Wit and Humor.

CRUMBS.

[From Children's Table in Knickerbocker Mag.]

A very little girl, young enough to sleep in a crib by the bed of her parents, awoke one night, when the full moon was shining into her bed-room, and calling to her father, she exclaimed:

"Father! Father! God has forgot to blow the moon out! Won't you open the window, and let me blow it out?"

Another little girl, of nearly the same age, and living very near to her, was found one evening alone in her mother's bed-room, when she very quickly remarked to her mother:

"I have been having a season of prayer for the poor children at the Five Points."—Well not such prayers go up higher than many others from older persons?"

I have a couple of little nieces—twins—so much alike, as to render a distinction impossible to any but their parents. I remember once teaching one of them a lesson in the catechism. I commenced with the question: "Who made you?"

She replied correctly: "God."

"Why did he make you?"

A correct reply, again.

"In whose image and likeness did he make you?"

"Why," says she, speaking very quick, "He made me the very image and likeness of my sister Clara!"

A little nephew of mine, a "five-year-old," whose mind was running on holiday subjects, said to his father:

"Papa! does Santa Claus travel all over the world at Christmas?"

"Yes, my son," was the answer.

"I shouldn't think he'd go to Africa," said the child.

"Why not?" he was asked.

"Why, because they have got no stockings there!"

Our little "Eddy" sometimes says queer things: most little boys of two years of age do. A few nights ago, having just finished a famous piece of pie, of which he is very fond, he was summoned by his mother to say his prayers and go to bed. Kneeling at her side, he repeated after her that heaven-taught portion, "Our Father which art in heaven," etc., until she came to the passage, "Give us this day our daily bread,"—when, raising his head, and looking up into her face, he said:

"Oh, no, mother!—pie!—say pie!"

A little fellow, from four to five years old, having perforated the knee of his trowsers, was intensely delighted with a patch his grandmother had applied. He would sit and gaze upon it in a state of remarkable admiration; and in one of these moods suddenly exclaimed:

"Grand-ma must put one on t'other knee, and two behind, like Eddy Smith's."

If the boy lives, he will beat Gov. Marcy, two to one.

When our "Gus" was a three-year-old, he had been for some days anticipating with great delight a visit to his grand-parents, who resided a half-day's ride from our home. But it stormed day after day, so that he could not go: until "hope deferred" made his little heart sick. As his mother saw him to his bed, she bade him repeat his usual prayer, which he did, with a slight *variation*, as follows:

"Now I lay me down to sleep,
I pray the Lord my soul to keep,
If I should die before I wake,
I pray the Lord my soul to take
To Danbury, to morrow morning!"

☞ A Knotty Question.—The question before the meeting house is this: If a teller—what is a teller—and his gal—are about to be married for a time—and they propose to exchange daguerreotypes—and for that purpose the teller goes with his gal to the daguerreotype shop—and is to pay for having the "pictures took"—and he only has money enough to pay for one picture in an ordinary case, and the other in a magnificent case—which picture should he put in the magnificent case—his own ugly mug, or hers?—Would it be gallant in him to put *her* mug in the ugly case? Would it be generous in him to put *his* mug in the ugly case which she is to keep? *That's* the question before the meeting house. We are open for discussion.

☞ Poor Delivery.—A waggish fellow, some what troubled with an impediment in his speech, whose quibs and quibbles have been relished by many of us, while one day sitting at a public table had occasion to use a pepper-box. After shaking it with all due vehemence, and turning it in various ways, he found that the crushed pepper-corns were in no way inclined to come forth.

"Take this pipe-pepper-box," he exclaimed with a facetious grin, "is so—some—thing like myself." "Why so?" interrogated a neighbor. "P-poo-poor delivery!" was the reply.

☞ A Change Anticipated.—A young lady in a class studying physiology, in the high school at Sandusky, made answer to a questionpupil, that in six years a human body became entirely changed, so that no particle was left of the commencement of the period would remain at the close of it.

"Now, Miss L.," said the young gentleman to her, "in six years you will cease to be Miss L."

"Why, yes sir, I suppose so," she said, very modestly looking at the floor.

☞ Woman and her Bit of Bonnet.—A savage observer of female life has bitterly observed that—paradoxical as it may seem it is true—the less she has a woman shows her bonnet, the still less she exhibits of her brains.

☞ A wag, observing a fellow steal a fish, and put it under his jacket which was too short to conceal the theft, hallooed to the purloiner to wear its future a longer jacket, or steal shorter fish.

☞ "Ah!" said Seraphina Angelica, speaking on some subject in which her feelings were warmly enlisted, "how gladly I would embrace an opportunity!"

"Would I were an opportunity!" interrogated her bashful lover.

REAL ESTATE.

HOUSES AND LOTS

IN LAWTON'S ADDITION TO FORT CARSON, THE LAWTONVILLE TRACT is now laid out into Lots, and will be sold on terms which will enable every industrious man to purchase for himself and family.

A HOUSE AND HOME.

A plan of the property can be seen, and the terms of sale made known by application at the office of

EDWARD OWEN PARRY, Agent,
of the Kentucky Bank, Centreselect, Pottsville.
September 4, 1853. 36-tf.

VALUABLE REAL ESTATE FOR SALE

THE subscriber offers to sell at Private Sale the following described Real Estate, upon reasonable terms:

No. 1. The undivided one-half interest of all those three tracts of land, situate in Branch and Tremont townships, Schuylkill County, which were surveyed on January 15th on warrants to John Otto, Peter Filbert and John Kidd. The undivided one-half interest in the above tracts amounts to 659 acres. The land is well wooded with timber suitable for railroad ties and pickets.

No. 2. All that certain lot of ground situate in the borough of Schuylkill Haven, upon which is erected a large three-story Brick Dwelling, and all necessary out-buildings. This property is now occupied by Dr. Lewis Rover. To any one desirous of practising medicine in Schuylkill Haven, an opportunity is now offered to secure a comfortable home and office, rarely to be met with.

No. 3. All that certain lot of ground situate in Port Carbon, bounded and described as follows:—Beginning at a post on the south side of Pottsville street, at a corner of the lot belonging to Henry Porter, thence by the same south twenty-four and a half east one hundred feet to a post, thence north sixty-five and one-half east fifty feet to a post, thence north twenty-four and one-half west one hundred feet to Pottsville Street, thence by the same north sixty-five and one-half west fifty feet to the place of beginning.

No. 4. A tract of first rate timber land, containing 219 acres, situate in Schuylkill Township, about three miles back of Tuscarora, in Locust Valley.

HIESTER CLYMER,
Office in Centre Street, Pottsville, directly opposite the Episcopal Church. 2d story.

OILS, PAINTS, &c.

OHIO FIRE PROOF PAINT.

A FEW Barrels of the Ohio Fire Proof Paint, Slate & Brown colors, *the genuine article* for sale by the subscriber. *Also* a few kegs of Paint Oil, at 374 cents a gallon, and Grease at 3½ cents a pound in cash quite cheap. For sale by B. BANNAN.
April 30, 1853. 18—

TERRUGINOUS

OR COMPOUND IRON PAINT.

FIRE AND WATER PROOF PAINT of great durability and the power of resisting all atmospheric influences during a lengthened period of time. Can be had at the Hardware and Iron Store of

GEORGE BRIGHT,
Agent for the above paint.
August 6, 1853. 29-tf

DEVLAN'S IMPROVED OIL.

THIS OIL has the most extensive use, and is more highly recommended for machinery, than any other Oil in the Market, working clear and free from gum. It is warranted in all cases to be just what it is recommended, or its value refunded. Its cheapness will find, upon trial, that it is the cheapest Oil in use. Operators who use machinery will find, upon trial, that it is the cheapest and best Oil, for a lubricating oil.

Orders left at FRANK POTT'S Hardware Store, or MYER STROUSE'S Liquor Store, Agents for this town, will be promptly attended to.
June 25, 1853. 26-tf

PURE WHITE LEAD

ETHERIDGE & BROTHERS, Manufacturers, No. 65, NORTH FRONT street, Philadelphia, have now a good supply of their warranted pure WHITE LEAD, and those customers who have been sparingly supplied in consequence of a run on the article, shall now have their orders filled.

This well known substance possesses those preservative and beautifying properties, so desirable in a paint, to an equal extent with unadulterated white lead; hence any admixture of other materials only mars its value. For years before, the steady sale of the manufacturers, for many years, to supply to the public a perfectly pure white lead, and the unceasing demand for the article, is proofthat it has met with favor. It is invariably branded on one head: WETHERILL & BROTHER in full, and on the other, surrounded pure, all in full letters.

Philada., July 19, 1853. 28-1y

BLAKE'S Patent Fire Proof PAINT.

THE Subscribers have just received a further supply of this singular and valuable substance. In addition to the slate color, they have a beautiful brown and a yellow, adapted to the tops of buildings, and much admired for the front of buildings.

Its principal ingredients are silica, alumina and protoxide of iron, which in the opinion of scientific men satisfactorily accounts for its great durability, the two former substances being non-conductors, and the latter acting as a cement, to bind the whole together and unite it firmly to the object painted.

Further it is mixed with Linseed Oil, and applied with a brush, the same as ordinary paint, to wood, brick, tin, zinc, canvass, paper, &c. It hardens gradually and becomes fire-proof.—Its particularly suitable for roofs of buildings, steamboat and rail-road cars, fences, &c. A roof coated with the paint is equal to one of slate, at a vast saving of expense.

Specimens may be seen at the office of the subscribers.

DRY GOODS, &c.

A WESTERN LOVE LETTER.

A 1000 eight hundred and 50 three.

Mr Dear Henry.—I embrace this here opportunity to let you know as how I had a spell of sugar, and I does hope these lines may find you enjoying the same G d's Blessing. Why dont you oblay rite a sweate line to Sallyann Kathrun all about yourself Henry. Oh! my own sweate Henry—my turtle dove—my pidgeon—my dear old Henry—how my poor sole is longing to hear yer sweate voyce. I think I hear it in imagine Yanky Dudle as he comes from the plow row. Oh, my Henry do cum out and let's get married. So no more at present. Remayne yer loving

KATHRUN AN TILDEN.

To my sweate Henry.

P. S.—Pray rite soon.

P. S.—Pray rite soon. Jemine Bailey has rec'd a new house; and Sam Jones has a saw. She fires him out with a broom. Sam's sore. My sweate H. I wont whip yew indeeds nor I wont. I do love yer, so I do wont. Daddy says as he wont let me get married, because I have got 2 young already. So no more at present.

K. A. T.

P. S.—Part Thera.

my pen is bad, my ink is pale,
my love to you shall never fade,
for Henry is my own true love,
my pokeys thick and turtle dove.

So no more at present. K. A. TILDEN.

P. S.—Nary Benny—Mathurs ded, and Timothy are got the fever.

So no more at present from yer loveing

KATHRUN AN.

Nary Benny 2—I forgot to say as how that are horn on my big toe, dont hurt as it used to did. So wouce mour yer wife as is to be, cends 2 kisses and sez fair wel. Yours till death do us part. K. A. T.

☞ A Knotty Question.—The question before the meeting house is this: If a teller—what is a teller—and his gal—are about to be married for a time—and they propose to exchange daguerreotypes—and for that purpose the feller goes with his gal to the daguerreotype shop—and is to pay for having the "pictures took"—and he only has money enough to pay for one picture in an ordinary case, and the other in a magnificent case—which picture should he put in the magnificent case—his own ugly mug, or hers?—Would it be gallant in him to put *her* mug in the ugly case? Would it be generous in him to put *his* mug in the ugly case which she is to keep? *That's* the question before the meeting house. We are open for discussion.

☞ Poor Delivery.—A waggish fellow, some what troubled with an impediment in his speech, whose quibs and quibbles have been relished by many of us, while one day sitting at a public table had occasion to use a pepper-box. After shaking it with all due vehemence, and turning it in various ways, he found that the crushed pepper-corns were in no way inclined to come forth.

"T-this-this pipe-pepper-box," he exclaimed with a facetious grin, "is so-some-something like myself." "Why so?" interrogated a neighbor. "P-poo-poor delivery!" was the reply.

☞ A Change Anticipated.—A young lady in a class studying physiology, in the high school at Sandusky, made answer to a question, that in six years a human body became entirely changed, so that no particle was left of the commencement of the period would remain at the close of it.

"Would I were an opportunity!" interrogated her bashful lover.

MEDICINAL.

CELEBRATED FAMILY MEDICINES.

In offering to the public the above invaluable preparations, the subscriber would state, that in consultation with his friends, and some of the most respectable of the Medical faculty, it was deemed advisable to offer to the public, a few preparations of known celebrity, being prepared with the greatest care, and on the most scientific principles, as substitutes for the numerous worthless articles that are flooding the country in the form of panaceas and cure-alls, prepared by the most ignorant and mercenary persons, intended to cure all diseases and good for none.

Read and Reflect.

That the Medicine, manufactured by W. H. BICKLEY, including his Sore Pectoral for Coughs, Cream of Camphor, for Rheumatism, Worm Syrup for Worms, Tooth Wash, for decayed teeth, and diseased gums, family pills, or Blood Purifiers, have been more extensively used, and have given more satisfaction, than any other medicines before the public, being prepared with regard to their usefulness are fully worthy the trial of the afflicted. Give them a trial.

A few powerful reasons why the above medicines are deserving of universal patronage. In the first place, they are prepared by a regular Physician, who understands the application of Medicines to diseases, and consequently are perfectly safe to take—Secondly, they have been used with universal success, and have given more satisfaction than any other Medicines offered before the public. (Thirdly,) they are the only medicines that have gained the patronage of Physicians, where they have been used, (Fourthly,) they are put up in larger quantities than any other, and consequently cheaper than for the same price, than any other Medicines offered before the public, of the same kind. As the subscriber has a number of certificates in his possession of the highest authority, where they have been used with the most satisfactory results, he will publish a few of them, feeling satisfied that a trial will insure a share of the same with those who have used and appreciate their superiority over all others.

Read and be Convinced.

We, the undersigned, having made acquaintance with the ingredients entering into the compounds known as Bickley's Family Medicines, also, having prescribed, and known them to be used, with the most satisfactory results, take pleasure in adding that we believe they fully meet the design for which they are recommended.

Cures of pain in the side and cough from protracted Liver Complaint.

Mrs. Robert Adams, laboring under Chronic Liver Complaint, accompanied with a short dry cough, pain in the side and breast, general debility, loss of appetite, after trying all the usual remedies recommended for coughs and diseases of the chest, with no benefit, she was recommended to try the Rose Pectoral, from which she not only derived immediate, but permanent relief.

John Adams, son of Mrs. Robert Adams, was afflicted with a very severe cough, pain in the side, and soreness produced by incessant coughing; he was induced to try the Rose Pectoral. To use his own language, the first dose he took, he slept a good night's rest—in the morning he expectorated almost half pint of matter. He continued to improve until his cough entirely left him, it also had the effect of strengthening his lungs, so that he could hold his breath as long as any person. Mr. Adams says that he has recommended it to a number of his friends for similar complaints, and in every case it has given satisfaction.

The above persons resided of the town of Danville feeling that they have derived great benefit from the use of the Rose Pectoral, have given the above statement, for the benefit of those who may be afflicted in a similar manner.

G REAR, Clerk.

Loss of voice restored with one bottle of Rose Pectoral.

Miss Susan Whitlock, of Hush Township, Northumberland County, for a number of years, prior to the fall of 1850 lost the use of her voice from a severe cold she contracted; after trying a number of remedies, with no benefit, she was entirely deprived of using one bottle of Rose Pectoral, after which, she lost her voice again, from a fresh cold she contracted, and was again restored by the use of another bottle, she then took four bottles more to strengthen her breast, from which she derived the most decided benefit, and has been in the enjoyment of excellent health from that time to the present.

The above statement is obtained from Dr. Purvis, the Physician who attended her; also her mother, who knows what she would and suffered at the time if it had not been for the Rose Pectoral.

Danville, Jan 25, 1853.

Still Another Marked Cure Effected.

Mrs. Samuel Sechler, being of a naturally weak and delicate constitution, very susceptible to colds, was afflicted with a very severe cough, pain in the breast of the breast, loss of appetite, after using a number of the usual remedies from which she derived no benefit, she was cured by taking one bottle of Rose Pectoral, and is in the enjoyment of better health than for years previous (Danville, Dec. 1, 1850.

READ THE FOLLOWING.

This is one of the strongest testimonials that can be produced in favor of the virtues of a medicine.

Doctor Bickley—Sir:—In reply to your enquiries as regards the effects of the Rose Pectoral in my family, it affords me pleasure and satisfaction to inform you that, in my own case, I was affected with a severe and obstinate cough for about twenty years, I tried almost everything I could hear of which promised very much at night, sons to disturb my rest. I procured a bottle of your Rose Pectoral, and by taking one tablespoonful for three successive nights, on retiring to bed, was entirely relieved, and also used it to entire satisfaction with my children. But the most remarkable effect was to the cure of my father, at the time he was seventy years of age, he had the last fifty years, he has been troubled with Asthma, and cough which distressed him very much, (particularly when he was laid up in bed,) he was induced to try a bottle of your Rose Pectoral, and after using a bottle of Rose Pectoral, and most wonderful to relate, by the time he had taken half a bottle, he slept soundly for the first night in a long day, was entirely cured. Hoping you may find it equally beneficial in persons similarly affected, I remain yours respectfully. JACOB COUSART,

W. G. PATTON.

Still Another.

Doctor Wm. M. Bickley—Dear Sir:—Please send us three doz. Rose Pectoral as soon as you can; it is now getting known, and we find it to be one of the best medicines for colds we have ever had.

CLEMENS & HEISLER.

Pottsville, Nov. 24, 1852.

Dear Sir:—We, the undersigned, being in the employ of Messrs. Graves and Comly, at whose establishment an Agency for the sale of your Family Medicines, state that we have had an opportunity of knowing the cures of numerous individuals, who have received them, and that they give general satisfaction. We have sold a great many of your Pills, which are universally liked, being very mild in their operation.

W. LEISENRING,
Danville. Agent, W. M. KEPLER.

Doctor Bickley:—As a token of merit for your skill in preparing one of the very best family medicines I ever knew of, I have ever known it for coughs and colds, so feel me to inform you that has cured a very bad cough and cold I took due bottle of your Rose Pectoral, which acted like a charm at finding me the most decided and immediate relief. I have recommended it to a number of persons, and have also had an opportunity of observing its results, and can safely say that in every case it has given satisfaction. Believing your remedies to be what they are represented, and worthy the patronage of the community, I remain yours, respectfully

AARON W. COELY,

Firm of Comly & Grove, Eitner Co. Store, Danville, Pa.

Doctor Bickley.—This is to inform you that three months since, my wife was attacked with Rheumatism throughout her general system, but particularly in her hands and feet, which were very much swollen, for the last month she has been confined to her bed, and has not been able to either turn or help herself, we had resorted to every remedy, I could hear of, with no benefit, she continued getting worse, were despairing of her recovery, I was advised to try Bickley's Cream of Camphor, as the last resort, and (can safely say) that it afforded her immediate relief, and although we have only had two bottles, her health is fast improving, which I can attribute entirely to the use of Bickley's Cream of Camphor, as we have used no other medicine. Yours truly,

ELIJAH SEARCH, Danville, Dec. 1, 1852.

Dr. Bickley—Dear Sir—As I have had some experience and well an observation in reference to the superior qualities of some of your Medicines, I would inform you that I about a year ago, my little boy, I had attacked of bronchial or inflammation fever, which left my lungs so weak, accompanied with a very troublesome cough. After trying a number of remedies, with no benefit, I was cured with less than half a bottle of your Rose Pectoral, as my breast was very sore from coughing, it had a very soothing effect. From its having so decidedly benefited my child, I was induced to make enquiry of different persons whom I knew had used it, as to its general merits, and found it to be a great favorite with all who had used it, but one case in which it did not give the most entire satisfaction. Hoping this may induce to bring your valuable medicines into general notice, I remain yours,

Rev. JOHN WEBB,
Pastor M. Episcopal Church, Milton, Pa.

Dec. 2, 1853.

Dr. Bickley—Sir:—As my wife, who was troubled with a dry, hard cough, also four stomach, dependent upon debility, similar to Dyspepsia, was entirely relieved by using two bottles of your Rose Pectoral, I permit me to say that I consider it an excellent remedy. Yours respectfully, Rev. M. WILLARD,
Pastor Lutheran Church, Danville, Pa.

Danville, Jan. 31, 1853.

Dr. Bickley—Sir:—As a recommendation for your invaluable medicines, I would inform you that since my arrival in Danville, not being well acquainted with the same remedies, I have been in the habit of using, previous to my residence here, I was induced to try your Rose Pectoral in my family, and after having suffered very much from a very severe cough, pain in the side, and soreness produced by incessant coughing, he was induced to try the Rose Pectoral. To use his own language, the first dose he took, he slept a good night's rest—in the morning he expectorated almost half pint of matter. He continued to improve until his cough entirely left him, it also had the effect of strengthening his lungs, so that he could hold his breath as long as any person.
