THE CITY POST.

MONDAY MORNING.....FEBRUARY 20.

CHANGE OF TIME.—A change will be made on Thursday next, on the Ohio and Pennsylvania Railroad, in the departure of trains, to suit the changes made on the Central road consequent upon the completion of the tunnel. After Thursday the express train will leave Pittsburgh at 3 P. M., after the arrival of the fast train from Philadelphia, and will reach Crestline at 11 30 P. M., connecting with the night express for Cincinnati, and arriving there in the morning, in time for the mail boats for Louisville.

The Express train from Crestline will run as at present, reaching Pittsburgh at 8.30 P. M., and making the connection *through from Cincinnati to Philadelphia in thirty hours.*

The mail train will leave Crestline on the arrival of the night express from Cincinnati, and pass Wooster at 5 A. M., arriving in Pittsburgh about half an hour before noon. This will enable the residents of the towns along the line of the Ohio and Pennsylvania Railroad to come to Pittsburgh in the morning, remaining here several hours in the business part of the day, and return home before bed time.

No change has been made in the time of the departure of the mail train from this end of the road. The accommodation train will leave this city for Brighton, half an hour later than usual.

FURTHER IMPROVEMENTS.—It is generally conceded that Fifth street is rapidly becoming one of the most splendid thoroughfares of the city. The public buildings now located on it, give this street a great advantage over others in the city; its central location in the business part of the city also aids it, and presents inducements to our business men to locate on the street.

We learn that the Ohio and Pennsylvania Railroad Company has purchased a lot of ground on this street, on which they purpose erecting a splendid building, to be used for offices by the officers of the Company. The ground purchased lies above King's alley, and embraces Mr. Little's jewelry store. The lot fronts thirty feet on the street, and runs back two hundred and twenty-five feet. The price paid for it was $10,000.

Mr. M'Clurg, the proprietor of Lafayette Hall, has purchased the lease of the Iron City Hotel, and on the site of that building he intends erecting a block of handsome dry goods stores.

It is also in contemplation to erect a new and elegant building on the corner of Smithfield and Fifth streets.

LAW LIBRARY ASSOCIATION.—Many of our readers, perhaps, are not aware that we have in the Court House, a very useful institution to the legal fraternity in the Law Library Association. The library of this association numbers several hundred volumes of standard works on law. The association was incorporated on the 31st of May, 1831, by the Court of Common Pleas. Any Judge or member of the bar can become a member of the association by paying into the treasury, at any one time, the sum of $25, and $5 annually thereafter, or $10 annually for five consecutive years, and $5 annually thereafter. Meetings of the Board of Directors of the Association are held on the third Saturday in March, June, September, December and February in each year, in the Library Room. The room of the Library Association is in the Court House. Mr. Daniel Mitchell, one of the officers of the Court, has charge of the room.

DEMOCRATIC MEETINGS.—The primary meetings of the Democratic party were held on Saturday. There was but little feeling manifested in the choice of delegates. We subjoin a list of the delegates elected as far as heard from:

First Ward—P. C. Shannon and Wm. Bennet.
Second Ward—T. J. Keenan and Wm. J. Anderson.
Third Ward—John Dunwoody and John Coyle.
Fourth Ward—A. R. M'Calmont and J. T. Herbst.
Sixth Ward—Dr. G. L. M'Cook, jr., and Capt. Wm. Ward.
Seventh Ward—J. N. M'Clowry and Alex. Lynch.
Allegheny.—First Ward—J. S. Adams and J. Hastings.

SINGULAR CASE.—On Monday last, Officer Frost, of the Mayor's police, arrested in Trenton, Ohio, on a requisition from the Governor of this State, a man named David Johns, on a charge of seduction. David was brought to the city, and on Tuesday, in default of bail committed to prison. He had a further hearing before the Mayor on Saturday, which resulted in the lady being sent for, and a marriage taking place in the Mayor's office, in which David and the lady whom he had deceived, officiated as the principal parties, his honor, Mayor Volz gallantly uniting Hymen's chains, and making the twain one.

FIRE—ARSON.—On Friday afternoon, a frame building on the corner of Walnut and Pike streets, was discovered to be on fire. The fire was soon extinguished. The building was owned by Wm. J. Patterson.

On an information made before the Mayor by Patterson, a warrant was issued, and a woman named Catharine Noley was arrested on Saturday, charged with setting the building on fire. It appears that the woman arrested had been in the employ of Mr. Patterson, but upon being discharged, she sought to revenge herself by setting the house on fire. She was committed to jail for a further hearing.

SERIOUS ACCIDENT FROM THE CARELESS USE OF FIRE-ARMS.—On Friday an accident of a serious nature occurred in the family of Mr. Bernard Lauth, of Birmingham. A son of Mr. L., by some means, obtained possession of a pair of pistols, belonging to his father; not knowing they were loaded, he had snapped one of them in the direction of his sister—the pistol unfortunately went off, and the ball entered the arm of the little girl, and passed through it, into the body, inflicting a severe wound. A physician was called in, but we have not yet learned whether the ball was extracted.

VERDICT.—In the case, on trial in the District Court, on Friday, of Reed and Rogers vs. the City of Allegheny, a verdict was rendered for the plaintiffs. This verdict gives the plaintiffs the right of possession to Kilbuck Island, lying opposite the lower part of the "Bottom" of Allegheny city. The Island might be made susceptible of improvement, but it would be at great expense. The claim was founded on a sale of the land by the State, in 1840.

SHARPSBURG BRIDGE.—The committee appointed to select a site for the Sharpsburg Bridge, have reported a location, which is, we understand, about a quarter of a mile below the Sharpsburg Ferry, and directly opposite the Butler road and Spang's Iron Works. The ground selected is the most favorable of any along the river. The Bridge is intended to be much higher than any now erected on the Allegheny.

STRIKE AMONG THE COLLIERS.—We learn that the coal diggers along the Monongahela and Youghiogheny rivers, num bering about two thousand hands, have struck for an advance of wages to $2 50 per 100 bushels, instead of $2 12 to $2 25, which has formerly been the uniform rate paid to the colliers for every hundred bushels extracted from the mines.

LECTURES.—Rev. Antoinette Brown has signified her intention to deliver two lectures, on the 24 and 26 of March, before the Library Association. The subject has not been announced.

During the month of March, Bayard Taylor and Geo. W. Curtis, are expected to lecture before the Association.

FIRE.—The alarm of fire on Saturday afternoon, was caused by a fire in the Monongahela House, in one of the rooms of the upper story. The fire was extinguished before much damage had been done.

SURETY OF THE PEACE.—A woman residing in Baldwin township, named Louisa Cowan, made information before Mayor Volz Saturday morning, charging her husband with surety of the peace. Cowan was arrested, and held to bail.

THE CITY GUAGER, we learn, has determined on prosecuting all merchants selling molasses, and other liquids before they are gauged. Several merchants have been fined by the Mayor for this offence, on complaint of the Guager.

A CONFIDENCE.—Sheriff Magill, on the occasion of Dr. Glenn's resignation of the office of Jail Physician, presented him with an elegant gold cane.

THEATRE.—The bill at the Theatre this evening is excellent. Two interesting dramas will be presented.

JOHN S. HAMILTON, Esq., member of the Legislature from this county, was in the city on Saturday.

By the O'Reilly Lines for the Morning Post

BOSTON, February 18.—The Canada arrived at Boston at noon to-day. The following is her latest news:

In the House of Lords, the Marquis of Clanricarde complained of the Queen's speech, which gave no indication of the future intentions of the government as to war. It was thought that the British want of energy had deceived the Czar into a war into which Russia would soon be plunged.

Earl Clarendon defended the government and the Duke of Newcastle.

Earl Derby remarked that there was no allusion in the speech to President Pierce's message concerning important questions pending with England.

The Earl of Aberdeen defended his delay on Turkish affairs, but gave no explanation on the eastern questions.

A debate arose on the recent imputations thrown upon Prince Albert, Earl Aberdeen, Lord Harding and others defending the Prince.

The government engineers have reported the mail steamers unfit for war purposes.

NEW YORK, February 18.

PHILADELPHIA, Feb. 18.—Last night the house of William Wright of Ninth st., was entered by four burglars. Mr. Wright hearing a noise went down stairs, and had a desperate battle with the burglars, but them all off with a revolver and a piece of gas pipe, after inflicting serious wounds on two of them. The affair has caused considerable excitement. This is the second attempt that has been made in this city within a few days past. The police is in search for them, but have not yet detected them.

CHARLESTON, S. C., February 18.—A collision occurred on the Alabama river, between the steamboat Magnolia and the Wetumpka. The latter was sunk, and two or three lives were lost.

ROCHESTER, February 18.—A great anti-Nebraska meeting was held last night. Mayor Williams presided. All parties were present. Strong resolutions were passed.

NEWS FOR RIVER MEN:

8 feet 4 inches water in the channel, and falling fast.

The James Guthrie has arrived at last, with about 250 tons of freight, eight barges, and two coal boats. It appears that carrying freight and towing coal-boats, is like a man trying to kill two birds with one stone.

The steamer Georgetown has been sold to a Quincy Co., for $14,000.

We also understand that the *Alliance* has been sold for $2500, to a Tennessee Company.

The York State will leave this morning for St. Louis. She is under the command of Capt. Woodward, one of the most experienced officers on the river.

The steamer Mansfield Capt. Maratta, is now loading for Nashville.

The Twin City left on Saturday with a fine cargo for Nashville. Her principal loading was of Pittsburgh manufactured articles.

The Mansfield will have her cargo of the same. She is all right, has all our shippers know, in her equipment and officers.

The river commenced rising yesterday, from the effects of the late rains, with 5¾ feet water in the canal last evening. The weather continues wet, and the indications are favorable for a considerable rise, as the rains have been heavy and extensive.

Beaugrass creek was rising yesterday, with quite a current of water sweeping into the harbor, a sure indication of heavy rains in the vicinity. Whenever the quiet waters of the Beaugrass are moved into current, we are sure to have a rise in the Ohio.

The Gazel, of the red shutter line, started to Pittsburgh last evening with about 475 tons of provisions, as follows: 200 casks bacon; 500 barrels of lard; 100 tons of box meat, for the English.—*Louisville Courier, February 15.*

Arrivals from below are scarce, although there is from six to seven feet water reported in the channel. Several boats are due. Among them, and anxiously looked for, are the Louisville packets *Pike* and *Northerner*. Crowds are waiting a chance to get round to the Ohio. We trust they will be accommodated with a pleasant passage on one of the splendid packets this afternoon.

The Ed. M. Kennett. H. D. Bacon, and *Elephant* have arrived from below since our last issue. There has been considerable sickness among the emigrants, but not usually fatal.

The steamer *Excelsior*, lying at Montrose, above the rapids, has sunk from springing aleak, but is said to be in shallow water and probably can be easily raised. Captain Ward has gone up and will have her docked immediately, in order to be ready for the spring business when the river opens to Galena.

The *Geo. W. Sparhawk* slid off the ways yesterday into the river. The chains broke, but no damage was sustained.

The *E. H. Lee* has been sold to an Illinois company, for $3500.

Captain Boflinger and others have purchased the *L. M. Kennett*, for $32,000.

The *Anacosia* went out flying last evening, loaded to the guards, and had refused freight enough to load half a dozen boats.

The river continues to rise. We hear that the Upper Mississippi is open to Quincy, and probably to the rapids.—*St. Louis Democrat, February 15.*

Sickness on the River.—We learn that there is much sickness and death along the Mississippi river, among the emigrants. The St. Louis Republican of the 14th inst., says:

"The *L. M. Kennett* arrived from New Orleans the evening before last, in two months out. She had on board over 500 emigrants, mostly Germans, who had been over seven or eight deaths. Almost every boat that has been lying in the river at such a place as Cairo, has lost a larger or smaller number of their deck passengers from the same cause.

"*Indiana* left 21, the *Alice Scott* about thirty, and the *H. D. Bacon* 10 on the same account. The second clerk of the *H. L. Kennett* died at Cape Girardeau, about two weeks ago."

The river is at a fine stage of water for all classes of steamers. It has risen over eleven feet, and continued rising at the rate of two and a half inches per hour, at dark last night. Business was unusually brisk yesterday on the wharf, and the countenance of our riverman present a satisfied appearance at their prospects; a few days past, it was all despair, but now it is life and gaiety.

The Tuscaloosa, Captain John Johnson, is shingled for Pittsburgh.

The Crystal Palace, Capt. Wm. Kounts, will leave for Pittsburgh, at 10 o'clock, A. M. This splendid specimen of marine architecture is offered by experienced and clever gentlemen.—*Cincinnati Critonal, February 15.*
