Hover's Celebrated Writing Ink.

THE subscriber has just received a fresh supply of this celebrated Ink, which has superceded all other kinds in use in the different offices at Washington, and is extensively used throughout the country. Certificates testifying to its excellence has been given by professor Johnson, Mr. Ellsworth, superintendant of the Patent Office, Professor Booth, Mr. White, speaker of the House of Representatives.

We also present our readers with the following certificates of citizens of this Borough. The number could be greatly increased but it is unnecessary.

Pottsville, August 12, 1843.

THIS is to certify, that I have used Hover's Ink for some time past in my Academy, and find it superior in fluidity and permanency of color to any article that I have ever used.

C. W. PITMAN.

Pottsville, August 8, 1843.

I certify, that for some months past I have used Hover's Ink, and find it be of a decidedly superior quality, so much so, that I have ceased to use any other kind.

F. W. HUGHES.

Mount Carbon, August 8, 1843.

HAVING used the Ink manufactured by Mr. Hover for about three months, I am satisfied that it is decidedly superior to any that I have used, and the best for steel pens that I have yet found.

For the Delaware Coal Company,
D. J. RIDGWAY Book Keeper.

Pottsville, August 8, 1843.

IN reply to your inquiry, I state that I have used Hover's Black Ink, for the last six months, and prefer it to any Ink I have lately been able to procure. Its chief advantage is, that it has less tendency to thickening by exposure to the air—it flows freely from the pen, and when by long exposure it has thickend, it preserves its color when diluted with water.

F. HODGSON.

The subscriber has been appointed Agent for the sale of this Ink in Schuylkill county, and is prepared to sell it wholesale and retail, at the manufacturers prices.

This Ink is also for sale on draft, at $1 per Gallon.

JAYNE'S EXPECTORANT.—The presiding Genius of Coughs and Colds is especially busy at this season of the year, sowing the seeds of disease on the damp, chill, equinoctial winds, and preparing a goodly harvest for the scythe of death. Let all, who are afflicted with coughs and colds, and do not wish to become sheaves in that awful harvest, apply the remedy *now*. With those who have a constitutional predisposition to consumption, immediate relief from the first symptoms of its approach is a matter of vital importance. With all, however robust and vigorous, it is in a climate like this a matter of moment to subdue all indictions of pulmonary disease at the outset.—A short delay may be fatal. "Only a cold," said a friend of ours about three weeks ago in reply to an enquiry about his health. Poor fellow he now sleeps the sleep that knows no waking, a Victim to Consumption. Had he used JAYNE'S EXPECTORANT in the early stage of his complaint, he would now, in all probability, be living and in health.

AN ORDINANCE,

For regulating, curbing and paving the side walks and gutters in parts of Centre and Railroad Streets.

SECTION 1. Be it ordained and enacted by the Town Council of the Borough of Pottsville, and it is hereby ordained and enacted by the authority of the same, that the grades or regulations of the ascents of Centre Street, from Central Block northwardly to the northeast corner of Laurel street, and southwardly to the south line of Morris's Addition, be, and the same is, hereby fixed and established as follows, viz:—

NORTH CENTRE STREET, EAST SIDE.

At the northeast corner of Centre and Norwegian streets the curb line shall commence two and a half inches below the top of Central Block, from thence fall one foot five inches to a culvert, distant one hundred and two feet, from thence shall rise one foot seven and a half inches to the southeast corner of Market street, thence level to the northeast corner of said street, thence shall rise nine inches to a summit eighty feet distant, thence fall one foot three inches to the southeast corner of Callowhill street, thence rise two inches to the northeast corner of said street, thence rise eight feet one inch and five tenths to the southeast corner of High street, thence rise five inches and five tenths to the northeast corner of said street, and from thence rise twelve feet five inches to the northeast corner of Laurel street.

NORTH CENTRE STREET, WEST SIDE

Commencing at the Culvert one hundred and two feet north of Norwegian street, the line of the curb shall be three inches below the top of Central Block, and from thence shall rise one foot four inches, to the southwest corner of Market street, from thence level to the northwest corner of said street, thence fall one foot three inches to the Culvert, ninety three feet distant, thence rise one foot two inches to the southwest corner of Callowhill street, thence level to the northwest corner of said street, thence rise one foot five inches in the distance of eighty feet, thence rise seven feet four inches to the southwest corner of High street, and from thence rise thirteen feet six inches to the southwest corner of Laurel street.

SOUTH CENTRE STREET, EAST SIDE.

The curb line at the southeast corner of Norwegian street shall be eight inches above the top of Central Block, and from thence shall rise six feet to the northeast corner of Mahantango street, from thence rise four and a half inches to the southeast corner of said street, thence rise three feet ten inches and seven tenths to the northeast corner of Church Alley, thence level to the southeast corner of said Alley, thence rise three feet nine inches to the northeast corner of Union street, thence rise nine feet five inches to the south side of the next alley, thence fall sixteen feet to the northeast corner of Mauch Chunk street, thence rise fifteen feet seven inches to the north east corner of Market street in Morris's Addition, thence level to the southeast corner of the said street, and from thence fall twenty-eight feet to the south line of Morris's Addition.

SOUTH CENTRE STREET, WEST SIDE.

Commencing at the Culvert one hundred and two feet north of Norwegian street, the curb line there, shall be three inches below the top of Central Block, and from thence shall rise seven feet eleven inches to the northwest corner of Mahantongo street, from thence rise nine inches to the southwest side of the said street, thence rise four feet and two inches to the northwest corner of Church Alley, thence level to the southeast side of said alley, thence rise three feet seven inches to the northwest corner of Union street, thence rise nine feet five inches to the south side of the next alley, thence fall sixteen feet to the northeast corner of Mauch Chunk street, thence rise fourteen feet one inch to the northwest corner of Market street in Morris's Addition, thence level to the southwest corner of said streets, and from thence fall twenty-seven feet three inches to the south line of Morris's Addition.

WIDTH OF PAVEMENTS.

SECTION 2. The width of the pavements or sidewalks in Centre street shall be as follows, viz.,—In that part of Centre street between the south line of Morris's Addition and the South line of Benjamin Pott's Addition, they shall be eleven feet wide. From thence to High street they shall be fifteen feet wide on the east side of the street, and on the west side, of the same width as far north as Norwegian street, (measuring in all cases from the true line of the street,) and from thence shall extend in a straight line so as to be fourteen feet from the house at the southwest corner of High street. From the southwest corner of High street, the curbstone shall extend in a straight line to a point at the southeast corner of Laurel Alley, eleven feet from the west side of Centre street, and thence continue at the distance of eleven feet therefrom, to the southeast corner of Laurel street.

From the southeast corner of High street, the curb stone shall extend to a point thirteen feet from the east side of Centre street, and distant one hundred and seven feet from Northern Block, from thence extend thirty-three feet to a point eleven feet from the east side of the street, and from thence continue at the distance of eleven feet from the east side of the street, to the southeast corner of Laurel street.

PART OF RAILROAD STREET.

SECTION 3. Commencing at the northwest corner of Market and Railroad streets, at a point ten feet seven inches below the top of Central Block, the curb line shall rise six inches to the southwest corner of Callowhill street.

There shall be but one line of curbstone and one pavement or side-walk in this street, which shall be on the west side thereof, and six feet wide, measuring from the true line of the street.

SECTION 4. The side-walks or foot-ways on both sides of Centre street, from the south line of Morris's Addition to the south side of Laurel street, and on the west side of Railroad street between Market and Callowhill streets, shall be graded, cut down, or filled up, according to the several ascents and descents herein above set forth, and curbed and paved and the gutters made and paved as herein after directed, and the property in front of which such footways or sidewalks and gutters shall be made and paved, shall be and the same is hereby taxed with the expense thereof, in proportion to the extent of the same in front on said streets, agreeably to the provisions of the Act of Assembly entitled, "A supplement to an act entitled an act incorporating the town of Pottsville in Schuylkill County into a Borough," passed the 15th day of June, A. D. 1840.

SECTION 5. The curb stones to be placed in said streets, shall be at least three feet long, two feet wide, and six inches thick, and wherever it may be necessary to extend the curb stones more than ten inches above the gutter, that for every inch so extended, they shall have an increased width of two inches.

The front and ends of said curbstones must be dressed straight and smooth for the breadth of one foot from the top; the top must also be dressed straight and smooth, and brought to an uniform thickness of six inches by dressing down the back for the breadth of three inches, and devilled to correspond with the rise of the pavement. The curbstones must be set so that the front shall lean back one and one half inches to the foot rise, and the top to correspond with the grade herein established.

SECTION 6.—A gutter three feet wide shall be paved outside of said curbstone, by placing a row of well burnt brick on edge, with their ends to the curbstone, having fall from it of half an inch in their length, the remainder of the gutter to be paved with small smoothed or rounded stones, and supported by a small curbing or flat stone, set on edge and extending at least four inches lower than the adjoining pavement of the gutter. The depth and shape of the said gutters shall, with the several ascents and descents of the same, be regulated by the Borough Surveyor, or other person appointed by the Council for that purpose.

SECTION 7.—That the several provisions, powers and penalties contained in the eighth, ninth and tenth sections of an ordinance passed the 26th day of May, A. D. 1843, entitled an ordinance for the regulation, curbing and paving of Market street from Centre street to the upper Culvert; Adams street from Market to High street, and Third street from Market to High street, be and the same are hereby made a part of this ordinance, the same as if the whole of the said sections were herein set forth in full.

Passed into an Ordinance, the Twenty-fifth day of July A. D. 1843.

FRANCIS J. PARVIN, *Pres't.*

DEAFNESS CURED.

Scarpa's Compound Kreosote Acoustic Oil,

FOR the cure of DEAFNESS, pains, and the discharge of matter from the ears; also all those disagreeable noises, like the buzzing of insects, falling of water, buzzing of steam, &c. &c. which are symptoms of approaching deafness, and also attendant with the disease.

CERTIFICATES.

The following Editorials and certificates will be read with interest as they speak facts which are "stubborn things."

MOST EXTRAORDINARY CURE!—If any have doubts they may now dismiss them, and the most incredulous may consider Deafness as curable. Numerous cases of cures, and many of them very remarkable—by the use of "Scarpa's Oil," have been published, but this "caps the climax." Young or old may yet recover hearing. A lady in Smithfield, Pennsylvania and now about 80 years of age, had been gradually getting deaf for more than 40 years, so that it was next to impossible to make her hear conversation in the loudest tones of voice; Last winter she was induced to try "Scarpa's Oil for Deafness." It is only necessary to add that she has used two bottles, and that her hearing is perfectly restored—she is cured.

DEAFNESS CURED.—The following extract from a letter written by Mr. Johnson of Boston, to a friend in this city, is important.

"The bottle of Scarpa's Oil for Deafness, that you sent me, with the wish that my daughter would try it, has been used, and in its effects, have astonished all; you know how very deaf she has been since she was three years old—she now hears quite well, but as the medicine has all been used, I wish you to send me another bottle, which I have every reason to believe will cure her entirely.'—[Times.
