HOPPER'S PATENT PLANE

THE undersigned is prepared to supply CARPENTERS, CABINET-MAKERS, and Workers in Wood generally, with his Patented and valuable PLANES.
The novelty of this invention, its importance in a most valuable invention, that must soon come into general use. The following letters from practical workmen are but two among many that the Patentee has received recommending this Plane above all others in use:

PITTSBURGH STEAM CABINET FACTORY,
February 22, 1855.

Dear Sir:—I have examined Hopper's Patent Bench Plane, and believe it to be a most excellent article for the use for which it is intended, as a combination of plane and scraper.

It is particularly adapted to planing veneers, and it does not require one-fourth the time or labor of the old method; and I have no doubt, when its properties become generally known, but that it will entirely supersede the former tedious and laborious method.

I most cheerfully recommend it to all persons engaged in the Cabinet business, as from my knowledge of it, there is nothing as well fitted to give a smooth and beautiful finish to veneers as the Hopper Patent Bench Plane.

ÆTNA INSURANCE COMPANY,
OF HARTFORD, CONN.
CHARTERED, 1810.
PAID UP:
Cash Capital.....$500,000
Cash Surplus, ON 1ST JANUARY, 1855.....$273,273

THIS Capital Stock and Surplus is securely invested for the benefit of all policy holders. As an evidence of the claims we have to public confidence, and of its ability to pay losses promptly, we state a fact, that its receipts have been $416,000 for the last year, its business is very from $416,000 to $440,000 per month. Its business is large and well distributed, and in our opinion no Company in the United States affords better indemnity to policy holders than the Ætna. Policies issued on the most favorable terms. Property in town and country, at rates as low as is consistent with safety to the policy holder.
