BRANDRETH'S SYSTEM.—If there be any persons who honestly doubt the truth of the Brandreteian System, we would entreat them to ponder well upon the following facts:

The food taken into the stomach is converted into blood, which vital stream, flowing through all the ramifications of the system, not only imparts strength and continues life, but actually CREATES, FORMS and BUILDS UP each and every part of the animal machine. If the blood, therefore, is pure and healthy, the body which is formed from and supported by the blood, cannot be diseased. If there is a single pain or ache in any part, it proves we have no health. Nothing can be more absurd than to say we have "bad health."

DR. BRANDRETH'S VEGETABLE UNIVERSAL PILLS enjoy the enviable distinction of being feared and hated by the Medical Faculty, because they are destroying disease and spreading health and consequent happiness through the length and breadth of our beloved country.

Purchase in Pottsville, of Wm. Mortimer, Jr. and of the agents published in another part of this paper.

PATENT LAID FLAT & ROUND ROPE.
AND GENERAL
Line, Twine and Cordage Manufactory,
READING, PA.

THOMAS JACKSON, begs leave to return his most sincere thanks to Captains and owners of Boats, store keepers, his friends and the public generally, for the very liberal patronage and many favors he has received during a period of upwards of 12 years, which has elapsed since he commenced the above business in Reading, and he would respectfully inform them that after the destruction of his manufactory by the great freshet of January, 1841, he built an entire new and much more extensive Rope-Walk, which he has fitted up with new and improved machinery of the best description, for the manufacture of Patent Laid Cordage, of every kind, fully equal to any in the United States. He has also added to the above, an establishment for the manufacture of all kinds of light cords, Bed Ropes, Halters, Wash Lines, Twines, Chalk, Mason, and measuring lines, of every variety.

T. J would also respectfully inform all who may be likely to want the article, that he manufactures Flat Ropes for raising weights up shafts and incline planes by steam power. The Flat Rope is very much used in the mines of Europe, and for the purpose to which it is applied it has many and great advantages over the common round rope or chain.

T. J. will insure his Flat Ropes to be made of the very best material, in the most careful and experienced manner, and by machinery of the best and most accurate principle. An extensive assortment of coils of Italian, Manilla, and Tar'd Russia Hemp Rope, Bow, Stern and Towing lines of all sizes, Packing for steam engines, Lines, Twines and Cordage of every description. Alst, Tar, Pitch and Oakum, constantly kept on hand.

T. J's. best quality Italian hemp canal towing lines are made on an improved plan of his own, and of the best and strongest kind of Italian Hemp, selected in Italy and imported expressly for his manufacture, as his long experience in the making of towing lines has convinced him that they are an article which cannot be made too good, he has been at great pains and expense to produce them perfect.

Orders for any thing in his business from a fishing line weighing 1-10th of an ounce, to a thousand feet length of 3 inch flat rope weighing 3½ tons, or from a 15 inch cable to a cotton chalk line, will be thankfully received and promptly executed on the most reasonable terms. Anything ordered for Schuylkill county will be delivered by rail road in a few hours, free of freight.

P. S. any quantity of Flax taken at Market price.
