THE CITY POST.

SATURDAY MORNING.....APRIL 15.

THE CONSPIRACY CASE.

COURT OF QUARTER SESSIONS.—Before the Hon. Wm. B. M'Clure, President Judge, and Wm. Rogers and Gabriel Adams, Associates.

FRIDAY, April 14.

FOURTH DAY.

This morning, William B. Darcy was sworn, and gave testimony similar to that of the other brokers examined.

Alexander McBane testified that Davis is a carpenter.

The defence closed here, and Mr. Stokes read a list of the authorities to be used by the Commonwealth.

A discussion took place between the counsel, in regard to the manner in which the argument should be conducted. The defence contended that if there was no reply made to the opening speech of the Commonwealth, the case would have to go to the jury with but one speech. After considerable discussion, the Court so decided the point.

Mr. Flanagin, at 11 o'clock, commenced the opening argument for the prosecution.

He was followed by Mr. Darragh for the defence; the concluding argument was made late in the afternoon by Mr. Stokes, for the prosecution.

WATER PIPE BURSTS.—On Thursday, we learn from the Allegheny *Enterprise*, the main pipe which supplies that city with water from the reservoir, bursted at the bridge over Butcher's Run, (the city line,) at Strasb's brewery. The water gushed up out of the ground, throwing the planks in every direction, and threatened to inundate the low ground in that vicinity; but, very fortunately, one of the employees of the works, who lived near at hand, had a plug wrench with which he stopped off the water both above and below the break. Mr. Ray, the Superintendent, and Mr. Palmer, one of the Water Committee, were soon at the scene of disaster, and men were busily employed all night in remedying the evil; the whole extent of the damage was not ascertained, and it is feared that sufficient time could not be procured, as the one which bursted was of the largest size (20 inch.) It is, therefore, impossible to say when it will be repaired; it may not be for several days.

All the manufacturing establishments which relied on the Water Works for their supply of water, will, in consequence, have to suspend operations until the break is repaired, and the citizens will be compelled to get their supply of water from the river.

PERSECUTION.—On Thursday evening, at the St. Charles Hotel, a supper was given to Mr. Wm. S. Campbell, late lessee of that establishment, by a number of his friends in this city.

Mr. Edward Rahm presided, after the cloth had been removed, assisted by Col. Anderson, the present popular Postmaster.

The event of the evening was the presentation to Mr. Campbell, of a Silver Pitcher and Goblet, of elegant workmanship. The presentation speech, by the way, was in very good taste, and was made by Mr. Kennay, of the *Union*. Mr. Campbell's response was truly eloquent.

After spending considerable time in an agreeable interchange of sentiment, the company, at an early hour, dispersed.

GOOD EATING.—Bennett, of Our House, serves up in his Aladdin-like palace, such suppers and dinners as the veriest gourmand and epicure might desire. A good restaurant, in a large city, is a great convenience, and our friend in this line of business has wonderfully succeeded in the establishment of such an "institution." Give him a call, whether it is fried, roasted, stewed, boiled, raw, or frizzled you want he will gull you to a turn.

OFF FOR CALIFORNIA.—John Little, jr., of the Sixth Ward, left a few days since on his return to California, via New York. He will sail from the latter city about the 20th of the present month. Success will no doubt attend Mr. L. in the Golden State of the Pacific. He is worthy of success, for industry and energy such as he possesses are always sure guarantees of success.

BE WISE TODAY, "'tis useless to defer, and any man who has an eye single to his interest, should not fail to remember that the Banner Hat Store is a good place. Indeed, one of the best to buy a good, tasty and cheap hat; the styles for young men cannot be surpassed. Remember, 147 Wood street, sign of American flag; positively no connection with any other of the trade.

ACCIDENT.—A man, whose name we could not ascertain, injured himself very badly yesterday, in Allegheny. He was passing up Federal street, intoxicated, with a knife in his hands; he fell, and the knife entering the abdomen, inflicted a very severe wound. It was thought from the man's appearance that he was employed on a steamboat, and had but recently arrived in the city.

RAILROAD ACCIDENT.—A young man, named Stevenson, a resident of the Ninth Ward, was killed near Johnstown, on Wednesday morning. He was acting as brakesman on the freight train, and accidentally falling on the track, several of the cars passed over him, crushing his body so that he died almost instantly. He leaves a wife and child to deplore his loss.

BODY RECOVERED.—The body of John Haldey, plasterer, of this city, who was drowned at the collision of the steamers Fanny Fern and Thos. Swann, which happened some weeks ago on the Ohio river, near Wheeling, was recovered on Monday last, a few miles below the scene of the disaster. The body will be brought to this city for interment.

THE NEBRASKA BILL AND THE A. R. P. CHURCH.—During the meeting of the Pittsburgh Presbytery of the Associate Reformed Presbyterian Church, which was held in Allegheny City on the 6th inst., a number of resolutions expressing the disapprobation of the Presbytery to the Nebraska Bill, were adopted.

DROWNED.—A Frenchman who had hired (to work his passage, as is supposed,) as a cock hand on the steamer Oakland, was drowned off the boat, about 8 P. M., of last of April, between Wellsburg and Wheeling. He was about five feet high, thick set and active. Captain Mellinger retains his trunk, &c., until claimed.

FOUND DROWNED.—The body of a man was found in the Monongahela river Thursday, lying in the water, at the stern of the steamer Alliance. He was taken out of the water and interred. The body is supposed to be that of a man drowned from off the steamer Pittsburgh, some time since.

CONTINUATION RAILROAD.—By a letter from a friend in West Newton, we learn that the corps of Engineers, having charge of the division of this road, near West Newton, have commenced operations. The engineers were to have commenced on the work about the last of the present week.

A LOT of fine gold and silver watches, jewelry, fine china, fine pair Canary birds, two book-cases, and wardrobe will be sold at M'Kenna's Auction House, this evening, at early gas light.

MISS KENNEDY, to-night at the Theatre, appears in an attractive bill. It is her last night, and those who have not witnessed her performance, should avail themselves of this opportunity.

MISS DAVENPORT appears on Monday next at the Theatre; Camille, we believe, is the piece in which she makes her appearance.

DISTRICT COURT.—Before Hon. H. W. Williams, Associate Judge.

FRIDAY, April 14.

Margaret M'Cafferty vs. W. H. Dallas—action, slander. In 1853 Plaintiff was owning in family of defendants' father, whose money was stolen; and the plaintiff, being suspected, was arrested, taken to the Mayor's office and committed to jail. The action is brought for slanderous words used by defendant on that occasion. Verdict for plaintiff for $100. Marshal for plaintiff; no appearance for defendant.

Same plaintiff vs. Jno S. Dallas. Slander. This action grows out of words spoken by defendant on the same occasion referred to above.

J. C. Cummins for use vs. R. Robb, trustee of J. D. Mason and wife. Scire facias to revive judgment. Verdict for plaintiff; no defence. Verdict for plaintiff, $1409.

W. McIntyre vs. Hazelton, reported yesterday. Verdict this morning for $303.50.

No other case being ready for trial, the Court, at 11 o'clock, discharged the jury, and all adjourned until 10 o'clock tomorrow. A new jury will be in attendance next week.

COMPLIMENTARY QUADRILLE SOIRÉE.—A grand complimentary farewell party is to be given to Mr. Hoffmann, on next Tuesday evening, April 18th, which will close the series for this year. Extensive preparations are being made by the managers to have this party come off in the most select, agreeable and pleasant manner. The tickets have been limited to a certain number, which will certainly assure the company to be very respectable, and we feel safe in predicting that it will truly be the party of the season.

FOUR DAYS LATER FROM EUROPE.

ARRIVAL OF THE HERMANN.

WAR DECLARED.

Battle between the Turks and Russians.

TURKS VICTORIOUS.

LARGE SPECULATIVE ADVANCE IN BREADSTUFFS

British Fleet Anchored off Kiel.

BRITAIN AND NEUTRAL RIGHTS.

NEW YORK, April 14.—The steamer Hermann has arrived off Sandy Hook. She brings Liverpool dates to the 29th.

The steamer Nashville, arrived out on the 27th, and the Andes on the 18th.

A Cabinet Courier has been despatched from England and Prince to Russia, with the ultimatum referred to, and with the announcement that no reply would be made. The result was announced by the Queen to Parliament on the 27th. The message concluded with the declaration that the Queen relied on the bravery of the army and navy in any emergency. Parliament was to consider the subject on the 31st.

A declaration of war appears in the London Gazette of the 28th. On the same day the legitimate at Paris received a message from the Emperor Napoleon, declaring that Russia had been placed in a state of war with France. The French government announces that it will not grant letters of marque to American vessels.

Naples fleet anchored off Kiel on the 29th.

Kossuth's Hungarian Bulletin covered the battle on the 23d of March, and 35,000 crossed at Malatka, without molestation.

A skirmish occurred between the Russians and Turks on the bridge at Oslanti Tubatai. The Turks destroyed the bridge, and 2,000 Russians were precipitated into the river and drowned.

The Duke of Parma was stabbed by an assassin, and died the next day.

There was great excitement in Russian produce. Hemp and Tallow have again advanced at Liverpool, and there were large speculative purchases of American Flour at an advance.

The Hermann's papers were received at half past eleven o'clock.

Richardson's circular quotes Baltimore, Philadelphia and Ohio Flour as firm at 38@40s. White Wheat, 11@12s 6d. Red and Mixed, 10s 6d@11s. White Corn, 42@43s. Mixed, 41@42s 6d.

LIVERPOOL, March 27.—Cotton firm at ¼ lower for American. Trade at Manchester is almost suspended. Mollenty quotes Beef scarce and wanted. Pork firm. Bacon steady. Lard, 2@3s dearer.

FURTHER NEWS BY THE HERMANN.

NEW YORK, April 14.—The Emperor Napoleon's announcement was received in both the Chambers with extraordinary enthusiasm.

All the warlike measures in France and England are being hastened.

A division of the Russian fleet left Sebastopol, to provision the Russian fortresses on the Circassian coast.

The Berlin and China mail reached London with Calcutta dates to the 10th February, and Hong Kong to the 11th. Trade in Calcutta was fair. Indigo has fallen; cards go to Canton.

Shanghai is in possession of the patriots. The rebel army was wintering near Pekin.

Exchange at Shanghai and Canton falling.

Dates from Australia to the 4th February, are received. The gold fields are yielding more freely and rich mines had been discovered. Trade was improving.

The following official document has been published:—Her Majesty, Queen of the United Kingdom of Great Britain and Ireland, having been compelled to take arms in support of an ally, is desirous of rendering war as little onerous as possible to the powers with which her subjects are at peace. To preserve the commerce of neutrals from all unnecessary interruption, Her Majesty has willing, for the present, to waive a part of the belligerent right appertaining to her by the law of nations. It is impossible for Her Majesty to forgo the exercise of her right of stopping enemies' contraband of war, and of preventing neutrals from bearing the enemy's despatches, and she must maintain the right of a belligerent to prevent neutrals from breaking any effective blockade which may be established with an adequate force, and to seize the enemy's property on the high seas. But Her Majesty will waive the right of seizing the enemy's property laden on board a neutral vessel, unless it be contraband of war. Yet it is not Her Majesty's intention to claim the confiscation of neutral property, not being contraband of war, found on board an enemy's ship; and Her Majesty further declares that, being unwilling to harass as much as possible the evils of war, and to restrict its operations to the regularly constituted forces of the country, it is not her present intention to issue letters of marque for the commissioning of privateers.

THREE DAYS LATER FROM EUROPE.

ARRIVAL OF THE STEAMSHIP AMERICA.

HALIFAX, April 14.—The America arrived early this morning, with Liverpool dates to the 1st of April.

LIVERPOOL BREADSTUFFS.—Cotton remained depressed throughout the week; prices irregular, ranging from ⅛ to ¼ below the rates per the Europa. The sales of the week were 30,000 bales—Brazilian, fire, prime and fine fermentating. Denison quotes Western Canal Flour at 38s@38s 6d. Philadelphia, Baltimore and Ohio Flour, 38s. Wheat advanced in some cases, 1½d; the average advance is 1d. Corn advanced on the Europa's quotations. Money tighter; Consols declined to 85¾.

THIRTY-THIRD CONGRESS.

WASHINGTON CITY, April 13.—*Senate*—The Senate, shortly after meeting, resumed the consideration of the Nebraska bill, when until 4 o'clock, when an adjournment took place until 10 o'clock, to-day.

Mr. Dixon, of Ohio, from the Post Office Committee, reported a bill modifying the rates of postage to 5 cents on a single letter, for all distances under 3,000 miles, and 10 cents for all distances over that distance, the postage to be prepaid with postage stamps; to go into effect next January. The bill increases the postage to 3 cents under 3,000 miles as to newspapers and periodicals. It also proposes to repeal so much of the former law as makes a reduction of 50 per cent on the postage thereof. Inland Bill was postponed for four weeks.

The House went into Committee on the Land Graduation Bill, which, after being amended as reported to the House. Adjourned.

PHILADELPHIA, April 14.—The City Councils last night passed the subscriptions to the Erie and Sunbury Railroad.

NEWS FOR RIVER MEN.

The River.—A foot 5 inches of water in the channel, and it has been at a stand for the last 24 hours. It rained the greater portion of yesterday, so there is no doubt of more water soon.

The Pennsylvania, Capt. Ellicottlee, the regular packet for Cincinnati to-day. She leaves at 12 M.

The steamer St. Clair, will leave for St. Louis this evening. A fine opportunity for those traveling that way.

The regular packet for Zanesville is the steamer *Dan Converse*. The *Pioneer* receives goods through to Columbus, O., by the Zanesville and Columbus Railroad. She leaves on Saturday.

The steamer *Chelsea* on Mississippi on the 30th and 31st ult. caused great destruction in its course. The following boats were more or less damaged:—*St. Nicholas*, chimneys blown overboard, and guards broken; *A. L. Mitchell*, *Patrick Henry*, *D. S. Stacy*, *R. J. Ward*, and *Magnolia*, lost their chimneys overboard. The storm extended over 100 miles along the river, driving down sugar houses, sheds, and negro quarters, sinking flats, and small craft, and doing much damage otherwise.

Boats Aground on the Rocks.—About daylight yesterday morning, the Empire State, Capt. Stein, from Cincinnati, with a cargo for New Orleans, while attempting to land at the wharf, swung out, and lodged on the rocks opposite Rollitt street. She had a heavy barge in tow, and a strong wind prevailing at the time, caused her to lodge on the rocks, owing to a heavy boat last night she was towed off.

The Alvin Adams, with a nice inch tissue, pulled at her yesterday and parted the line, and nearly cut her stern off and did quite damage. The hawser had been "made fast" through the rudder hole of the Empire State, and so great was the force exerted to pull her loose, that the hawser cut through the timbers and tilted out the planks of the hull, nearly to the waters edge.

The stern wheel steamer Latrobe, from the Wabash, we believe, after coming out of the canal last evening, lodged on the rocks about opposite Sixth street, and had to send for Dick Smith to pull her off last night. She was heavily laden, and a strong wind prevailing at the time, rendered her unmanageable, and she took a shoer on the pilot and grounded on the rocks.

Aground.—The Northerner, from St. Louis, reports the Hungarian had aground in the lower Ohio. This is the first report of a boat aground in our waters for some time.

Louisville Courier.

Nashville, April 8, Rise.—There are six feet scant on Harpeth shoals and falling.

150 Chair Lots For Sale.

IN ROCHESTER, BEAVER CO., PA., on a lease than half price. Fifty of these Lots will be sold at $50 each, and 100 lots at $100 each, for the benefit of mechanics and others, who cannot spare a second $50. Title warranted to all though deserving a *good building lot opinion*, last as much as a man worth hundreds of dollars, and cost but little. *Persons may have lots for their labor*, at liberal prices—paying $5 or $10 a month, in labor, and receiving a warranty deed in proportion to the time and the value of the labor, grounds is perfect, for which reference is made to Thomas Robinson, Esq., of *Beaver*, and S. P. Fetterman, Esq., of Pittsburgh.

A very great amount of labor will be required in this neighborhood, not only by the subscriber, but by any man who has a competence, but by the Beaver Manufacturing Company, by the Ohio and Pennsylvania Railroad Company, by the Ohio and Pennsylvania Canal Company, by the Beaver County Rentou Iron Company, who expect to erect 70 furnaces in a mile, about the Beaver Falls, and by the Beaver Valley Railroad. With regard to this process of selling lots, reference is respectfully made to Messrs. Kennedy & Bahn, J. K. Kennedy, J. M. Hallman, Lyon, Shorb & Co., W. Power Wood, J. R. Hendrickson, Wm. Whigham, and James H. Crane, Pittsburgh.

Contracts, for grading, excavating, quarrying, sliding stone work, brick work, carpentry, and other mechanical labor, may be entered into by those who apply.

The above mentioned lots are 40 feet front by 125 feet deep, each containing about 5000 feet, just double the quantity in common street City lots, of 25 by 100. The price, it will be seen, is only one cent a foot, or $ dollar for 100 feet front. *Here is more land than a lot in the city, down on for 5 cents, or its down on for 10 cents*, the price of a dollar, a day's labor, or the hundredth of his book. Who will not treat *real estate* in such a way?

The property now offered is worth double the price charged for it, and will be so acknowledged and appreciated by all, the moment it passes into other hands.

Many building lots are already bespoken, which will be ready for occupancy in the spring. Deeds will be made and be made at these prices, from the 8th to the 15th that only lots which *is public lots* upon the ground will be on hand, and lots will bring from $100 to $200.

Those who pay cash will deposit it with George Shorb, Esq., of Rochester, or with Messrs. Graff & Co., in Pittsburgh. The deeds will be made out, acknowledged and deposited in the same hands, to be delivered on receipt of the money.

Maps of the Borough of Rochester will be found at various public places, and smaller plates of the lots will be freely given to all who apply.

The above proposition will be open to the 15th inst. only.

Land for Sale:

1800 ACRES OF LAND IN FOREST COUNTY, near the Clarion river. This land is heavily timbered, has an excellent soil; and is said to contain an abundance of iron ore, and a thick vein of bituminous coal. The Venango railroad, which will undoubtedly be built, will run very near to it, if not directly across it. The Hillstown road runs through it.

ALSO, 500 acres in Elk county, well timbered and watered, and lying near the route of the Sunbury and Erie railroad.

No better investment could be made than in these lands. The completion of the Sunbury and Erie, the Allegheny Valley, and the Venango railroads through that region will render the coal, lumber, iron ore and soil of great value. Enquire of C. B. SMITH,

Attorney at Law,
