MORNING POST JOB OFFICE.

We would call the attention of MERCHANTS AND BUSINESS MEN to the fact that we have just received from Philadelphia a number of fonts of new Job Type, and are now prepared to fill orders for Cards, Circulars, Bill Heads, Paper Books, Posters, and Programmes for exhibitions. All orders will be promptly filled.

☞ S. M. PETTINGILL & CO., *Newspaper Advertising Agents*, are the Agents for the Pittsburgh Daily and Weekly *Post*, and are authorised to receive ADVERTISEMENTS and SUBSCRIPTIONS for us at the same rates as required at this office. Their receipts are regarded as payments. Their offices are at

NEW YORK, 122 NASSAU STREET,
BOSTON, 10 STATE STREET.

STUTTERING AND STAMMERING.—Of all afflictions which the human family are heir to, Stuttering or Stammering is the most unpleasant. It unfits them for business, deprives them from society, ruins their dispositions, produces pulmonary diseases, shortens life, and brings them to a premature grave. Dr. Wykoff, of New York, is well known to be the only man in the world who ever has or can effectually cure it. Having made the discovery and secured it by law, therefore no other person dare practice this cure. He has over 150,000 references, and will give any person $500 if they can ever naturally speak better than when cured by him. No pain or surgical operation attending it, and no pay required unless a radical cure is performed. The doctor is now at the City Hotel, in Pittsburgh, where all persons may call upon him any day up till the 25th of October, and positively no longer.

ANOTHER CASE OF INSANITY.—Yesterday morning, about eleven o'clock, the body of a male infant was discovered secreted on the Allegheny wharf, a short distance above the Hand street bridge, near the water's edge. It was found between two logs, by a couple of boys, and was covered over by a piece of sheet-iron. Coroner Lowry held an inquest, when it was ascertained that the child was born alive and had come to its death from exposure or violence. A *post mortem* examination was made by Dr. Shaw, who testified that the lungs were full of air, and that the child had probably lived for some time after its birth. A "verdict of "death, caused by person or persons unknown," was rendered by the jury.

THE SYNOD of the Associate Church has been in session in this city for several days past, but no business of public importance was transacted. Yesterday a resolution was passed denouncing the Pennsylvania Railroad for breaking the Sabbath by running their cars on that day, and instructing members of the church to sell all the stock they may possess in the road, on account of this violation of Sunday. The Synod will probably adjourn to-day, to meet in New Castle on the fourth Wednesday of September, 1856, at which place Dr. J. C. Campbell will preach the opening sermon on the subject of education.

DISTRESSING CASUALTY.—Mr. Joseph Ross, of the firm of Ross & M'Combs, met with a serious accident yesterday morning, which may, in all probability result in death. He was in the commission house of Hanna & Dyer, Liberty street, standing near an open hatchway through which he fell into the cellar, with his back across a hogshead, by which it is supposed his spide was broken. He was conveyed to his home where he now lies in a very critical condition.

NARROW ESCAPE FROM DROWNING.—On Thursday afternoon, a little child, playing on the bank of the canal, near the Acqueduct, accidentally fell into the water, and would have been drowned had it not been for the exertions of Mr. William Montgomery, who, observing the accident, plunged in and rescued the child, just as it was about sinking for the last time.

BUILDING LOTS AT AUCTION.—This afternoon, at 2 o'clock, P. M. Davis, will sell on the premises desirable building lots, belonging to the estate of David Greer, dec'd, situated on Pennsylvania Avenue, Forbes, Vickroy, Bluff and Magee streets, Eighth Ward. Those wishing to buy a cheap lot and build thereon a home, should not fail to attend.

TALL CUCUMBERS.—We were shown last evening, two cucumbers, weighing ten pounds each, and measuring three feet eight inches in length. They were raised on the farm of Peter Weismer, Baldwin tp. They are a beetle the loonest veg. etables we have seen in these parts. They may be seen at the Tremont House, Diamond.

COMMITTEE OF VIGILANCE.—The following named gentlemen will act as a Democratic Committee of Vigilance for the borough of South Pittsburgh: John D. Miller, R. A. Bausman, John S. Murray, G. S. Hamilton, Robt. Means, P. Loughran, C. Geoghegan, and John Riley.

DISTRICT COURT.—Hon. M. Hampton on the Bench.

In the case of Jenks, *et al.* vs. Shetter *et al.*, a sealed verdict was rendered.

A WIFE BEATER.—John Encloth was committed to jail, yesterday, by Alderman M'Kenna, for beating his wife.

☞ **Clark's Stomach Bitters** are acknowledged by all who have tried them to be the best family medicine of the age, for the cure of Dyspepsia, Costiveness, and a disordered state of the Liver and Stomach. They have no rival. The proprietors do not pretend to caution people from using other preparations that are palmed upon the public under the name of Stomach Bitters, for they have found that only one trial was needed to render such caution unnecessary.

☞ **Spectacles and Surgical Operations Useless.—The Blind May See.**—It is gratifying for us to be able to announce, to the public that the utility of BALLS' PATENT EYE CUPS is now no experiment,—their wonderful effects are coming daily to the knowledge of the proprietors. Strange as it may seem, it is true, that Specter es may be dispensed with entirely and sight restored to its original vigor, without the use of any medicine. They are used without, pain or the least danger of injury. Below will be found several certificates which speak highly in their favor:

[From the New York Evangelist.]

A VERY simple and ingenious instrument, has been invented by J. Ball & Co., of this city, by the application of which the cornea of the eye is gradually raised to its original convexity, enabling the aged to read fine print without the aid of convex lenses. Thus by an easy process persons who have used glasses for years are enabled to dispense with them. deeet:1 tf

The editor of the Pennsylvania Democrat writes as follows, respecting the cures of Mr. Curstead, of Uniontown Pennsylvania:

UNIONTOWN, Pa., August 1, 1854.

Being well acquainted with Mrs Curstead, I know the before she used "Ball's Patent Eye-Cups," it was impossible for her to read a single line of fine print, and yesterday her sight has been restored by the use of the Cups, so that she now reads print with her naked eye without difficulty.

JOHN F. BEARDS, El Penn Democrat.

BETHLEHEM, PA., June 1 1854.

Dear Sir—Having lost my sight for old age, I was induced to purchase your wonderful instruments, and by using the same according to your directions, I succeeded in recovering my sight so that I can read by sight of day without spectacles. I have not used my spectacles for the last three or four months, by which chance I have the satisfaction of not a temporary one, but a valuable and permanent cure.

The Hog Trade.

A strong desire still exists to purchase hogs for early delivery; and sales have been made within the week at $6.30 per cwt. net, for November delivery, and now holders ask $6.35. For December delivery, we hear of no transactions—holders ask $6, and purchases could not be made below this rate. The stock of old Pork and Bacon in this market is very small, and before the new comes in, will be entirely exhausted. This will be the case, it is supposed, in all the leading markets; and this consideration, too, other with the advices from Ireland by the last steamer, leads to the conclusion that high rates will be obtained for all the meat brought into the market early. Contracts are being made in Indiana at $5.50 @ cwt. net, for delivery in the latter part of December and the first of January, and in Illinois at $5. The packers are paying $6.50 @ cwt. net for good beeves, but they are mostly held at $6 75, but at this rate are freely offered for early delivery.—*Cincinnati Price Current.*

THE PORK TRADE.—A pork dealer in Cleveland has already contracted for packing 20 000 hogs. At Clarksville on Hocking River, the packers are contracting for hogs at $4, gross: and at Terre Haute, Ind., at $5, net.

NEWS FOR RIVER MEN.

THE RIVER.—Last evening at dusk there were 4 feet 6 inches water in the channel, by the pier mark—making a fall of 3 inches since our last report—but at the time of writing was rising slowly. Weather more moderate.

The steamer "Forest City," Capt. B. A. Way, is the regular Wheeling packet to-day. She leaves at 10 o'clock, A. M.

The regular Zanesville packet "Cheriot" Capt. M'Intosh, will leave to day at 2 o'clock. Her speed and accommodations are not surpassed by any other boat in the trade.

The following boats are now loading for ports below—For St. Louis: "St. Louis," Capt. Jesse Dean, "Empire City," Capt. Vandergrift. For St. Paul: "Gipsy." For Cincinnati: "Rochester," Capt. Neare.

THE levithean steamer "J. S. Pringle" will leave to-day for St. Louis. She is well freighted and all ready. Besides, her accommodations are not surpassed by any boat in the trade. Her officers are experienced river men, and well deserving of a call from the traveling public.

The steamer "Rochester," Capt. G. W. Neare, is now loading for Cincinnati. Her officers are polite and attentive to all who do business with them, and thoroughly understand their duty. She intends leaving this evening or early on Sunday morning. Those traveling to the Queen City or intermediate ports would do well to give her a call.

The fine light draught steamer "Gipsy," Capt. John Klinefelter, will leave to-day for St. Paul. Capt. R. is an old experienced river man—acting in the capacity of Pilot, and for a number of years Commander in the packet trade between this city and Cincinnati. Mr. Hugert, the clerk, will always be found at his post ready for duty.

THE Louisville *Courier*, of the 27th, says:

The river was falling slowly yesterday, with six feet three inches water in the canal last evening by the mark. On the falls, in the pass, there were four feet four inches. During the previous 24 hours the river had receded 3 inches.

We glean the following items from the Cincinnati and St. Louis papers:

The city wharves of New Orleans were loaded for three years by public action, on the 17th. There will be fully 60,000 bales of cotton.

The steamers Sunny Fern, Endeavor, Great West and John Bell left St. Louis for this port and Pittsburgh, on the night of the 25th inst.

PITTSBURGH AND CONNELLSVILLE

RAILROAD.

THE PITTSBURGH AND CONNELLSVILLE RAILROAD is now open from West Newton to Connellsville, fifty-eight miles from Pittsburgh, on the Youghiogheny River.

The new first class Road is now open for the transportation of passengers and freight, in connection with the fine steamer EOLIAN, from Pittsburgh to Connellsville, daily, as follows:

The steamer EOLIAN will leave her wharf, above the Monongahela Bridge, every afternoon, at 3 o'clock, for West Newton, connecting there with the morning train leaving at 8 30 for Connellsville, and reaching there at 9 40 A. M., in time for the Stage for Uniontown.

Fare to Connellsville.....$1 75
Fare to Uniontown.....$2 00

A train will leave Connellsville in the morning, at six o'clock, for West Newton, and connect there with the steamer Eolian at 7.30, in time to reach Pittsburgh at 1 P. M.

Fare from Connellsville to Pittsburgh.....$1 75
Fare from Uniontown to Pittsburgh.....$2 00

The Boat Tickets and Passenger Train will leave Connellsville at 12 20 P. M., and returning will leave West Newton at 5.30 P. M., stopping at all way stations for freight and passengers.

Travelers in search of business or pleasure will find a trip by this route, along the beautiful and fertile valley of the Youghiogheny, one of the most interesting and profitable in the western country. The scenery is thought to not surpass in beauty or grandeur the Ohio; and the field for enterprise and business is unbounded. On both sides of the river are vast deposits of bituminous coal, forming the attention of capitalists, and the river furnishes, every few miles, abundant and never failing water power for any amount of mills and machinery.

The favorable character of the grades, all descending towards Pittsburgh, will enable this Company to transport freights at the lowest rates, and afford facilities for shipping and reliable outlet for minerals and other heavy articles at all times.

For terms apply to D. W. CALDWELL, Assistant Superintendent, or to the officers on board the steamer Eolian.

OLIVER W. BARR,
President and Superintendent.

KIER'S TRANSPORTATION LINE.

ANTICIPATING the want of facilities for transporting Freights to the Eastern Cities, consequent on Pennsylvania Canal and Railroads, we have increased our stock of Boats, &c, on same, to a DOUBLE DAILY LINE, which gives us a capacity of over 1000 tons per month each way.

We assure our friends, and those dis
