A HOUSE AND HOME.

A plan of the property can be seen, and the terms of Sale made known by application at the office of EDWARD OWEN PARRY, Agent, of the Kentucky Bank, Centre street, Pottsville. September 4, 1852 36-tf.

TO COAL OPERATORS

THE North American Coal Company offers for rent for a term of years, the Mines upon the tract of Undivided Contrevilla, in Schuylkill County. These Mines are well known as among the best of the *Red Ash* veins of the Region—among them are the Spohn, the Palmer, the Clarkson, and Pumpkin Mountain veins.

The tract lies within a mile of Pottsville, and is connected with the Mount Carbon Railroad by a Railroad owned by the Company. Its proximity to the Reading Railroad gives to this tract great advantages as regards transportation.

A more particular description is deemed unnecessary, as any person disposed to lease the Mines will, of course, examine for themselves.

Two small engines on the tract will be leased with the mines.

The attention of persons disposed to lease Coal Lands, and who *can command some capital*, is invited to this property. Reference can be had to D. E. Nice, Agent of the Company, P. W. Shafer, Civil Engineer, Peter Simpson, Engineer of Mines, all of Pottsville; *or to the subscriber*, No. 98 South Sixth, Philadelphia.

Possession can be had, at any time after the 24th of October next. JOHN C. FORD, Pres't. Sept. 11, 1852. 37-tf

ALL who want Axes of the real Collins & Co. make, should be particular to notice the various ways there are various counterfeits and imitations stamped Collins and labelled near the Eye, which are fraudulently sold in some parts of the United States as our manufacture. The genuine Collins axes, which have required such an extensive reputation, are invariably stamped "COLLINS & CO. HARTFORD," and each axe has a printed label with my signature. It is now more than Twenty-Five Years since we commenced the business with the stamp of "Collins & Co., Hartford," and I do not know of any other axe-maker by the name of Collins in the United States.
