THE CITY POST.

WEDNESDAY MORNING:.....JULY 26.

DESTRUCTION OF AN ORPHAN ASYLUM BY FIRE.—A fire broke out yesterday morning, about nine o'clock, in a bed room in the third story of St. Joseph's German (R. C.) Orphan Asylum, situated on Troy Hill, Allegheny, and, owing to the distance from the city, and the inaccessibility of the building, it was entirely destroyed. The fire was first discovered by a man working in a brick yard adjacent; and so slowly did it spread, that time was afforded to remove nearly all the furniture. There were about forty orphans in the building, who were greatly frightened, but were all taken out without any accident occurring. The clothes of the children, with the exception of what they had on, were burnt up—some of them even saving only a partial suit. The building was erected a short time ago, at a cost of about seven thousand dollars; and as it is almost completely ruined—a portion of the walls only remaining—we presume the loss will not fall much short of that amount. There is an insurance of three thousand dollars in the Harrisburg Mutual. A great many reports are in circulation in regard to the origin of the conflagration; but the general opinion appears to be that it was accidental.

The Niagara was the only fire engine on the ground, and did good service saving the adjoining property.

SNOBS REBUKED.—Several "very young men," whose youth probably prevented them from knowing better, having taken umbrage at Sir William Don, for his refusal to dine at the public table of the hotel at which they were boarders, made a futile attempt, on Monday evening, to hiss him off the stage. The attempt, however, quickly met with that rebuke from the decent portion of the audience which such graceless conduct deserved. After the hubub created by the hissing and cheering had somewhat subsided, Sir William came forward, and said he was very sorry that he was the occasion of such an excitement—that it was the first time anything of the kind had occurred since his arrival in this country, and he felt certain it was not caused by his conduct on the stage. If he had offended any one by refusing to dine at the public table, he regretted it exceedingly, as he really thought it was just as democratic to dine in his own room, in his shirt sleeves, upon a cold mutton chop, when the weather was warm, as it was to take his meal in public.

The audience immediately acknowledged their coincidence in his remarks, by giving him an unlimited number of cheers, and the performance proceeded without any further obstruction.

ROW ON THE STEUBENVILLE RAILROAD.—A difficulty occurred yesterday morning on Section 4 of the Pittsburgh and Steubenville Railroad, between one of the contractors, named Addison Foster, and three of the men in his employ, during which the contractor was beaten in a very severe and brutal manner. The men, who are all Irish, and named Dominick Rodgers, Peter Nary, and Mich't Coffee, were ordered to perform a piece of work, which they refused to do; and when the interference of Foster was called, all three jumped upon him, and battered him for a minute into a jelly. Information of the outrage was sent to town, and warrants for the arrest of the perpetrators issued.

ODD FELLOWS' CELEBRATION.—The members of St. John's Lodge, I. O. O. F., from Port Perry, will have a public celebration and procession in regalia, at Braddock's Field, to-day. R. Biddle Roberts, from this city, is announced as the orator of the day; addresses will also be delivered by other eminent gentlemen. A ball will likewise be given in the evening, at the hotel of Mr. H. D. Heagy, who has made the most complete arrangements, to render it a pleasant and agreeable affair. A cordial invitation is extended to members of the order and others, to be present and participate. Those desirous to attend can go either by the cars or the boat.

SUITS AGAINST THE SHERIFF.—Two different suits were yesterday instituted against Sheriff Magill, in the District Court, for violations of the 11th section of the Act of Assembly, of 28th of February, 1835. The act in question prescribes that the Sheriff shall post up in his office certain notices of sales of property, which the prosecutors allege he neglected to do. One of the suits is brought by Thomas J. Coleman, the other by Jared M. Brush, Clerk of the Courts.

THE SMALL NOTE CONSPIRATORS.—The decision of the Supreme Court has at last been given in this case, but it is too long to be transferred to our columns. It overrules all the exceptions taken, and affirms the decisions of Judge M'Clure in full. This last hope of the prisoners, therefore, is taken from them, and the sentence of the Court will have to be served out. Their term of imprisonment will expire on the 29th inst.

ALLEGHENY VALLEY RAILROAD.—A warrant was yesterday issued by Mayor Volz, for the arrest of one of the employees on this road, named Simon Torry, charged with attempting to kill Thomas Baloff. The difficulty from which the above complaint originated occurred a few days ago, and was caused by a toss of the article from which nearly all affrays arise—whisky. The complainant was injured considerably, but will recover.

A RUN OFF.—A pair of mules attached to one of Lewis' iron wagons, ran off while passing over the St Clair street bridge on Monday afternoon. Coming out of the bridge into Federal street, the wagon ran against the post, threw the driver out upon the pavement, and bruised him severely. The mules ran up the street, and were stopped in front of Beckham's & Keep's Hardware Store.

INJURED.—On Monday morning, a man named Gordon, while laboring under aberration of th ecuind, jumped out of the second story window of a house on Penn sylvania Avenue, and broke his leg. He was also severely injured internally. He was conveyed to Dr. Williams' office, and his injuries attended to by the Doctor.

RIOT.—Three young men from M'Keesport, named George, Samuel and John Baker, were yesterday sent to jail from that borough, by Squire Cochran, for raising a disturbance, and attempting to kill a man by beating him over the head with a bar of iron.

OUTRAGE.—John Wylman appeared before Mayor Volz yesterday, and stated that while driving along Duncan street, in a wagon, he had been stopped by a man named John White, and beaten severely over the head with a stick. A warrant was issued for the arrest of the accused.

ASSAULT AND BATTERY.—Ald. Major yesterday committed Thomas Rafferty to jail, on oath of his wife, Elizabeth Rafferty, for the above offence. The parties reside in the Sixth Ward.

DISCHARGED.—Ruth Dickerson, who was committed by Ald. Heisly, on Monday, for larceny, was yesterday discharged on bail.

OUR READERS will bear in mind the sale of nine crates of Queensware and China at M'Keona's Auction House, this afternoon at two o'clock.

ACCIDENT.—A man named Dunn had his arm broke yesterday, by getting it entangled in a belt in the Leather Factory of Patricks & Friend, in the Sixth Ward.

☞ On such subjects the testimony of WOMAN SHOULD BE CONCLUSIVE.

NEW YORK, August 2, 1852.

Mrs. Clute, of No. 272 Second street, believing her child, about three years old, to be troubled with worms, purchased one bottle of Dr. M'Lane's Celebrated Vermifuge, and gave it two tea spoonsfull, which had the effect of causing the child to discharge a large number of worms. The child is now enjoying good health. We would advise all parents who may suspect their children to be troubled with worms, to lose no time, but immediately purchase and administer Dr. M'Lane's celebrated Vermifuge. It will cure them. Money will be refunded in all cases where it does not give satisfaction.

P. S.—The above valuable remedy, also Dr. M'Lane's celebrated Liver Pills, can now be had at all respectable Drug Stores in this city.

Purchasers will be careful to ask for, and take none but Dr. M'Lane's Vermifuge. All others, in comparison, are worthless.

NEWS FOR RIVER MEN.

The River.—Last evening at dusk, the metal mark called for nineteen inches water in the channel. We heard of rises in several streams above, but nothing authentic.

The steamer *Jesse Lazear*, Capt. Anawalt, leaves for Brownsville this morning at 8 o'clock, to place of the *Jefferson.*

The Paducah *Journal* learns that the Captain and Pilot of the Nashville packet *Luella* have been lodged in jail at Smithland, on a charge of murder, they having run their boat over a boy who was crossing the river in a skiff, and instantly killing him.

Capt. Marsh's new hull arrived from Walker's shipyard yesterday. She is to be called the *Ocean Wave*, and when finished is intended as a regular packet between St. Louis and La Salle. She is of fine model, and will be finished in a style that will compare with any boat in the trade.

We clip the following items from the St. Louis *Democrat* of the 22d:—

Weather in New Orleans very warm, but health good. Business getting dull.....The steamer *Illinois* was sold on Thursday for $34,000. It is said that her late owner, Capt. Smithers, intends building a new boat immediately.....The river is falling at Davenport, and on a stand at Lower Rapids, with thirty inches in the channel.....The fine little steamer *Col. Morgan*, which has been compelled by the total drying up of the Desmoines river, to drop out of that trade, arrived from Ouquwka yesterday morning with a load of grain, bacon and whisky.....The *Banner State*, when returning from Council Bluffs, and when twelve miles above St. Joseph, on Saturday the 15th, struck a snag, which broke many of her timbers on the starboard side of the boat abaft the boilers. She immediately sunk, owing to the great rush of water into her hold, which, at the time, contained about three hundred tons of valuable freight. The pilot was immediately despatched to St. Joseph, where he engaged the *Polar Star* to proceed to the scene of the disaster; she rendered some service, for which was paid the sum of $500. The *Banner State* arrived yesterday morning at our wharf, and shortly after moved up—we suppose to the docks. The amount of damage done to the freight was not ascertained yesterday. The fact of her being set afloat and enabled to proceed on her trip in so short a time after sinking, was owing to the removal of her deck load by the *Polar Star*, and the untiring energy of the hands on the *Banner State* in pumping out the water, and stopping up the hole made by the snag.
