THE CITY POST.

TUESDAY MORNING..........................MAY 23.

DEATH OF MR. JOHN D. WICK.—MEETING OF THE MERCHANTS' EXCHANGE.—A special meeting of the Pittsburgh Board of Trade and Merchants' Exchange, held on Monday afternoon, May 22, 1854, was called to order by John Shipton, president. The president announced the sudden demise of John D. Wick, and stated it was the desire of many members that the association should render some tribute of respect to the memory of departed worth.

On motion, William H. Smith, James M. Cooper, and William B. Copeland were appointed a committee to draft resolutions expressive of the sense of the association.

The committee reported the following preamble and resolutions, which were unanimously adopted:

When a good man dies it is becoming and proper that his friends and associates should express their sense of the bereavement, sustained by his family and society at large. It is also customary for associations deprived by death of a worthy member to record upon their minutes some testimonial of his character and worth, and to mingle with the sorrows of his kindred their unaffected regret; therefore,

Resolved, That in the sudden and startling demise of John D. Wick this association deplore the loss of a most excellent member, and society laments a citizen whose place will long remain unfilled.

Resolved, That the amiable character of the deceased, his gentle and pleasant demeanor, his exemplary morals, and his unswerving probity, rendered him eminently worthy of respect while living, and of our profound reverence for his memory when dead.

Resolved, That we tender our sincere sympathy and condolence to his afflicted and bereaved family in this severe dispensation of divine Providence.

Resolved, That we will attend his funeral in a body at the hour appointed. JOHN SHIPTON, *President*.
WILLIAM S. HAVEN, *Secretary*.

FOOLS OR KNAVES.—Some of the madmen residing in Wheeling (we are unwilling to believe it was men imbued with common sense or decency,) made a most outrageous attack on the steamer Pennsylvania, as she was leaving the Wheeling wharf on Saturday evening. It seems a portion of the inhabitants of that interesting village, got an idea into their silly heads that the act of the Captain of the Pennsylvania, in lowering the chimnies of that boat on her upward passage, was in derision of the prostrate bridge structure. When the Pennsylvania arrived at Wheeling on Saturday evening, there was a very large crowd congregated on the wharf, awaiting her arrival. An attack was soon commenced with stones and other missiles. The stern of the boat, particularly the fine work about the ladies' cabin, was very much damaged, and one young lady in the cabin was severely injured by a blow from a stone, which cut her face and caused profuse bleeding. The Mayor of Wheeling told Capt. Klinefelter it was impossible for him to control the mob, and requested him to back his boat out into the stream. But it was too late, and as the steamer rounded to she was saluted with a volley of stones, breaking the cabin windows, sky lights, &c.

Our informant states that about five thousand persons were congregated on the Wheeling wharf, and a most intense excitement prevailed.

Is not this riot attributable to the false and nonsensical statements made by the Wheeling papers in regard to the lowering of the Pennsylvania's chimneys on her upward passage?

FIRE.—On Sunday morning, between eleven and twelve o'clock, a fire was discovered in the garret of a house on the east side of the Diamond, occupied by Mr. Joseph Ross as a dry goods store, and, although the alarm was immediately given, and the firemen promptly on the ground, extended to the upper story of the house adjoining, (a millinery establishment kept by Mrs. Lyons) The roofs of both buildings were destroyed by the fire, and both houses completely inundated by the immense quantity of water thrown. Mr. Ross' loss, by fire and water, will probably amount to $2,000, which is covered by insurance, we believe. Mrs. Lyons was also insured sufficient to cover her loss, which will not exceed $1,000. The buildings were owned by Mr. David Shields, of Sewickly, and have insurance enough on them to cover all damages.

AMUSEMENT.—Another of those select and social cotillon parties takes place this evening, at Cargo's Hall, near Smithfield street. These Assembly Parties have been kept up during the winter, and have certainly been the best series of dancing soirees ever got up in our city. Lovers of temperate recreation should by all means attend. A select party every Tuesday evening. Invitation tickets can be procured of Frank Cargo, at No. 76 Fourth street, or of the managers.

ASSAULT AND BATTERY.—Michael Michaels, charged before Mayor Adams, of Allegheny, with assault and battery on the person of Ann Boorier, was sent to the Hill for trial. The same individual was also committed for an assault on Frederick Beilstein.

John Mooney, charged on oath of Arthur M'Mahon with assault and battery, was committed for trial by Alderman M'Masters.

DR. COOPER, once famous as the "Bard of Mt. Airy," but who latterly has retired from the world of "Belles Lettres," made his appearance before Alderman Lewis yesterday, with a complaint against one of the keepers in the County Poor House, named Hoffner, charging him with committing a brutal assault upon the said Doctor. A warrant was issued for the arrest of Hoffner, and, by this time, he is doubtless in custody.

BEATING HIS WIFE.—John Mink was yesterday brought before Alderman Parkinson, to answer a charge of disorderly conduct, preferred against him by his wife Mary. He was also accused by the same lady of leaving her in a destitute condition, and refusing to provide for her maintenance. The Alderman held him to bail to answer the charge at the next term of Court.

ASSAULT.—A man named William Walker made oath against Thomas Grey, before Alderman Parkinson, yesterday, charging him with assault and battery. The offence is alleged to have been committed in the store of Robb & Correy, in the Ninth Ward, some time last week. Grey was held to bail.

ALDERMAN MAJOR was yesterday called upon to preserve the peace between John Conolly and Patrick Mullen—John having charged Patrick with committing an assault and battery upon him. The squire settled the difficulty by holding Mullen to bail to answer the charge.

ESQ. HAGEMAN, of Birmingham, this morning held a man named D. M. Keiffer to bail, for an assault and battery, committed on George Shwertzer.

THE ATTENTION of the trade is solicited to the large sale of superior made shirts, this morning, at 10 o'clock, by P. M. Davis, Auctioneer.

Myers' Extract of Rock Rose.—NEW HAVEN, January 1st, 1852.—My son Charles has been afflicted with inflammation of the hip joint. At the age of five he was first attacked, inflammation increased until the hip was very badly diseased, and the joint seriously affected his leg, drawn up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again. The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb was attended with great pain, so that he could not sleep. I watched him so attentively that for five months I did not have one full night's rest. He had been treated by distinguished medical practitioners by leeching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried but without avail. This was his disease and dreadful condition eighteen months; since when he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was entirely completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing

MRS. CATHERINE MCGILL, 94 Wallace st., New Haven, Ct.

Or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Belden, New Haven, Ct.

FOUR DAYS LATER FROM EUROPE.

ARRIVAL OF THE FRANKLIN.

NEW YORK, May 22.—The steamer Franklin arrived to-day, with Liverpool dates to the 10th.

LIVERPOOL MARKETS.—Cotton—Milligan reports the sales of Cotton for four days at 26,000 bales; Orleans fair, 6⅝; middling, 5⅝; upland fair, 6⅛; middling, 5⅝; demand active. The sales to speculators were 2,000 bales, and for export, 5,000.

Flour.—An extensive demand at an advance of 1s.

Provisions.—Beef advanced; Pork very firm; Lard unchanged.

Manchester market quiet and unchanged.

London Money Market easier. Consols rose to 88, in consequence of the Chancellor of Exchequer having announced in the Budget that no loan will be raised for war purposes.

PARIS.—The Paris Bourse rose on the report that Denmark and Sweden had joined the Western powers.

Lord Elgin has been charged with a special mission to the United States.

The steamer Arctic had not arrived out.

Austria has presented fresh terms to Russia, which, if declined, she will join England and France.

The Russian fleet, it is reported, sailed from Helsingfors on the 5th May, when Admiral Napier signalled the fleet to prepare for sea immediately.

It is understood that Lord Elgin is charged with a special communication from the English government to the President of the United States.

The Arctic has not been telegraphed at Liverpool.

There is nothing from the Black Sea or the Danube.

A camp of 1000 men is to be formed near St. Omers, partly as a demonstration against Russia, and partly to throw the troops from thence to the Baltic, when necessary.

LIVERPOOL MARKETS.—Cotton—There is a fair demand for Cotton to-day. Says Wm. Clare & Son's circular: The purchases made for export have added largely to to-day's business. The trade having bought sparingly, prices are unchanged. Hollingshead reports the market firm and dearer than last week.

Breadstuffs—Richardson & Brothers report an extensive demand for Flour, notwithstanding large importations; there is an advance of 1s on really fine Philadelphia, Ohio, and Baltimore, sales having been made of such at 39s@40s. Indian Corn in better request, and recovered 1s from last week's decline.

Provisions—M'Henry reports Beef in advancing. Pork very firm. Bacon moves freely, and the decline is seemingly arrested. Lard is in good demand at previous rates. The Manchester market was quiet, and prices were unchanged.

London money market easier.

The income tax has been doubled. The malt tax in England has been raised, and a duty put on sugar.

London Markets.—Corn market down 1s@2s. American Flour saleable at previous prices. Sugar excited, at 1s@2s advance. Coffee inactive. Saltpetre advancing.

Latest by telegraph to Southampton.—A dispatch has been received from Richardson & Brothers, who received it the same morning by telegraph from Cork, stating that the captain of the Baldaur reports that on the 21st of April, in latitude 45 deg. 30 min., longitude 32 deg. 54 min., he saw a steamer's hull, funnel black, inside drab, paddle boxes yellow. There were no people on board, and there was a barque alongside.

It was probably the City of Glasgow making for the Azores, then four hundred miles distant. A note expressed doubts as to the steamer seen being the Glasgow, as the Glasgow had no paddle-boxes, being a propellor.

Mackin's circular reports active purchases of Flour by dealers on the 2d of May, at extreme quotations. Yellow Corn held at 39s 6d. Philadelphia and Baltimore Flour 37s @37s 6d. Mixed Red Wheat 10s@11s 6d; White 11s 9d@12s 6d.

The Hermann arrived off Cowes at midnight, on the 6th. The America reached Liverpool on the 8th.

Fuller details are given of the bombardment of Odessa. The Russian version makes a different affair, claiming it as a brilliant feat on the part of the Russians, and stating that decorations had been bestowed on the officers engaged in it. The Russians acknowledge 4 killed and 64 wounded. Admiral Dundas' official report was not received.

An additional camp of 50,000 has been formed near Marseilles.

The Turks are about to blockade Greece.

The Shah of Persia has become hostile to Russia, and is raising an army of 50,000.

The Turks have advanced from Kalafat to Krajova.

The Indian mail arrived at Trieste, with Calcutta dates to April 6th, and Hong Kong dates to the 27th March.

The Russian fleet left Manilla for Batavia.

THIRTY-THIRD CONGRESS.

WASHINGTON CITY, May 22.—*House.*—Mr. Stephens, of Georgia, moved to strike out the enacting clause of the Nebraska Bill, avowing his intention to cut off all the amendments, and having the Bill reported to the House as voted on, as time enough had been wasted.

Much excitement prevailed, gentlemen declaring that this course was a violation of the rights of the minority.

Mr. Stevens' motion was agreed to; yeas 103, nays 22.

Many of the minority refusing to vote, Mr. Richardson moved the previous question, agreeing with the report of the Committee.

Various points of order were raised.

Mr. Pringle moved that when the House adjourn, it be adjourned until Wednesday.

The greatest excitement prevailed, amidst many calls for the yeas and nays from the minority.

PHILADELPHIA, May 22.—At a meeting of the stockholders of the Pennsylvania Railroad, this morning, the Directors submitted a report relative to the purchase of the Main Line, stating that nearly $3,000,000 would be required for renewal and repairs of the road, and the estimate the total value at only $7,500,000. The report takes against the purchase at the rate of $10,000,000 specified as the minimum by the act of the Legislature. The Report was referred to a committee of stockholders, to report two weeks hence.

The Committee of Directors that visited Chicago, relative to proposed assistance to the Chicago roads, made a report favoring the endorsement of the bonds of the Ohio and Indiana and Fort Wayne and Chicago Railroads, to the amount of half a million each; but a resolution was adopted stating that in the absence of authority given by the Legislature, and in the present financial difficulties of the country, the measure was inexpedient at the present time.

BOSTON, May 22.—On Saturday night two men called at the shop of Mr. Pollard, in Charlestown, knocked him down, gagged him, and robbed him of $600; and then, after covering him with shavings, set fire to them and fled, locking the shop door. The flames bursting out caused an alarm of fire, and Mr. Pollard was rescued, badly burnt.

Mr. Everett has written a letter to Gov. Washburn, tendering the resignation of his seat in the Senate, in consequence of ill-health. This step was taken, he says, after anxious deliberation, and in obedience to the decisive opinion of his family physician, Dr. Warren.

BALTIMORE, May 22.—The Charleston *Courier* says a private letter has been received from Mexico, dated May 6th, which states that Santa Anna had reached Tuckabaya, three miles from the capital, and Madame Santa Anna had left the city to join him. The general impression was that he had retaken and garrisoned Acapulco, and opened a communication between the capital and that port.

Mr. Edwards, President of the Railroad Company, arrived at Mobile. The Congress of Honduras had ratified the contract granting the company two and a half millions of acres of land.

WASHINGTON CITY, May 22.—Caucuses of the friends and opponents of the Nebraska bill were held on Saturday night. The latter will struggle to prevent the question being taken before the time fixed for taking up the Pacific Railroad Bill, on Wednesday.

The opposition is well organized and determined. Exciting scenes may be expected. The friends of the Bill are sanguine of getting the vote.

BUFFALO, May 22.—The Old School Presbyterian Assembly appointed Dr. Alexander T. M'Gill to the Professorship of Pastoral Theology at Princeton Seminary. The report of the Danville Seminary states that the funds raised this year amount to $70,000. The Union Theological Seminary report that the invested funds amount to $64,000. The report of the Board of Education showed the receipts of the year to be $54,000.

NEW YORK, May 22.—The Franklin brought among her passengers M. de Cuta, Minister from Spain to the United States, and Mr. Winslow, Bearer of Dispatches from Spain.

Yesterday, off Nantucket Shoals, the Franklin came in contact, in a fog, with the propeller William Penn. No damage done.

NEWS FOR RIVER MEN.

The River.—5 feet water by pier marks, and falling; making a fall of ten inches since Saturday evening at seven o'clock.

The regular packet for Cincinnati to-day is the fine steamer *Allegheny*, Captain M'Lane. She will start at 10 o'clock.

The steamer — arrived yesterday, not from "Sher—," but from Brownsville — we expect to give in a few days.

The steamer *Americus* arrived yesterday with 1,812 sacks of Wheat, 130 tons of Pig Metal, and near 200 tons of other freight. Quite a load for the present stage of water.

The regular Louisville packet, *Sam Snowden*, Captain Knox, as will be seen by her card, leaves to-morrow. Those wishing to make a quick and pleasant trip should take passage on the *Snowden*.

Violent Storm of Wind and Hail.—The steamer *John Simonds*, when near the mouth of Red River, on Thursday last, encountered a violent storm of wind, accompanied by a heavy fall of hail.—*N. O. Crescent, 13th.*

Nashville Union and American, May 16.—The river is rising slowly, with 4½ feet water on the shoals. Weather fair and warm.

Provisions for the East.—The St. Louis *Intelligencer*, of the 15th says:—The steamer *Young America*, from Illinois river, Saturday evening, brought down 688 casks and hhds. of shoulders, sides, and hams, and 255 boxes sides, the whole of which goes directly forward to the East. The shipment was made from the packing establishment of Kellogg & Walker, of Peoria.

Collision.—Loss of the Dr. Franklin.—The steamer *Galena*, bound up, and the *Dr. Franklin*, down, came in collision on Tuesday night, about twenty miles above Dubuque. The *Franklin*, being the weaker vessel, fared the worse,—her hull was broken in two, and she sank almost up to her boiler deck, within a few minutes after the concussion. No lives were lost. It is believed two or three of the passengers jumped overboard through fright, but it is thought they were picked up again.

The collision arose from a misunderstanding of the signals on the part of the pilots. We do not know who owns the *Franklin*, but are informed that she is uninsured. Her cargo, as well as the boat, is a total loss. She was a small craft, and pretty well along in years—supposed to be worth $8,000.—*Louisville Democrat, May 19.*

Land for Sale.
1800 ACRES OF LAND IN FOREST COUNTY, near the Clarion river. This land is heavily timbered, has an excellent soil, and is said to contain an abundance of iron ore, and a thick vein of bituminous coal. The Venango railroad, which will undoubtedly be built, will run very near to it, if not directly across it. The Milltown creek runs through it.
ALSO, 600 acres in Elk county, well timbered and watered, and lying near the route of the Sunbury and Erie railroad.
No better investment could be made than in these lands. The completion of the Sunbury and Erie, the Allegheny Valley, and the Venango railroads through that region will render the coal, lumber, iron ore and soil of great value. Enquire of C. B. M. SMITH,

Especial Notice to Persons Using Cod Liver Oil.—The subscriber having made arrangements with Messrs. Peppicin & Thompson, for a regular supply of their genuine COD LIVER OIL, put up in pint bottles, would respectfully invite the attention of the public to an examination of the article, being fully persuaded that for purity and freeness from rancid taste or smell, it is unequaled. There is now no Cod Liver Oil in this country superior, if equal, to the above. Hundreds of bottles have been sold, and given unrivaled satisfaction. In the article of Cod Liver Oil, persons taking it should be careful to obtain a genuine article and one free from a rancid taste and smell, as its virtues are greatly enhanced by its being acceptable to the stomach and not producing nausea—purity and a pleasant taste makes it more readily taken up by the lacteals and absorbed into the blood, and thereby in causing the richness of that fluid giving a tone and healing impression to every organ through which it passes. Shoulder Braces of the best and latest fashions.

[From the Pittsburgh Daily Dispatch, Feb. 24, 1853.]
An Excellent Article.
Persons who have acquired a stooping position, by following a sedentary occupation will experience great relief by the use of the "Washington Suspender Brace," made and sold by Dr. KEYSER, corner of Wood street and Virgin alley. It answers for a brace and suspenders, the weight of the pantaloons is so placed as to continually tend to bring the shoulders to their natural position, and expand the chest. We purchased one some time ago, and have been so pleased with it that we unhesitatingly give it a "puff" gratis. Women, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. Be particular in procuring the kind mentioned, as many of the braces sold are humbugs.

[From the Pittsburgh Dispatch, February 4, 1854.]
Having worn one of Dr. Keyser's Washington Shoulder Braces, until it is no longer fit for service, we feel perfectly competent to discourse upon its merits. By using its the weight of the pantaloons aids in throwing back the shoulders, and expanding the chest, which it answers every purpose of suspenders. No one who is "stoop-shouldered" or whose occupation is sedentary, can afford to be without one of these braces. Women and girls, whose health is too often injured by the weight of their under-garments, should wear them. We have tried several kinds, but none seem at all equal to the "Washington," and we wish others to profit from our experience.
