PRESIDENT,
VANCE STEWART,
OF MERCER COUNTY, PA.
TREASURER,
E. G. JAMES,
OF PHILADELPHIA.
SECRETARY,
J. L. DARLINGTON,
WEST CHESTER, PA.
DIRECTORS.
VANCE STEWART, Mercer county, Pa.
JOHN R. LEONARD, West Chester, Pa.
D. C. FORNEY, Washington, D. C.
HENRY D. COOKE, Washington, D. C.
SIMON CAMERON, Harrisburg, Pa.
JOHN E. DIBBLE, Philadelphia.
JOHN F. GRAFF, Philadelphia.
GEORGE C. EVANS, Philadelphia.
JAMES DUFFY, Marietta, Lancaster co., Pa.
The present and prospective value of the stock of this Company may be inferred from the fact that it owns a fee simple interest in 473 (four hundred and seventy-three) acres of the richest-tested oil territory in Venango county, believed by the most experienced oil men in that region to be capable of producing a net annual income to the Company of one and a half million dollars, or three times the entire cost of the stock, which would be equivalent to twenty-five per cent. a month on its subscription price, or *one hundred and fifty per cent. per annum on its par value.*
The following is a description of the Company's property:
One-fourth fee simple interest in the celebrated "Hoover" Farm, situate on the Allegheny river, about two and one-half miles below Franklin, containing 223 (two hundred and ninety-two) acres, with 832 rods (or over one mile) front on the Allegheny river, on which there are now twelve leases, each ten rods square, and from which the owners of the fee simple get one half the oil, free of all expense. Besides this, there are two wells owned by the owners of the fee, from which they get all the oil.
On this Farm there are now ten wells in operation, producing an average of ten barrels per day, and several others are about being tubed. There are also on it 127 (eighty-seven) more lots surveyed, and more than fifty applications are now standing to lease the latter for one-half the oil to the owners.
Out of these twelve wells on this Farm *eleven* are now paying handsomely; a fact which sufficiently demonstrates the great richness and reliability of the territory.
No. 2
Is the *entire fee simple* interest in 151 (one hundred and eighty-one) acres, situate on the Allegheny river, nearly opposite the "Hoover" Farm, and a little nearer Franklin, at the mouth of Mill Run, having a front of 60 rods on the Allegheny, and extending one mile on both sides of Mill Run, with ample boring surfaces for *one hundred wells*, or Lots of ten rods square. This tract is known as the "Stewart Farm," and is clear of all incumbrance of any description whatever.
There is now in operation a fifty-barrel well (beside several smaller ones) on the Cochran Farm, which adjoins this on the south. In fact, the "Stewart" Farm is *surrounded* with good-paying wells, and within a short time a single lease of 80 rods front, on the immediate opposite side of the river, sold for $165,000 (one hundred and sixty-five thousand dollars.) On this lease a good well has been struck within a few days.
In addition to the "Stewart" Farm, there is a farm, which is believed to be equally as good as the "Hoover," there are on it a three-story Grist Mill, with fine water-power, a good farm-house, and other buildings, but will be of use to the company.
The *working* of this immediate oil section is illustrated by the fact that some of the wells on the "Hoover" Farm have been pumping for over four years, without any material diminution in their yield, while the lands have proved from experience to be more convenient for transportation and superior gravity, always commanding from one to two dollars per barrel more than the oil at Oil Creek.
The officers of the Company feel justified in presenting the following estimate of what, with vigorous management, the above lands can be made to yield for the benefit of the stockholders in a comparatively short time:
THE "STEWART FARM."
There is room on this for one hundred lots of ten rods square, all of which can be leased immediately for one-half the oil. *Price of the Company.*
Estimating one well to each lot (one hundred wells, although there is room for three hundred) at the very moderate average of *ten barrels* each, would make:
Daily product of the Company's share would be. 500 bbls.
Value of daily yield to the Company, at ten dollars per bbl (it is now selling at $13.50).....$5,000 00
Allowing three hundred working days to the year, this would make the Company's annual net receipts, from the Stewart Farm alone.....1,500,000 00
Allowing the same estimates for the "Hoover" Farm, on which the Company owns one-fourth in fee of the land interest, the annual net receipts from the latter would be.....375,000 00
Making the annual receipts from both farms.....1,875,000 00
Deducting from this amount the sum of $375,000 for contingencies, would leave the
Net Annual Income of the Company.....$1,500,000 00
ALL THESE LOTS CAN BE IMMEDIATELY LEASED, if it is deemed expedient, at a royalty of one-half the Oil, with covenants binding lessees to sink wells, with all possible diligence, to the depth of 500 or more feet.
A FEW PLAIN WORDS TO SUBSCRIBERS.
You are not asked to subscribe to this Stock with the expectation of *immediately* receiving large *dividends*, but the basis on which the Company is based, is to convert your investment not only *safe*, but, prospectively, of *enormous value*.
Notwithstanding, at the present prices of oil, the Company's annual receipts (without any further development) would be four hundred dollars, or eight per cent. on the cost of the stock.
The President, Mr. Stewart, is one of the most practical and experienced oil operators in the State, and his residence near the Company's property and general operations of its management is the best guarantee that no efforts will be spared to make the investment profitable.
Applications for a large proportion of the stock have already been made, but none will be received until the books of the Company are regularly opened for that purpose.
Only a limited amount of the stock will be sold at subscription price.
The stock will be issued full paid, without further assessments.
BOOKS OF SUBSCRIPTION will be open for a few days, on and after January 15, 1865, at the office of

THE BIRNEY BRIGADE WILL BE ATTACHED TO THIS CORPS.
The 1st Army Corps of Veterans for the GALLANT GENERAL HANCOCK, to form a part of the GRAND NATIONAL GUARD, to protect the institutions of our country, to vindicate the honor, power, and glory so emblemized in the "OLD FLAG," and fight for and sustain it against all enemies, foreign or domestic, have occupied a considerable share of public attention for some time past. It is gratifying to announce to Patriots at large, that to far my efforts have been crowned with success. The noble response of the Veterans reflects infinite credit on their patriotism. Their willingness to be in at the death of the treasonable and wanton rebellion that ever shocked civilization and christianity will make a brilliant page in the history of our country, and endear their names to posterity.
