Indian Summer.

What is there saddening in the autumn leaves!
Have they that green and yellow melancholy
That the sweet poet speakes of? Had he seen
Our variegated woods, when first the frost
Turns into beauty all October's charms—
When the dread fever quits us—when the storm
Of the wild Equinox, with all its wet
Has left the land, as the first deluge left it,
With a bright bow of many colors hung
Upon the forest tops—he had not sighed.

The moon stays longest for the hunter now?
The trees cast down their fruitage, and the blithe
And busy squirrel hoards his winter store;
The bright blue sky above him, and that bends
Magnificently all the forest's pride,
Or whispers through the ever-greens, and asks,
What is there saddening in the autumn leaves?

COMICAL CONFERENCE.—The Chinese Commissioners entertained Sir Henry Pottinger at Nankin prior to a settlement of the terms of peace. "Numerous plates," says Captain Loch, "of minced meat, pork, arrowroot, vermicelli soup with meat in it, pig's ear soup, and other strange dishes, were served in succession, in small china and silver basins; and in proportion to our various capabilities in making these messes disappear, we seemed to rise in the estimation of the beholders. But human nature could not support this ordeal long; and, as a *coup de grâce*, Ke-Ying (uncle to the Emperor) insisted upon Sir Henry opening his mouth while he, with great dexterity, shot into it several immense sugar-plums. I shall never forget Sir Henry's face of determined resignation after he found remonstrances were of no avail; nor the figure of Ke-Ying as he stood before him in the attitude of a short-sighted old lady threading a needle poising the *bonne bouche* between his finger and thumb preparatory to his successful throw."

TOADYISM.—We find the origin of this term, so much in vogue at the present day, given in Chambers' Edinburg Journal, as follows:

"A great personage wishing to get quit of a troublesome hanger on, caused a dish of toads to be served up once instead of fish. The invention was seen, but the dependent knew too well the value of the connexion which he had established, to take the hint. He partook of the foods with all the appearance of relish, never letting it be presumed that he thought them any thing but good soles. Thereafter, any one who was content to live on the bounty of another, at the expense of a few occasional insults, was said to eat that person's toads—to be, in short, a toad eater."

A NOVEL MODE OF MAKING BUTTER COME.—A genius in the interior of Georgia has invented what he calls a railroad churn. This consists of a large tin can holding about 40 gallons, with spring bottom, and ingeniously contrived paddles or arms within, which will be put in motion by the jarring of a rail road car. He intends to establish a milk market on the line of the Georgia rail road, along the interior of the State, and, pouring the new milk into his churning cans, it will be transformed into butter, and butter-milk by the time it reaches Charleston. By this means the citizens of that place will be daily supplied with the freshest butter at a reduced price.—*Exchange paper.*

FREE TRANSLATION.—A schoolboy, reading Cæsar's Commentaries, came to the words—*Cæsar transit Alpes summa d ligentia*, which, to the astonishment of his master, he translated—"Cæser crossed the Alps *on* the top of a diligence!" Another in the same class translated the example in the Eton Grammer—*Nemo mortalium omnibus horis sapit*," as follows—"No man knows at what hour the omnibus starts!"

WHIG FESTIVAL IN AMHERST.—The Whigs of Amherst, had a joyous time of it on the 11th—A letter from a friend says:

"I have just time to say a word. We had a fine time of it yesterday. The Whig spirit is up. There were present about 1500 persons. They were addressed by Mr. Goggin, and Mr. Toler, and Col. Bondurant. At night the City Club met, and was addressed by Jos. K. Irving, and Mr. Goggin. Great enthusiasm prevailing, and Whigs and Democrats higly delighted with the meeting."—*Richmond Waig.*

'Mister, this gal keeps sayin' I'm a thief!
'What does she say that you have stolen?'
'She says that I have stolen her character. At this juncture a little girl jumped up and said—'I geth he did—I geth he did—for I then him behind the coalhouthe a carin' thumthing.'

THE LATEST AND BEST.—A correspondent of the New York Spirit of the times, says that Sam Laughman's last *is* right good. A chap was king out, come across old Moses;' said he, 'what in the world are you doing there?'

'Fishin!' (fishing.)
'What!'
'Fiffin!'
'Fishing? well, what's the reason you can't talk?' 'What's in your mouth?'
'Oh, nuffin but *wums* (worms) fo' bait!'

A Spartan going to fight the Persians, upon being told that their arrows would fly so thick as to obscure the light of the sun, replied, "So much the better, for then I shall fight in the shade."

When are ships as stronger than elephants? When they carry a fortress!

Why are those who visit Vesuvius like Father Mathew's converts in Ireland? Because they avoid the crater,(*cratur.*)

☞ Willis says—I have had a moderate laugh at the effect of a typographical error in Dr. Julius's German edition of his travels in this country. The doctor is giving an account of an abolition procession in Cincinnati, and he records in English the inscriptions on the banners. One, he says, had the reproachful and pathetic sentiment: 'Although our *shins* are black our souls are white.' For 'shins' read skins."

THE SEA PORT OF CHILI.—Valparaiso is the most thriving and business-like town on the entire Pacific. The population is already nearly 40,000 souls, and rapidly increasing. The harbor was full of shipping, which gives existence to a large amount of business in the port. Pedro D Valdez, formerly a Lieutenant in the United S. Navy, is "Captain of the Port" He is nearly allied to some of the most distinguished families in Chili, is urbane in his manners, and attentive to Americans, a preference the effect of having been educated in the United States, and been many years an officer in our navy.

PASSING AWAY.—The following beautiful thought from Goethe is peculiarly appropriate to the present season:—'The year is going away like the sound of bells. The wind passes over the stubble and finds nothing to move. Only the red berries of that slender tree, seem as if they would fain remind us of something cheerful; and the measured beat of the thresher's flail calls up the thought, that in *the dry and falling ears, lies so much nourishment and life.*'

A 'GREAT CALF.'—Raised in Stonington, Connecticut, by John Green, a calf weighing, when eight hours old, one hundred and twenty-two pounds, and now, lacking two days of six months old, its length, in extremity, nine feet ten inches height, four feet three inches; girth, five feet; girth around the neck, three feet and three inches

---

Office of the Beaver Meadow Rail Road & Coal Company, No. 84 Walnut Street.
PHILADELPHIA, Oct. 2, 1843.

PROPOSALS will be received by the undersigned, on behalf of the Beaver Meadow Rail Road and Coal Co., at their office, until the 1st day of November next, for renting the Company's Mines, Workshops, Cars, Locomotives, &c., situate near the town of Beaver Meadow, Carbon County, Pa.

These works are of the most substantial character; and are in the best possible condition for cheap and expeditious mining operations. There are three slopes or openings, which may now be worked, at two of which are powerful Stationary Engines, and by the erection of another Engine at the third slope, which can be done at a small expence, the mines may be made to produce 150,000 Tons of Coal annually.

The character of the coal is second to none in the country, and the Company would be willing to rent either or all of the mines now opened, at a reasonable rate per ton for the coal, that may be taken out; and if more convenient to the renters, would also be willing to receive a portion of the rent in coal, as may be agreed upon hereafter.

If preferred by the contractor, the transportation of the coal will be done over the Beaver Meadow Rail Road, from the mines to Mauch Chunk, or Penne Haven, by the Beaver Meadow Rail Road and Coal Co., at a reasonable charge for toll on the Road, and for the use of cars and Locomotive Engines. To persons practically acquainted with the mining of Coal, the above is considered the best opportunity any where to be met with, for engaging profitably in the business, and a little investigation will convince any one that the condition of the mines, facilities for mining and easy transportation, will enable the Beaver Meadow Coal to be placed in market at as low a price as the coal from any other region whatever in the state. Ample security will be required for keeping the Mines, Workshops, Locomotives, Cars, &c. in perfect order. Any further information on the subject can be had by application at the office, where directions can also be had for a full and proper examination of the mines, Works, &c.

JAMES ROWLAND,
President of the Beaver Meadow Rail Road and Coal Company.
October 14, 42—

SHERIFF'S SALE
OF REAL ESTATE.

BY virtue of a writ of Testatum Vendition Exponas, issued out of the District Court for the city and county of Philadelphia and to me directed, will be exposed to sale by public vendue or outcry:

On Monday the 6th day of November next,

at 9 o'clock A. M., at the "Pennsylvania Hall" in the borough of Pottsville, Schuylkill county: All that certain tract or piece of COAL LAND, situate in Schuylkill township, Schuylkill county, beginning at a pine stump and stones, a corner of land surveyed to Jacob Bushy, now belonging to the heirs of Samuel Wetherill, dec'd, and others, thence by the same north 70 degrees, west 66 perches to a stone heap on a pine stump, thence south 71 degrees, west 222 perches to a stone heap, thence north 21½ degrees, west 80 perches to a white oak corner in the line of a survey made for John Thompson, now belonging to the heirs of Samuel Wetherill, deceased, and others, thence by the same and land of Edward B and Francis S. Hobley, south 71 degrees, west 188 perches to a post, a corner of the two hundred acre tract of Thomas S Ridgway, Robert McDermot and D. & J. Amos, thence along the line of the same south 16 degrees, east 106 perches to a post, thence by land of Thomas Sillyman, north 84 degrees, east 35 perches to a post and stone heap, thence by the same south 16¾ degrees, east 8 perches to a post, thence by the same north 71¼ degrees, East 435 perches to the place of beginning, containing 206 acres and 125 perches strict measure (being the same premises which Thomas Sillyman and wife by Indenture dated the 9th day of April A. D. 1835, recorded in the office for recording deeds in Schuylkill county, in Deed Book No. 15, page 77, granted and conveyed to Gideon G. Palmer and Edward B. Garrigues in fee) with the appurtenances.

☞ This tract of land is 2 miles from Port Carbon, and has a branch road connecting it with the Schuylkill Valley Rail Road. It includes the celebrated SALEM VEIN of Coal and the veins thence as far north as the Gate vein, embracing some of the best red ash Coal, one vein of which is now being worked. The improvements on the tract besides the rail road and veins opened, consist of 25 Miner's houses, built of logs and frame; a frame Stable and a Blacksmith shop—Seized and Taken into Execution, and will be sold as the property of *Gideon G. Palmer* and *Edward B. Garrigues*, by

JOHN G. WOOLISON, Sheriff.
Sheriff's office, Orwigsburg, Oct. 14, 1843. 42—4t

DEAFNESS CURED.

Scarpa's Compound Kreosote Acoustic Oil,

FOR the cure of DEAFNESS, pain, and the discharge of matter from the ears; also all those disagreeable noises, like the buzzing of insects, falling of water, buzzing of steam, &c. &c. which are symptoms of approaching deafness, and also attendant with the disease.

CERTIFICATES.

The following Editorials and certificates will be read with interest as they speak facts which are "stubborn things."

MOST EXTRAORDINARY CURE.—If any have doubts they may now dismiss them, and the most incredulous may consider Deafness as curable. Numerous cases of cures, and many of them very remarkable—by the use of "Scarpa's Oil," have been published, but this "caps the climax." Young or old may yet recover hearing. A lady in Smithfield, Pennsylvania and now about 80 years of age, had been gradually getting deaf for more than 40 years, so that it was next to impossible to make her hear conversation in the loudest tones of voice; Last winter she was induced to try "Scarpa's Oil for Deafness." It is only necessary to add that she has used two bottles, and that her hearing is perfectly restored—she is cured.

DEAFNESS CURED.—The following extract from a letter written by Mr. Johnson of Boston, to a friend in this city, is important.

"The bottle of Scarpa's Oil for Deafness, that you sent me, with the wish that my daughter would try it, has been used, and in its effects, have astonished all; you know how very deaf she has been since she was three years old—she now hears quite well, but as the medicine has all been used, I wish you to send me another bottle, which I have every reason to believe will cure her entirely.'—[Times.

ROWAND'S TONIC MIXTURE.

A FRESH supply of the above Medicine, a certain cure for the fever and ague. Just received and sale at MARTIN'S Drug Store.
September 3, 36—

MOUNT CARBON HOTEL.

THE subscriber most respectfully announce to the public that he has leased the above splendid and delightful establishment, which will be opened for their accommodation on Monday the 10th inst.

The Hotel has lately undergone a thorough renovation with such improvements and additional furniture as will much increase the comfort and accommodation of his guests.

This Hotel is situated at the termination of the Philadelphia and Reading Railroad, 93 miles from Philadelphia, adjoining the Borough of Pottsville, and combines all the advantages of both town and country—attached to the establishment exclusively for the use of its guests is a beautiful ornamental terrace garden, an enclosed Park of several acres, overlooking from its rising grounds the Railroad, the Schuylkill River and Canal, the reservoir of the Schuylkill Navigation Co., and commanding a romantic and beautiful view of the surrounding mountains. The Hotel, Bath Houses and stables have a plentiful supply of pure mountain spring water. The extensive and airy stables and coach houses, will be attended by careful and attentive ostlers; a Railroad pleasure car and carriages, will be kept for the accommodation of guests wishing to visit the mines and other places in this interesting region. As a pledge of his disposition to use his best exertions to give satisfaction to his guests, he begs to refer to the reputation of the Catskill Mountain House and Congress Hall in the City of New York when kept by him, and assures them that having daily access to the Philadelphia market, his supplies both for the Table and the Bar shall be the best that can be procured.

Families and individuals are assured that every attention will be paid by the subscriber and his family to render their visits as pleasant and as comfortable as at any other establishment in this country, and a share of the public patronage is respectfully solicited.

CHARLES H. WEBB.
Mount Carbon, July 8, 1843. 28—1y

A NEW FOUNTAIN OF LIFE HAS OPENED.

AND its healing streams now gushing forth. A brilliant star has arisen in the East, and now cheering thousands with RENEWED HEALTH, LONG LIFE, AND HAPPINESS.

That Star is
DR. REICHTER'S VEGETABLE PURGATIVE PILLS.

These pills, let all understand, cure disease by a power peculiar only to itself, which instantly checks the action and progress of disease, for their commencement is much alike (which is when the

BLOOD AND JUICES

are so far depraved, as to produce obstructions and sores) that one medicine, provided it be competent to produce sickness, will be all that is necessary for removing disease, and restoring

HEALTH AND HAPPINESS

to mankind. Let it likewise be remembered, that there is no medicine now in existence possessing equal healing powers; and that no vegetable, or any other kind of physic can so soon restore health, when lost, even in cases the most inveterate.

The action of these pills upon the bowels, are mild; producing no griping pains or debility, but on the contrary, after they have operated, you feel that a load of irritating and corrupt humors have been taken from you, and the buoyant feelings of health spring up in their place; and what is another great object in these pills, they are always safe, they may be taken on all occasions, and under any circumstances, without regard to the name of the disease, for they operate upon every part of the body, and expel disease from whatever part it may be seated. Every person who possesses a box of these pills

NEEDS NO PHYSICIAN,

for in them he can find a cure, and confidently rely upon a speedy restoration to health.

In Germany, the land of their origin, millions of persons have experienced their beneficial effects, and the thousands who have used them here, speak of them in the highest of terms, on account of their *curative properties.*

The joyful news of health and comfort, spreads from those who have happily used

DR. REICHTER'S
VEGETABLE PURGATIVE PILLS,

and they now prevail by their own excellence, and the Power of Truth!

And why, we may reasonably inquire, have they become so endeared to the hearts of those who have used them, and by them gained such a popularity? Simply because their action upon the

HUMAN BODY,

was as the sun and rain upon vegetation, giving new life to all who partook of its happy influence. As the health of the plant depends upon the sap which circulates through its branches, so the life and health of mankind depends upon the blood which flows through his veins. And when this vital fluid, which is most necessary to the growth and support of the body, by some unknown cause becomes loaded with morbid and

CORRUPT HUMORS,

so that instead of nourishing and strengthening the body, it labors to produce obstructions in the system, which engenders disease, have recourse to a medicine that is perfectly safe in every disease, and that will produce a favorable termination, if given early in the complaint, frequently in a few hours and most always in a few days, that medicine is

Dr. Reichter's Vegetable Pills,

which so throughly cleanses the blood and system at large, that disease of any kind cannot, possibly exist, where

We find their Presence,

provided nature is not beyond all human assistance.

The price of these pills is 25 cents per box, with full directions and can be had at the

Philadelphia Medical Hall,

established for the suppression

Of Quackery,

at the northeast corner of SIXTH and RACE streets—likewise of sub-agents.

GREENFIELD, Pa., Oct, 10, 1842.

Dear Sir: you doubtless remember my calling at your establishment about two weeks since, and obtaining from you one dollar's worth of Dr. RICHTER'S VEGETABLE PURGATIVE PILLS, for one of my neighbors who requested me to procure the article for them. This being done and my own business transacted, I started for home. After travelling all day, I was taken with a sudden chill, which left me with a violent fever, head-ache, and considerable pain throughout my whole system, with great sickness at my stomach, which so completely disenabled me that I was compelled to stop at a small Inn on the road for relief and rest. Upon inquiry, they had nothing that could possibly afford me relief. While yet in misery, for I never was so ill in all my life, I happily thought of your pills, and resolved to open one box upon my own account and seek relief in them. I took six of them, drank a warm cup of tea, and retired to bed. My pain here ceased in a measure, and I soon fell sound asleep. In the morning I awoke much better, and after the pills had operated I was quite a different person; took another dose of four pills, remained there all Wednesday, and on Thursday started for home as well as ever, and I still enjoy good health—the persons for whom I bought them, informs me that they have experienced more benefit from your pills than a whole cart load of the quacks which they had formerly used. Surely if they used them with as good an effect upon themselves as I have, they have good reason for extoling their virtues; and if you take my advice, you will persevere, go on and recommend them to all who are laboring under disease, and my word for it, they will become so popular as a general remedy that you will find it difficult in sup
