THURSDAY, FEB. 28, 1878.

—Capt. Woodward has a wood yard.

—Call at this office for note paper and envelopes.

—This is the last week the Auditors' Settlement will appear.

—Potatoes are retailing at fifty and sixty cents a bushel.

—Presbyterian Sociable next Wednesday, March 6th, at the house of D. S. Luther.

—Don't forget the festival at Rhines' Hall to-night and to-morrow night.

—Mrs. W. H. Schram, is very ill of a cancer. We understand she is to be taken to Cincinnati for the purpose of having the cancer removed.

—Just received by James M'Afee, Merchant Tailor, a new and complete line of samples for the Spring and Summer trade. Give him a call.

—The mild weather the end of last week has given place to a cold snap. A good rafting stage allowed our lumbermen to get out their lumber.

—Last Thursday evening the house occupied by James McGovern, opposite Miner Wilcox's was found to be on fire in the basement. The alarm was at once given and the fire put out without much loss.

—In printing the result of the Ridgway township election we marked VanOrsdall, for Inspector and Bailey for Clerk, as Greenback candidates when they should have been marked as Fusionists.

Samples.

Over 150 different samples of Spring Goods at prices from $10 to $35 at the Wanamaker agency at The West End Store.

—The officials in several townships in Elk county will be brought up, with a round turn, one of these days for neglect of duty in not publishing the township accounts as the law directs. And a plea of ignorance of the law will not avail them.

—*Pomeroy's Democrat*, of which we spoke several weeks ago but neglected to state the place of publication and price, is published at Chicago, Ill., at $2.00 per annum. Send for specimen copy. Address, M. M. POMEROY, P. O. Box 523, Chicago, Ill.

—We understand our Wilcox subscribers did not receive the ADVOCATE last week. The package was sent from this office as usual on Thursday, and we are at a loss to understand the meaning of the mystery, and propose to make diligent inquiry to ascertain who is to blame in the matter.

—A Chester county boy baby, one year old, weighs sixty pounds. His height is 32 inches; around the chest he measures 29 inches, and a measurement taken around the head in a line with his ears and nose showed 21 inches. At the time of his birth he weighed 14½ pounds.

A WHOLE SUIT

of clothes made to order for TEN DOLLARS. Look at The New Spring Samples at The West End Store.

—We have received our garden seeds for the coming season from James Vick, Rochester, N. Y. Vick has furnished us with seeds for three or four years, and we have always found them strictly first-class, and ready to come up at the slightest provocation. Send your orders for seed to Vick and we guarantee you will not regret it.

—We have for sale at this office a pamphlet entitled "Thanksgiving Sermon of Rev. J. M. Gillette, with Remarks and Criticisms by 'A Catholic,' as published respectively in the Elk *Democrat* and ADVOCATE." The price is twenty-five cents. There having been a great demand for extra copies of the ADVOCATE containing the article by "A Catholic," we decided to issue it in pamphlet form, and finally concluded to include the "Thanksgiving Sermon" and other articles appearing in the *Democrat*; thus giving both sides of the question in a handy form.

—Secretary Schurz and Ass't Attorney Gen. Marble were before the House committee on Indian affairs Friday, giving their views in reference to the proposed transfer of the Indian Bureau to the War Department. The Secretary expressed a desire to have the question definitely settled as soon as possible, in order that the necessary estimates of the appropriations for that department during the next fiscal year may not be interfered with. He proposed the enactment of a bill appropriating $250,000 to be used in pacifying the Sioux and other hostile Indian tribes.

E. K. THOMPSON, Dear Sir:

I am a hard laboring man, and have been troubled for two years with pain in my chest, hurting me to take a long breath, and feeling tired so that I could not walk far without a good deal of effort; at times dizzy in my head. Thought I should have to stop working. I got a bottle of your Barosma and a box of Dandelion and Mandrake Pills, which have relieved me very much indeed—feel like a new man. Shall continue to take one bottle more, which I think will make me entirely well. C. J. LENGVIST.

The "National Party."

At Toledo, Ohio, on the 22d inst., the new party met in Convention and adopted the following:

PLATFORM.

WHEREAS, Throughout our entire country the value of real estate is depreciated, industry paralyzed, trade depressed, business, incomes and wages reduced, unparalleled distress inflicted upon the poorer and middle ranks of our people, the land filled with fraud, embezzlement, bankruptcy, crime, suffering, pauperism and starvation; and,

WHEREAS, This state of things has been brought about by legislation in the interest of and dictated by money-lenders, bankers, and bondholders; and,

WHEREAS, While we recognize the fact that men in Congress connected with both the old political parties have stood up manfully for the rights of the people, and met the threats of the money-power and the ridicule of an ignorant and subsidized press; yet, neither the Republican nor the Democratic party in their National policies propose remedies for the existing evils; and,

WHEREAS, The Independent Greenback party, and other associations more or less effective, have been unable hitherto to make a formidable opposition to the old party organizations; and,

WHEREAS, The limiting of the legal tender quality of greenbacks, the changing of currency bonds into coin bonds, the demonetization of the silver dollar, the excepting of bonds from taxation, the contraction of the circulating medium, the proposed forced resumption of specie payments, and the prodigal waste of the public lands, were crimes against the people, and as far as possible the results of these criminal acts must be counteracted by judicious legislation. Therefore, we assemble in National Convention and make a declaration of our principles, and invite all patrictic citizens to unite in an effort to secure financial reform and industrial emancipation. The organization shall be known as the "National party," and under this name we will perfect, without delay, National State and Local Associations, to secure the election to office of such men only as will pledge themselves to do all in their power to establish these principles.

1. It is the exclusive function of the General Government to coin and create money and regulate its value; all bank issues designed to circulate as money should be suppressed; the circulating medium whether of metal or paper, shall be issued by the Government and made full legal tender for all debts, duties and taxes in the United States at its stamped value

2. There shall be no privileged class of creditors; official salaries, pensions, bonds, and all other debts and obligations, public and private, shall be discharged in the legal-tender money of the United States, strictly according to the stipulations of the Laws under which they were contracted.

3. That the coinage of silver be placed on the same footing as that of gold.

4. Congress shall provide said money adequate to the full employment of labor, the equitable distribution of its products and the requirements of business, fixing a minimum amount per capita to the population as near as maybe, and otherwise regulating its value by wise and equitable provisions of law, so that the rate of interest will secure to labor its just reward.

5. It is inconsistent with the genius and spirit of popular Government that any species of private property should be exempt from bearing its just share of the public burdens; Government bonds and money should be taxed precisely as other property, and a graduated income tax should be levied for the support of Government and the payments of its debts.

6. The public lands are the common property of the whole people, and should not be sold to speculators nor granted to railroads or other corporations, but should be donated to actual settlers in limited quantities.

7. The Government should by general enactments encourage the development of our agricultural, mineral, mechanical, manufacturing and commercial resources to the end that labor may be fully and profitably employed, but no monopolies should be legalized.

8. All useless offices should be abolished; the most rigid economy favored in every branch of the public service, and severe punishments inflicted upon public officers who betray the trusts reposed in them.

9. As educated labor has devised means for multiplying the productions by inventions and discoveries, and their use requires the exercise of mind, as well as body, such legislation should be had that the number of hours of daily toil will be reduced, giving to the working classes more leisure for mental improvement and social enjoyment, and saving them from premature decay and death.

10. The adoption of an American monetary system, as proposed herein, will harmonize all difference in regard to tariff and Federal taxation, reduce and equalize the cost of transportation by land and water, distribute equitably the joint earnings of capital and labor, secure to the producers of wealth the results of their labor and skill, muster out of service the vast army of idlers who, under the existing system, grow rich upon the earnings of others; that every man and woman may, by their own efforts, secure a competence, so that overgrown fortunes and extreme poverty will be seldom found within the limits of our republic.

11. Both National and State Governments should establish Bureaus of Labor and Industrial Statistics, clothed with the power of gathering and publishing the same.

12. That the contract system of employing laborers in our prisons and reformatory institutions works great injustice to our mechanics and artisans, and should be prohibited.

13. The importation of servile labor into the United States from China is a problem of the most serious importance, and we recommend legislation looking to its suppression.

—Chief of Police Breen, of Virginia City, Nevada, has been arrested, charged with having liberated a Chinaman in his custody on a charge of murder and put a paid Chinese substitute in place of the prisoner. The substitution was discovered by a relative of the man murdered by the prisoner, the latter having been fully identified by the same man at the time of the arrest.

Always Keep A Smile for Mother.

The above is the name of an elegant new Song and Chorus by the popular writer, Charlie Baker, who has written some of the most popular songs in America. The words are elegant and music easy so that every body will be able to play it.

(1st verse.)

Always keep a smile for mother.
Never to her harshly speak,
Frowns, or words in anger spoken,
May bring tears unto her cheek,
Think of all the kind devotion
She has given unto you,
So remember when you greet her,
Keep a smile for mother, do.

Chorus.

Always keep a smile for mother,
She is all the world to you.
There can never be an other
Heart so loving and so true.

HIGHWAY ROBBERY.—From the Reynoldsville *Herald*, of the 12th inst., we glean the following particulars of a daring highway robbery committed on Sunday mornrng, the 10th inst., in the woods near Kramer City, the new oil town in Jefferson county, near the Clearfield county line. Mr. Wolf, an operator, left Reynoldsville early on the morning of the 10th inst., for Kramer City, and when in the woods above alluded to, he was met by a man who demanded his money. Mr. Wolf at first declined to hand over his purse, but, after a short struggle, he was forced to hand over his purse, which contained one hundred and twenty-five dollars, and he was then allowed to go on his way. Mr. W. was pretty roughly handled, but was not injured to any extent. The robber is unknown.

FROM GEN. D. S. FORBES.

The following chatty letter from Gen. Forbes, relates in a pleasant way his experience with Dr. Fenner's Golden Relief. What he says will be appreciated by the thousands who have experienced instant relief from pain by the use of that wonderfully effective compound.

Fredonia, N. Y., April 6, 1875.

Dr. Fenner—Dear Sir.—You will please send me another bottle of your Golden Relief. It has become a fixture in my house as a medicine. We consider it invaluable and cannot do without it. I must here relate an anecdote of your valuable Golden Relief. In the fall of 1872, in jumping from my carriage I sprained my ankle and was unable to walk. An agent of the Buffalo Courier called at my house (of course you know what he called for—it was to collect my subscription) and finding me in great pain commenced telling a wonderful story about a most wonderful medicine that he had found in Buffalo and that he would go and bring to me for a trial, as it was in his valise. Imagine my surprise when I found it was your golden relief—made here in Fredonia! I sent to you for a bottle, and after using it a few times the pain entirely left and a speedy cure was obtained.

This agent of the Courier said he could not live without it as he was an almost constant sufferer from Neuralgia and that it was the only medicine that gave him instant relief, so you will see that others appreciate your wonderful medicine as well as myself, and I will add that all the numerous cases where I or my family have tried it, it has never failed to give relief. So you will not wonder that we have learned to rely upon it in all those cases for which you recommend it.

Yours truly, D. S. FORBES.

C. T. Moore, proprietor of the celebrated wholesale tea and coffee house, 14 Front street, Rochester, N. Y., certifies that Dr. Fenner's Golden Relief cured him of sorethroat more speedily than anything he has yet found. His family has learned to rely on it in Headaches, Neuralgia, Rheumatism, Toothache, etc., and would not be without it.

C. W. Tenant, Fredonia, N. Y., certifies that two bottles of Dr Fenner's Golden Relief cured him of a bad Rheumatism, after all other treatment had failed.

The best families in the land are now keeping it constantly in the house for family use, and attest to its extraordinary powers and healing capabilities to conquer pain and annihilate disease from the system.
