MISCELLANEOUS.

THE ANNIHILATION OF LANGUAGE.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spalding's great headache remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

'Ardly Realized.

Hi 'ad 'a 'orrible 'eadache this afternoon, hand I 'stepped into the hapothecaries 'and says hi to the man, "Can you hease me of ax 'eadache?" "Does it hache 'ardly" says 'e. "Hexceedingly," says hi, hand upon that 'e gave me a Cephalic Pill, hand 'pon me 'once it cured me so quick that I 'ardly realized I 'ad 'an 'eadache.

☞ HEADACHE is the favorite sign by which nature makes known any deviation whatever from the natural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be neglected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy, Gout, Rheumatism, and all febrile diseases. In its nervous form it is sympathetic of disease of the stomach constituting *sick headache*, of hepatic disease constituting *bilious headache*, of worms, constipation and other disorders of the bowels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and Plethora are also affections which frequently occasion headaches. Idiopathic Headache is also very common, being usually distinguished by the name of *nervous headache*, sometimes coming on suddenly in a state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking vomiting; under this class may also be named *Neuralgia*.

For the treatment of either class of Headache, the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the diseases of which Headache is the unerring index.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that Headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent me is just twenty minutes, and I wish you would send some so that I can have them handy.

Physician.—You can get them at any druggists. Call for Cephalic Pills, I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a *real blessing*.

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaimed from total loss by this valuable invention. Having made this Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Headaches will soon vanish away like snow in July.

Constipation or Costiveness.

No one of the "many ills that flesh is heir to" is so prevalent, so little understood, and so much neglected, as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant, are Headache, Colic, Rheumatism, Foul Breath, Piles and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abscesses, Dysentery, Diarrhœa, Dyspepsia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochondriasis, Melancholy and Insanity first indicate their presence in the system by this alarming symptom. Not unfrequently the disease manifest originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease and destroy this dangerous foe to human life.

☞ Do you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them at hand to use as the occasion requires.

Cephalic Pills.
CURE Sick Headache.
CURE Nervous Headache
CURE All kinds of Headache.

By the use of these Pills the periodic attacks of *Nervous or Sick Headache* may be prevented; and if taken at the commencement of an attack, immediate relief from pain and sickness will be obtained.

They seldom fail in removing the *Nausea and Headache* to which females are so subject.

They act gently upon the bowels—removing Costiveness.

For *Literary Men, Students*, Delicate Females, and all persons of *sedentary habits*, they are valuable as a *Laxative*, improving the *appetite*, giving *tone* and *vigor* to the digestive organs, and restoring the natural elasticity and strength of the whole system.

The CEPHALIC PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system, or from a deranged state of the stomach.

They are entirely vegetable in their composition, and may be taken at all times with perfect safety, without making any change of diet, and the absence of any disagreeable taste renders it easy to administer them to children.

BEWARE OF COUNTERFEITS!

The genuine have five signatures of Henry C. Spalding on each box.

Sold by Druggists and all other Dealers in Medicines.

FACT WORTH KNOWING.—Spalding's Cephalic Pills are a certain cure for Sick Headache, Billious Headache, Nervous Headache, Costiveness and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a more specific, these benefits might be expected by suffering humanity long after their discoverers are forgotten.
