LIFE PILLS and PHŒNIX BITTERS have proved to be the most happy in their effects in cases of billious diseases, of any purely vegetable preparation ever offered to the public. If the stomach is foul, they cleanse it by exciting it to throw off its contents; if not, they pass to the duodenum without exciting vomiting or nausea in the stomach; stimulating the neighboring viscera, as the liver and pancreas, so as to produce a more copious flow of their secretions into the intestines; stimulating the exhalent capillaries, terminating in the inner coat, which an increased flow of the useless particles of the body, foreign matters, or retained secretions, are completely discharged.

For sale wholesale and retail by the proprietor WILLIAM B. MOFFAT, 375 Broadway,—to whom all letters relative to the Medicines or orders must be directed.

The Good Samaritan, explaining more fully Mr. Moffat's theory of diseases, may be had gratis at the office, 375 Broadway.

Pills! Pills!

THE safest, the best, most efficacious and truly vegetable Pills in existance are

DR. LEIDY'S BLOOD PILLLS,

A component part of which is Sarsaparilla, and known to be the most effectual and thorough purifier of the blood and animal fluids ever discovered. As a gentle or active purgative, they are equally efficacious—whilst taking them no change of diet or restraint from occupation is necessary. They may be taken at all times and under all circumstances—they will not reduce or weaken the system by their effect as most purgatives do—much commentupon their virtues is unnecessary—their reputation is well established, numerous proofs of their efficacy having been published at different times. Suffice it to say that in addition to their efficacy in diseases of the stomach, liver, intestines, &c., they are the only pills in existence that cleanse and purify the blood and animal fluids, removing all noxious and diseased humors therefrom, and thereby removing all eruptions from the skin—dry and watery pimples from the face, neck and body, tetter, rash, or breaking out of the skin, and all cutaneous affections whatever

They are prepared from vegetable extracts, (warranted free from mercury and the minerals) and by a regular physician, attested by Drs. Physic, Horner, Gibson, Jackson, James, Dewees, Hare, Coxe, &c. besides numerous other physicians throughout the United States, who daily employ them in their practice, administering them to their patients in preference to all other purgatives, and in preference to all other preparations of Sarsaparilla, in consequence of their possessing the combined effects of correcting the diseased humors of the blood and fluids, and by their purgative properties, removing or carrying off the same from the system, without producing the slightest inconvenience, or requiring restrictions, &c.

Numerous testimonials, certificates and recommendations of those Pills, from physicians and others, accompany the directions with each box. Dr. N. B. Leidy's signature accompanies the genuine on two sides of each box on a yellow label.

DYSPEPSIA, DYSPEPSIA?—Is there any cure for that distressing disease is the echo from the echo from thousands. Read the many certificates of cures performed by Dr. Wm. Evans' Camomile Tonic and Family Aperient Pills. The following certificate must certainly convince every person of the great efficacy of this invaluable medicine.

Dr. Wm. Evans—Dear Sir.—I can never be grateful enough for the cure I have received by the use of your invaluable medicine (CAMOMILE PILLS.) I was for five years very seriously troubled with Dyspepsia, which caused a nervous sensation throughout my system—so much, that I sometimes shook as if I had been afflicted with palsy; during all this time I took many medicines, but none would cure me. At last my physician gave me up; but fortunately one day as I was speaking to a friend on the subject, he told me that Dr. Wm. Evan's Camomile Pills were the only medicine that would cure me; of which I purchased some, and the result is that I am now enjoying perfect health. Any person wishing to see me can call at my house, No. 365 North Front street, Philadelphia. HENRY L. CAMPBELL.

Observe—The General Office for the sale of this Medicine is at No. 19, North Eight street, Philadelphia where certificates of thousands may be seen.

To the World.

IF you wish to make use of Sarsaparilla, be advised to try DR LEIDY'S MEDICATED EXTRACT OF SARSAPARILLA.—It is positively the strongest preparation in existence; one bottle of it (which costs but one dollar) being equal to one gallon of Syrup, as it is usually prepared in the shops, and equal to two bottles of any other extract. Dr. Leidy begs leave to state this he himself prepares it, and can consequently vouch for its strength. Numerous Physicians throughout the United States, give it the preference over all other preparations of Sarsaparilla, both from the fact of its superior strength (consequently efficacious when employed) and from the circumstance of its being prepared by a regular Apothecary and Physician, attested by Drs. Physic, Chapman, Jackson, Horner, Gibson, Dewees, James, Coxe, &c. &c.

It is useless here to name the numerous affections wherein Sarsaparilla is considered the sole specific.—Suffice it to say, it is recommended by all Physicians throughout the world, in diseases of the Skin, Bones Liver, &c. and particularly, all diseases produced by impurities of the blood and animal fluids. As a purifier of the blood, it is at all times (and particularly in the Spring and Fall) invaluable. In warm climates, throughout the Summer Season, no person should neglect using it occasionally. Numerous certificates and recommendations from Physicians and others accompany the directions.
