The Miners' Journal

POTTSVILLE, PA.

SATURDAY, JUNE 25, 1853.

☞ *THE MINERS' JOURNAL has a larger circulation than any other Newspaper published in Northern Pennsylvania. It circulates among the Coal, Iron and Business men, not only in this and the adjoining counties, but in all the cities, and it also circulates largely among the miners in Schuylkill county, which renders it one of the most valuable Advertising mediums in the County. But few papers have so many copies enrolled on its subscription list.*

RECEIPTS.

From Miners' Journal since last Publication.

☞ We hope those in arrears abroad will forward their amounts due, as speedily as possible—as our expenses for paper and labor are very heavy.

BUSINESS DEPARTMENT.

☞ SANDFORD'S LINE OF STEAMERS now run daily between Cape May and New York—have very low—see schedule in adv. Excursion tickets, good for ten days, much reduced. They will give a grand Excursion to New York, leaving on Saturday, July 23, and return New York at 11 P. M. Monday night, July 4th, giving the passengers time to attend the places of amusement and witness the display of fire-works, when they will send the splendid Steamship Delaware. She can take 1200 passengers safely. Fare for the Excursion $3 00.

☞ DEVLAN'S PATENT OIL, advertised in our columns, is the best lubricating substance for machinery we have ever tried. We now use entirely on our Engine, Presses, &c., and find it works admirably.

☞ STRAW BONNETS, LEGHORN HATS and Gaiter Boots and Shoes, of all sizes, to be had cheap at D. Fraley 3½ S. 2d Street, Phila.

☞ GARRETSON, of the National Hall, Cape May, announces his Hotel now ready for the accommodation of visitors.

☞ Mr. J. F. WHITNEY is Agent for the Mohawk Valley Farmers' Insurance Company. Coal and Boats insured.

☞ PROPOSALS SOLICITED for work on the James River and Kanawha Canal.

☞ VALUABLE PROPERTY advertised for sale by the Sheriff, in to-day's paper.

☞ VALUABLE LAND, in this County, will be sold at Harrisburg, July 11th.

☞ LABORERS WANTED on the Mine Railroad Extension.

☞ OUR PHILADELPHIA LETTER arrived too late this week.

☞ WE HAVE received an Address from the Ladies' Temperance Association of New Castle, Lawrence county, in this State, directed to their Sisters, in the common bonds of Humanity, in Schuylkill County, which we will endeavor to lay before them in next week's *Journal*.

☞ REV. WM. C. COOLEY, formerly Rector of Trinity Church, (Episcopal) in this place, is about to engage as a Missionary in the organization of a 2nd Episcopal Church in Reading. His kindness of heart, and great devotion to the interests of the poor and suffering, peculiarly qualify him for such a post.

☞ A DAMPER.—Application has been made to the Supreme Court, to grant an injunction to restrain the city authorities of Reading from making the subscription of $300,000 to the Lebanon Valley Railroad, decided upon by a vote of the citizens, last week. Charles Davis, Esq., has been engaged as counsel for the prosecution, and William Strong, Esq., to appear for the city. The *Gazette*, referring to these proceedings, states that the third Monday in July next, is assigned for the hearing of the motion for an injunction, and that many of the citizens of Reading will be induced to attend the sitting of the Court at Sunbury, to hear the argument of the case.

BOROUGH COUNCIL.

We are glad to learn that our Borough Council has passed an Ordinance for the purpose of issuing Bonds for the present debt, redeemable in a certain number of years—see Ordinance in another column.

This is an important move, and all our citizens are interested in having it carried out. As soon as accomplished, the orders unpaid can be taken up at once, the taxes collected can be paid into the Treasury, and the work will be done at least 20 per cent. cheaper than at present.

The next step is for the Auditors to have the Borough accounts settled up to the beginning of the present year, showing the whole indebtedness of the Borough to whom it is owing, the amount of outstanding orders, &c., and also the amount of orders issued for the present year to time of settlement, so that the people can understand the affairs of the Borough. It is important that this should be done at once, and there will be no difficulty in securing the loan.

This is the most important step taken by the Council for a number of years.

A WORD TO POST-MASTERS.

Almost every week, of late, one or more of our subscribers writes us that the *Journal* is either not received at all, or arrives much later than it should. As we cannot reply individually to these multitudinous complainants, nor at all times furnish them with the missing papers they request, we take the present early occasion to explain, once for all, in justice to ourselves, and also to call the attention of Postmasters to this double grievance—vexatious to our subscribers and very annoying to us.

The *Journal* is regularly and *carefully* packed, and taken to the Post Office every Friday night, or at a seasonable time before the mails leave next day. This is a duty attended to with special punctuality—so much so that we cannot recall a single failure for many years. When once delivered into Uncle Sam's charge, of course our responsibility ceases, and his agents alone are answerable for its safe carriage and seasonable delivery. We are willing to excuse our new Postmasters, as far as possible; but since all their blunders are at others' expense, we hope they will studiously apply themselves to learn to transact their official business promptly and without mistakes, as soon as possible.

Tax-Payers, Friends of Religious Institutions, Friends of Virtue and Morality, Clergymen and Members of the Churches, Friends of Humanity! Read it, and reflect upon it!

The list of Paupers, which we generally obtain at the close of the year, will be large for 1853. Although laborers are scarce, and all could obtain employment, but we learn our Justices are pretty busy, in some districts, drunken sending Paupers to the Poor House.

No. of Licensed Houses to the Voters.

At the Presidential Election, last year, the vote was the largest ever polled in this County, amounting to 8786 for Scott and Pierce. Of this number 5983 were polled in the Coal Region, and 2803 in the country districts; divide 636, the number of Licensed Houses in the Coal Region, into 5983, and it gives you a Licensed Liquor Establishment for every NINE AND A HALF VOTERS IN THE COAL REGION! and this is independent of the numerous unlicensed Tippling Houses that exist throughout the Region, which would probably give a Liquor Selling Establishment to every SIX VOTERS in the Coal Region!

In the country districts the vote was 2803, and, the number of Licensed Houses 110, which would give a Liquor Establishment to every 26 voters.

Paupers manufactured in the Coal Region, in 1852, *two hundred and thirteen!*—in the country districts only *eight*.

Nativity of the Paupers.

The following is the Nativity of all the Paupers of last year:

Ireland,	191

Wales,	13
Scotland,	10
England,	8

Taxes for the Alms House

The following sums were paid to the Alms House alone, by the Tax-payers of Schuylkill County, in the following years to support the Paupers manufactured by the Liquor Selling Establishments in this County:

In 1844,	$6,500
" 1845,	5,500
" 1846,	5,500
" 1847,	5,500
" 1848,	5,500
" 1849,	5,500
" 1850,	8,476
" 1851,	9,600
" 1852,	9,570
	$61,646

In 9 years,

Making $61,646, in nine years, paid to the Alms House alone, independent of the criminal expenses of the County, caused by intemperance—the private relief granted, and the losses sustained by the People. It is estimated that no less than TWO-THIRDS of all the taxes paid into the County Treasury go to support Intemperate Paupers and to support the criminals originating from Intemperance. The sober and industrious Taxpayers, we must confess, are very *patient* persons, to submit to this state of affairs much longer.

Prisoners in the Jail.

We learn that there are thirty-eight Prisoners in the Jail—four natives of the United States, two of whom are Blacks, and the balance Emigrants, nearly, if not quite all, from Ireland, and all, with but one or two exceptions, were brought there from Intemperance.

The Difference where Judges are conscientious and perform their Duty.

In Harrisburg, the seat of Government, with a larger population than Pottsville, the number of Beer and Eating Houses is 16. In the country districts, including mining districts, 5

Making in the whole County only 15!

In Pottsville, 75

In the Coal Region out of Pottsville, 340

Total in the Coal Region, 415

Do in the country districts 20

Do for the whole County, 435!!!

If our Judges were conscientious and right thinking men, and would perform their duty, instead of pandering to individuals and politicians, the number of Groggeries in the Coal Region could be reduced three-fourths in less than one year.

☞ LIQUOR AGAIN TRIUMPHANT OVER THE LAWS.—In the neighborhood of the Crystal Palace, on Sunday last, several Blacksmiths, living in the midst of a lot of Groggeries, thought they had as good a right to go to work in their shops, and earn an honest penny, as the grog-shop keepers had to sell grog, and cause fighting, quarrelling and rioting. But the police immediately siezed the Blacksmiths, and locked them up until the next morning—but the Liquor-sellers were not touched. They followed their business all day without any interference. No wonder Laws are becoming a mockery, and crime increases under such a perversion of Justice.

TRIBUTE OF RESPECT.

Hon. Thomas M. Bibighaus, of Lebanon, late Representative of this District in Congress, died in Lebanon, on Saturday last. The following Resolutions were passed by the Dauphin County Whig Convention, in session at Harrisburg, on the arrival of the news of his decease:

Whereas, We have learned that "He who is too wise to err" has removed from the scene of his earthly labors and responsibilities, the Hon. Thomas M. Bibighaus, our late Representative in Congress; therefore,

Resolved, That his many virtues have endeared his memory to the citizens of Dauphin County, and that of him it may emphatically be said, "He was an honest man, the noblest work of God."

Resolved, That we deeply sympathize with his afflicted family, in their irreparable loss, and commend them to Heaven for that protection and consolation which the world cannot give.

Resolved, That the officers of this convention are hereby requested to forward a copy of the above preamble and resolutions to the widow of the deceased.

☞ THE NEW YORK *Journal of Commerce* calls the Bill now before the New York Legislature, vesting all the Church property in the hands of Archbishop Hughes instead of Trustees, "*selling out to the Pope.*" The people must watch closely the action of members of the Legislature, in the present crisis. They must recollect that the *Shepherd of the Valley*, a Roman Catholic paper, published at St. Louis, recently declared:—"*If the Catholics ever gain, which they surely will do, though at a distant day, an immense numerical majority, religious freedom in this country is at an end. So say our enemies. So we believe.*"

It is through the corrupt politicians and legislators that they expect to accomplish their objects. We repeat, the people cannot watch them too closely.

☞ TUESDAY LAST, 21st, was the longest day of the year—it is to be hoped that it was also the hottest, as we hardly dare to imagine one hotter.

THE COAL TRADE FOR 1853.

The quantity sent by Rail Road this week is 32,498 13—by Canal 20,221 11—for the week 58,720 04 tons. Total by Rail Road 698,718 06 against 763,553 18—do by Canal 290,939 27 against 282,050 17 tons to same period last year.

The shipments this week show a loss by Rail Road of 2,329 tons, and a gain by Canal of 1,095 tons—making the loss for the week 1234 tons. At this rate we are not likely soon to catch up to last year's shipments. The excessive heat of the last week materially affected mining operations in some of the deep collieries, generating foul air to such an extent that many of the Miners were forced to leave their work. This, is an evil on the increase in this Region as the workings become extended to a greater depth particularly where proper attention has not been paid to the ventilation of the Mines.

Vessels continue scarce at Richmond and freights to the East have advanced a shade.

The strike among the Miners in the Cumberland Coal Region has been settled by an advance of 3 cents per ton for mining. The shipments of coal for the last week amounted to 7,521 tons.

The trade from the Lehigh is increasing from 3 to 5000 tons per week.

AN ORDINANCE

To authorize a Loan for the liquidation of the Debt of the Borough of Pottsville.

WHEREAS, By an Act of Assembly approved 9 March 11th, 1850, the Town Council of the Borough of Pottsville was authorized and empowered to borrow any sum of money not exceeding Twenty Thousand Dollars, which they might deem necessary for the purpose of liquidating the debt of said Borough, and for other necessary Borough purposes, in the name and upon the faith, credit and responsibility of the corporation of said Borough. Therefore,

Sec. 1. Be it enacted and ordained by the Town Council of the Borough of Pottsville, and it is hereby enacted by the authority of the same, That the President of the Council be and he is hereby authorized to borrow on the credit of the corporation the sum of twenty thousand Dollars, to be applied to the cancellation of outstanding Borough orders, and the liquidation of the debt of said corporation generally.

Sec. 2. The said loan shall be divided into shares of one hundred dollars each, bearing interest at the rate of six per centum, payable *semi*-annually on the first days of April and October in each year, and reimbursable as follows, to wit:

Two Thousand Dollars, payable Oct. 1, 1853.

Two thousand dollars payable in each subsequent year, at same time.

Sec. 3. The books of subscription shall be opened at the public house of Mortimer and Brother, on the 18th day of July, A. D. 1853, and daily thereafter between the hours of two and six o'clock, until the amount of such loan shall be subscribed. The sums subscribed shall be paid at the time of subscription either in money, or Borough orders, at their par value.

Sec. 4. For every share or shares subscribed and paid for by each subscriber, as provided for in the section preceeding, Bonds with coupons or interest certificates attached, purporting the semi-annual payment of the interest, shall be issued under the seal of the corporation, signed by the President of the Council, and countersigned by the Treasurer, which shall be transferable as bonds are usually transferred.

Sec. 5. All outstanding Borough orders, Bonds, certificates or other evidence of indebtedness will be received as money, and converted into Coupon Bonds bearing interest from the time of payment.

Sec. 6. That the President of the Council with a committee of two consisting of J. W. Rosebery and Henry L. Cake, or either of them, shall be a committee to receive subscriptions to the loan, to give receipts for the monies received, and pay the same into the treasury.

Sec. 7. The interest on the said Bond shall be preferred to all other liabilities, and payable out of the first monies that come into the Treasury.

C. J. FRY, Pres't Town Council.

Attest, JAMES A. MCBARRON, Town Clerk.
