PERRY'S MOTH AND FRECKLE LOTION.—Chloasma, or Mothpatch (also called Liverspot, and Leotige, or Freckles, are often very annoying, particularly to ladies of light complexion, for the discolored spots show more plainly on the face of a blonde than of a brunette; but they greatly mar the beauty of either, and any preparation that will effectually remove them, *without injuring the texture or color of the skin*, is certainly a desideratum. Dr. B. C. PERRY, who has made diseases of the skin a specialty, has discovered a remedy for these discolorations which is at once prompt, infallible, and harmless.

NOTICE TO ALL FREEHOLDERS, TAX PAYERS, CONVEYANCERS, AND OTHERS CONCERNED.

DEPARTMENT OF SURVEYS,
RECORDER'S BUREAU, June 26, 1865.

Notice is hereby given, that under and by virtue of an act of Assembly, passed on the 16th of March, 1860, and an ordinance of the city of Philadelphia, made in pursuance thereof, this Department will be prepared to receive the descriptions of all lots upon which real estate within said city, from and after the 1st day of July, 1865.

The purpose of the act is declared by its title, which is: "An act to promote the more certain and equal assessment of Taxes in Philadelphia," and a principal means devised therefor is the plotting of all the real estate within the city, in manner to exhibit the location and dimensions, with the names of the owners thereof. To this end it is made the duty—

1st. Of all owners of houses and lots, to furnish, forthwith, descriptions of their property to this office, by the presentation of their deeds, upon which will be placed a certificate of the fact of such return having been made, and thereafter the property so returned *shall not be subject to sale for taxes thereafter to become a lien thereon, except it be in the name of the owner so returned, and after service of notice upon him as in case of a writ of summons.*

2d. At every seller and buyer of ground upon the planned city plot to make report to this office of every conveyance made, with the proper dimensions and locality of the premises, and when the preceding returns are made *there will be no charge made therefor*; but if the owner desires a certificate of the having made such return for his protection, and to exhibit to the Recorder of Deeds, &c., it will be furnished for the fee of twenty-five cents (exclusive of Revenue stamp.)

3d. In case neither the buyer nor seller shall have made such return, and produce the proof thereof to the Recorder of Deeds, he is required not to admit the deed to record without charging fifteen cents for each lot described therein; and it is then made his duty to furnish the proper descriptions with date of conveyance and names of grantor and grantee, into his Department, within one month, under a penalty of one dollar for each omission.

4th. And it is made the duty of every purchaser of houses and lands at judicial sales; of every one who receives an allotment in partition; of every devisee by will, to make returns as aforesaid; and if he shall neglect to do so, it is made the duty of the Prothonotary of the proper Court, and the Register of Wills, to perform the like duty, for the like charges, and under the same penalty as the Recorder of Deeds.

5th. The performance of the said duties as enjoined by the act *will economize the seller from a future liability for the taxes without reclamation therefor*, and will enlarge upon the purchaser, devisee, and heir, an immunity against *loss of his title by sales for taxes without notice to him*, and exempt them from the penalty of five dollars imposed by the act for the failure to comply with its requisitions.

The Chief Engineer and Surveyor respectfully requests of the owners of real estate a prompt co-operation in carrying out the important purposes of the act, that they, as well as the city, may sooner derive the obvious advantages designed, in the more certain and equal assessment of the taxes, and the greater security and certainty of their titles to real estate within this city.

Conveyancers, Agents, and others, can procure blanks for descriptions by applying at this office, No. 1412 South FIFTH Street, below Walnut, Room No. 6, first floor.

STRICKLAND KNEASS,
je26-6t Chief Engineer and Surveyor.

7-30 LOAN.

THIRD SERIES.

$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

SEVEN-THIRTY LOAN.

These Notes are issued under date of July 15, 1865, and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 6-20 SIX PER CENT.

GOLD-BEARING BONDS.

These Bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds, *from State, County, and Municipal taxation, which adds from one to three per cent. more to their value*, according to the rate levied upon other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7 30 per cent. amounts to
One cent per day on a $50 note.
Two cents per day on a $100 note.
Ten cents per day on a $500 note.
Twenty cents per day on a $1,000 note.
One Dollar per day on a $5,000 note.

Notes of all the denominations named will be promptly furnished upon receipt of subscriptions.

The notes of this Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this Third Series of the Seven-Thirties will commence on the 1st of June, and will be made promptly and continuously after that date.

The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in gold be availed of, would so reduce and equalize prices as that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

THE ONLY LOAN IN MARKET

now offered by the Government, and its superior advantages make it the

GREAT POPULAR LOAN OF THE PEOPLE.

Less than $230,000,000 of the Loan authorized by Congress are now in the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within sixty days, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the Loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

FOURTH OF JULY.

What better thing can be done on the coming National Holiday than to put into the hands of every boy that can read, a copy of

THE OLD FLAG,

that most interesting and patriotic volume setting forth

WHAT THE OLD FLAG IS,
WHAT IT REPRESENTS,
WHAT IT COST,
WHAT IT IS WORTH, and
HOW IT SHOULD BE TREATED.

Let all our young people be thoroughly versed in the patriotic lessons of this little book, and to weapons against our country and its institutions at home or abroad can prosper.

"It has the very attractions," (says the Hon. Horace Binney,) "which young persons seek in their early books, and so rarely find without some alloy."
