Ministers, Teachers and School Teachers supplied with the Journal at $1 in advance.

THE LAW OF NEWSPAPERS.

If subscribers order the discontinuance of their newspapers, the publisher may continue to send them until all arrearages are paid.

If subscribers neglect or refuse to take their newspapers from the office to which they are directed, they are held responsible until they have settled the bills and ordered them discontinued.

If subscribers move to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible.

The courts have decided that refusing to take newspapers from the office, or removing, and leaving them uncalled for, is *prima facie* evidence of intentional fraud.

BANNAN'S STEAM PRINTING OFFICE.

Having procured three Presses, we are now prepared to execute JOB and BOOK PRINTING of every description at the Office of the MINERS' JOURNAL, cheaper than it can be done at any other establishment in the county, such as

Books, Pamphlets, Large Posters, Hand Bills, Articles of Agreement, Bill Heads, Bills of Lading, Railroad Tickets, Paper Books, Time Books, Order Books, &c.

At the very shortest notice. Our stock of JOB TYPE is more extensive than that of any other office in this section of the State, and we keep hands employed expressly for Jobbing. Being a practical Printer ourself, we will guarantee our work to be as neat as any that can be turned out in the cities. PRINTING IN COLORS done at the shortest notice.

BOOK BINDERY.

Books bound in every variety of style. Blank Books of every description manufactured, bound and ruled to order at shortest notice.

RATES OF ADVERTISING.

One square of 10 lines, 50 cents for one insertion—subsequent insertions, 12½ cents each. 2 lines one time, 25 cents. Subsequent insertions, 12½ cents each. All advertisements over 3 lines, for short periods, charged as a square.

BROAD TOP.
BROAD TOP COAL.
The Huntingdon and Broad Top Mountain Railroad and Coal Company
Respectfully call the attention of R. R. Companies, Steamboat Owners and Manufacturers to the value of their COAL as a STEAM GENERATOR AND FOR MANUFACTURING PURPOSES.
THE BROAD TOP COAL FIELD,
Having connection with PHILADELPHIA AND NEW YORK, both by Canal and Railroad, through Pennsylvania and New Jersey, is not liable to the interruptions of shipments inclined to the Southern Bituminous Coal Fields, and regular supplies can safely be counted upon throughout the year.
Lewis Audenried & Co.

Office of the Celebrated BROAD TOP White Ash Semi-Bituminous AND East Lehigh Coals,
No. 104 Walnut Street, Philadelphia.
The undersigned would respectfully call your attention to the Celebrated Broad Top Coal mined out of his own property, prepared directly under his own supervision, and confining his operations exclusively to preparing, *sharing no other coal Coals for sale*, the purchaser can rely upon obtaining a pure article of Broad Top Coal without the risk of having a *mixture of Coals from various veins or from other regions substituted*, which in appearance might be similar but in quality vastly inferior. From the advantageous arrangements which have been effected with the principal Railroad and Canal Companies, purchasers can be supplied at the lowest price, upon the most reasonable terms, and at the shortest notice.
For Steam Generating, Marine and Locomotive Engines, Rolling Mills and Puddling Furnaces, Glass Manufacturing, Blacksmithing, Coking, Brick and Lime Burning, this Coal cannot be excelled.
—Its exemptness from Sulphur and impurities highly injurious in the manufacturing of Iron, and destructive to Machinery, Boilers and Grate bars, is of great importance. Its easy combustion, combined with its beautiful white flame, renders it a desirable fuel for Parlor Grates.
East Lehigh Coal.
NOTICE.—The subscriber having had been appointed Sole Agent for the sale of the Celebrated East Lehigh Coal, mined from the Lehigh Coal and Navigation Company's land, by Conyngham & Michler, and shipped at Mauch Chunk, begleave to inform that he can supply the trade with an article, in quality and preparation unsurpassed by any in the market.
Will be pleased to communicate any further information, and will be most happy to receive your patronage.
I am, Respectfully, ROBERT HARE POWEL.

SAVE YOUR MONEY.
GREAT SAVING IN
LUBRICATING OIL,
For Cars and
HEAVY MACHINERY.
F. M. BACKUS, MANUFACTURER & WHOLESALE DEALER IN
LUBRICATING OIL,
Office, 19 Bank St., Weddell House Block, CLEVELAND, OHIO.
B. BANNAN, Pottsville, *Sole Agent for the sale of this Oil wholesale by the Barrel, in Schuylkill, Carbon, Berks, and Northumberland Counties. Sample Barrels furnished for trial.*

We invite your special attention to the above mentioned OIL, manufactured from the best PETROLEUM, or ROCK OIL.

Our LUBRICATING OIL, is the celebrated MECCA ROCK OIL. "*Clarified.*" It has a decided *superiority* over all other kinds, for the following reasons:—

1st—Because it is pure, and entirely free from sediment.

2d—It will never gum up, but, on the contrary, will *clean of* all accumulated gum from running machinery.

3d—*One* gallon will wear as long as *two* of any ordinary Oil.

4th—It is cheaper, costing *less than one third* as much as any good article of Lubricating Oil.

These statements we are prepared to substantiate by every individual who has tested it. We would solicit a *single trial.*

TESTIMONIALS:

TO WHOM PRESENTED: This may certify that this Company has been using the "Mecca Rock Oil" furnished by Mr. F. M. Backus, for several months past, in their Tender, Freight, and Passenger Car boxes. It has given entire satisfaction. I am well convinced that it is an excellent lubricator, being more durable than Sperm, Lard, or any Oils we have ever used.

A. GORDON, Master Mechanic
C. P. & A. R. R.

I fully concur in the above.
H. NOTTINGHAM, Sup't.

CLEVELAND, O., Dec. 19th, 1860.

F. M. BACKUS, Esq.—*Dear Sir:* In reply to yours of this date, I would say that our Master Mechanic informs me that he considers the "Mecca Rock Oil" by far the cheapest lubricator he has ever used, and fully equal to the best Lard Oil; and on his behalf and in such matters I habitually place the most implicit reliance.

Yours truly, CHAS. L. RHODES, Supt. C. & M. R. R.

CLEVELAND, Dec. 18th, 1860.

F. M. BACKUS, Esq.—*Dear Sir:* In answer to your inquiries as to the working of the "Natural, or Mecca Rock Oil," as a lubricator, it gives me pleasure to say that after a trial of three months on Cars and Locomotives, I believe it to be the best lubricating Oil that we have used. Last week one of our Engines averaged 1[illegible] miles to a pint, of this Oil. Yours truly,

WM. F. SMITH, Master Mechanic C. C. & C. R. R.

CLEVELAND, Dec. 20th, 1860.

F. M. BACKUS, Esq.—*Dear Sir:* In answer to your inquiries in relation to the "Mecca Rock Oil" as a lubricator, we would say we have used it for the last three months, on our Tools, Shafting, &c., and we have no hesitation in saying it is the best lubricator we have used.

CLEVELAND, O., March 12th, 1861.

F. M. BACKUS, Esq.—*Dear Sir:* I have been using the "Mecca Oil" as a lubricator in our mill for the last three months, on our hot and cold journals, rolls and pinceers; also on that fan, which makes 1800 revolutions per minute, with entire satisfaction to ourselves, and consider it the cheapest lubricator in use.

J. W. BRITTAIN, Sec'y Cleveland Boiler Plate Co.

GIRARD, O., April 4th, 1861.

This is to certify that we have used the "Mecca Rock Oil" on our Engine and Pump, and on our Coal Cars at the Morris Coal Mine in this place for five months, and it has given entire satisfaction. It is superior to any Oil we have used as to keeping the journals cool and free from gum, and it goes much further than Sperm or Lard Oil.

EVAN MORRIS, Agent.

CLEVELAND, O., Jan. 29, 1861.

F. M. BACKUS, Esq.—*Dear Sir:* In reply to your inquiries regarding the merits of the "Mecca Rock Oil," I would say that this Company has used it for seven months on Passenger Cars and Freight Cars as a lubricator. We have also used it to some extent on our Locomotives, and I take pleasure in saying from personal knowledge, that I believe it to be one of the very best lubricators ever used, and certainly by far the cheapest.

Respectfully yours, L. D. RUCKER, Sup't C. & T. R. R.

CLEVELAND, O., Feb. 28th, 1861.

F. M. BACKUS, Esq.—*Sir:* We have used the "Mecca Rock Oil" since July last, on all our Engines and Cars. It gives good satisfaction. One gallon of Rock Oil is equal to one and a half gallons of No. 1 Lard Oil for all purposes except lubricating cylinders.

Yours truly, JOHN YOUNG, Master Mechanic C. & M. R. R.

AKRON, O., March 16th, 1861.

I have been using for two months past, the Mecca Rock, or Petroleum Oil, obtained at Mecca, O., on all the Cars and Locomotives on the C. Z. & C. R. R., and as a lubricator it far surpasses anything I have been used before. With the best kind of manufactured oil we have never been able to run our locomotives more than ten or fifteen miles without oiling, whereas, *with the "Rock Oil" we can, and every day do run them from Akron to Cleveland, a trip, which is 135 miles, without oiling.* And as for gum, I have never yet seen any from its use.

J. W. HOLLOWAY, Master Mechanic C. Z. & C. R. R.

AKRON, March 7th, 1861.

This is to certify that we have used the "Mecca Rock Oil" in our Machine Shop since the first of January last, and we find it superior to any oil for lubricating we have ever used. We use it on all our line shafting, on our large drill, our lathes, and on our Planing Machine, and we find that it keeps the journals cool, free from gum, and perfectly clean, and it speeds better than Sperm or the best Oil.

It also keeps iron from rust, and is readily cleaned off. We therefore recommend it as a first class lubricator.

MR. B. BANNAN—*Dear Sir:* Your letter of the 10th inst. came to hand to day. We have been using for the last four or five months the "Mecca Oil" manufactured at Cleveland, Ohio, and find it to answer very well for lubricating car journals and machinery, being much cheaper than Whale Oil, and a considerable saving by using it instead.

Yours truly, J. LEISENRING, Eng. & Supt.

LEHIGH VALLEY RAILROAD, Office of the Superintendent and Engineer, Bethlehem, Pa., January 15, 1862.

MR. B. BANNAN—Your favor of the 13th inst. just received. We have been using "Mecca Oil" as a lubricator for about six months on cars and locomotives, and consider it equal in every respect to any oil we have ever used, and in one important particular superior to most oils, viz: its freedom from all glutinous substances; it does not gum in the least; the journals upon which it is used are bright and smooth, and free from gum, evidence of wear than with sperm oil. One of our locomotives has run about 15,000 miles with Mecca Oil, and upon a recent examination of the journals, guides, and other working parts requiring lubricating, they were found in perfect working order.

Yours truly, ROBERT H. SAYRE.

MR. EDWARD T. WARNER, Superintendent of the Schuylkill Navigation Company's cars, informs us that he has used the Mecca Oil on their cars, and he corroborates the statement of Robert H. Sayre, Esq., above. It is his opinion that one gallon will go as far as a gallon of Sperm Oil, and is equal to *nearly two gallons* of Whale Oil, as a lubricator for cars.

COL. JAMES J. CONNOR, of the firm of Connor & Patterson, informs us that he has tried the Mecca Oil at their Colliery, and, so far, he prefers it to any oil he has ever used, as a lubricator for Cars and Machinery.

Yours, &c.

We have numerous other certificates from parties, and could increase them to almost any number, if space would permit.

We would say, that we sell the *Crude Mecca Oil* in barrels at $1 per gallon, in small quantities, *at cheap as it can be bought from the Manufacturer.* Those who doubt it, can order directly from Mr. Backus.

The price of the Lubricating Mecca Oil, for the Green and Brown, which are much better than the Yellow, is 25 cents per gallon, to which must be added carriage from Cleveland, Ohio, and $1 60 for the barrel, which the parties receiving the Oil pay. The freight and charge for the barrel will add 8 to 9 cents to the cost of the Oil per gallon. The freight will be less on a car load of 50 barrels than on smaller lots. Each barrel contains from 40 to 42 gallons. *We sell none but the first quality of Mecca Oil.*

☞ Sample barrels furnished for trial.

☞ All orders will receive prompt attention addressed to BENJAMIN BANNAN, Wholesale Agent, Pottsville. Feb. 8, '61. 5-

DON'T GIVE UP THE SHIP.—LAWRENCE.

BY J. T. S.

Upon the vessel's slippery deck the wounded hero lies;
The chill of death is in his veins. Its sparks in his eyes;
The conflict rages 'round him, yet he scarcely seems to hear
The thunder of the cannonade, that marks its fierce career.

The iron balls of fate
