THE POCAHONTAS, OR INDIAN VEGETABLE PILLS.

THE remedies prescribed for the cure of diseases, have correctly been divided into classes, according to their operation upon the human system. Thus we have one class which causes the stomach to eject its contents, called emetics, another inducing perspiration called diaphoretics, and a third which evacuates the stomach and bowels, denominated cathartics, &c. Cathartics or purging medicines, have in every age and country been the favourites of the physicians for the cure of the most obstinate and alarming maladies. The wonderful success attending this mode of treatment will readily be understood when we reflect that the stomach and bowels have assigned to them, the important function of digestion, or the conversion of food into blood, that vital fluid intended for the growth and nourishment of the whole system. It follows that whenever the digestion organs become depraved or disqualified for the healthy performance of their duty (and this occurs daily in civilized society) impure blood, and consequently disease are the results.

It has been remarked, that whenever the stomach is not usefully employed it is always at mischief. That individual who would deny that the most formidable diseases are daily cured by the use of Pills compounded and for sale in almost every hamlet of our country, would certainly risk his reputation for veracity. The Pocahontas, or Indian Vegetable Pills cleanse the stomach, purify the blood and remove inflammation, and have proved eminently useful in curing Bilious fever, bilious cholic, inflammation of the liver, rheumatism, dropsy, jaundice, pleurisy, costiveness, &c. &c. Females of sedentary habits and subject to indigestion, flatulency, headache, depression of spirits and uneasiness, will find relief from the use of these pills. There is not a disease attended with a full pulse, a dry skin, and a coated tongue, that these pills will not relieve. The following simple narrative will show the benefit derived from these pills in a very common disease:

CERTIFICATE.

Having been cured by the use of the Pocahontas Pill of an alarming disease of the liver of several years standing, I deem it a duty to make my case known to the public, for the benefit of others. I had taken various remedies which afforded only temporary relief, after using two boxes of these pills, my disease yielded, and I have enjoyed good health for the last six months.

POWERED PAPER HANGING,

At Reduced Prices for Cash.

THE subscribers having made arrangements to manufacture paper on the most extensive scale, are enabled, from their long and practical experience, to produce the article in greater perfection than has heretofore been done, and offer to the public a larger assortment of paper any other establishment in the city.

Persons purchasing for their own. houses, and likewise country merchants and dealers in the article, will find it doubly to their advantage to call, as we are determined to sell a large quantity at a SMALL PROFIT FOR CASH.

Papers purchased at our establishment are warranted to measure *ten yards* in length. We are induced to make this statement, as a considerable quantity sold does not run the usual length.

It has been so common to speak extravagantly in advertisements of the superior quality and excellent of stock, we think it proper to say, as a proof of the superiority of our papers, they have, whenever exhibited, taken the highest premiums, and we are now in the possession of three silver medals given as proof positive of the quality in three of the largest of the Union, Philadelphia, New York and Boston.
