TO ALL WHO HAVE FRIENDS IN THE ARMY.—Soldiers' Aid Societies, clergymen, editors, and others are respectfully requested to aid in disseminating the following notice, which is of interest to all who have friends in the army.

DIRECTORY OF THE HOSPITALS

The Sanitary Commission have made arrangements for supplying information gratuitously with regard to patients in the United States General Hospitals at the following points (others will be added):

EASTERN DEPARTMENTS.—For information address "*Office Sanitary Commission, Washington, D. C.*"

Washington, Point Lookout,
Georgetown, Annapolis,
Alexandria, Baltimore.
Frederick City.

WESTERN DEPARTMENTS.—For information address "*Office Sanitary Commission, Louisville, Ky.*"

Cincinnati, Danville,
New Albany, Perryville,
Louisville, Bowling Green,
Covington, Gallatin,
Lexington, Nashville.

Information will, under ordinary circumstances, be given to any one applying for it, in answer to any or all of the following inquiries. If the application be by letter, the answer will be sent by return mail; if in person, it will be answered at once.

1. Is ——— (giving name and regiment) at present in the hospitals of ———?
2. If so, what is his proper address?
3. What is the name of the surgeon or chaplain of the hospital?
4. If not in hospital at present, has he recently been in hospital?
5. If so, did he die in hospital, and at what date?
6. If recently discharged from hospital, was he discharged from service?
7. If not, what were his orders on leaving?

More specific information as to the condition of any patient in the District of Columbia hospitals will be furnished within twenty-four hours after a request to do so is received at the Washington office.

The office of the Directory will be open daily from 8 o'clock A. M. to 8 o'clock P. M., and in urgent cases applicants ringing the door-bell, will be received at any hour of the night.

Much inconvenience in conducting the business of the Directory having arisen where visitors have been given direct access to the record books themselves, this practice will hereafter be discontinued; no rare lists of wounded in hospitals by States, counties, regiments, or otherwise, be hereafter furnished from these records.

The Sanitary Commission, under special authority from the President of the United States, maintains an extensive system of agencies for securing the safe conveyance to and distribution of goods put in its charge for the sick and wounded, at points where they are most wanted. It operates with equal care and generosity at all points east of New Orleans, and at Washington, before Vicksburg, and at Nashville—its distributions being governed by a comparison of the wants of the patients in all cases. To ascertain the relative character of these wants in a trustworthy manner, and to secure an equitable distribution and honest use of the goods distributed, besides the unpaid services of the members of the Commission, twenty physicians of high professional and moral character, and more than fifty hospital agents are employed under pecuniary securities, for responsible and efficient service. The cost of these arrangements has thus far been about three per centum of the value of the goods distributed. The Commission has not been able to obtain authentic evidence of losses, miscarriage, or misapropriations, to the value of one dollar in ten thousand, of goods which have been once *received* at its shipping depots. The following are the names of these depots, to which auxiliary societies and all disposed to aid the sick and wounded, without reference to States or localities, but simply to their relative necessity for assistance, are invited to send their offerings:

Sanitary Commission, Branch Supply Office, 22 Summer street, Boston, Mass.
Sanitary Commission, Branch Supply Office, 10 Third avenue, New York.
Sanitary Commission, Branch Supply Office, 27 South Sixth street, Philadelphia, Pa.
Sanitary Commission, Branch Supply Office, Bank street, Cleveland, Ohio.
Sanitary Commission, Branch Supply Office, Chicago, Illinois.
Sanitary Commission, Branch Supply Office, Louisville, Kentucky.

The Commission receives no pecuniary aid whatever from the Government, and is wholly dependent for its voluntary contributions of the public for the means of sustaining its operations. Contributions in money are solicited, and may be transmitted to GEORGE T. STRONG, Esq., Treasurer, 68 Wall Street, New York.

The names of the following gentlemen, Commissioners of the President of the United States, are pledged to the public for the economy, integrity, and efficiency with which whatever is entrusted to the Sanitary Commission will be administered:

PHILADELPHIA, FEBRUARY 26, 1863.—The attention of the Public is called to the operations of the SOUTHWARK SOUP SOCIETY.

Last week they distributed fifteen hundred loaves of bread and thirty-two hundred quarts of soup.

Owing to the increased demand upon the Society at this time, they are compelled to ask the assistance of the generous and benevolent, so that they may be able to continue their charitable work.

Within the past few days the applications have been numerous, and from a class of persons who heretofore have been able to provide for themselves.

These new applicants are females, whose husbands, sons, or brothers are now with the army, and the delay in the payment of whom has thrown them upon the Society.

Their funds are low, and looking back to former years, when the Society, in need of help, called upon the citizens to sustain them, their hope is strong that this appeal will not pass unheeded.

"He that giveth to the poor lendeth to the Lord."

Donations may be left at the SOUP HOUSE, SUTHERLAND Street, below Queen, or with the following persons:
