THE DAILY EAGLE.

READING, PA.

THURSDAY, MARCH 11, 1869.

THE Eagle Book Store, ADLER Office, DAILY EAGLE and READING GAZETTE & DEMOCRAT have been removed to 542 Penn street, Schmucker House building, opposite the Keystone House.

Mr. JACOB R. SCHAFFER is our authorized agent to obtain subscriptions for the DAILY EAGLE, the GAZETTE AND DEMOCRAT, and the ADLER. He will commence his canvass of the county at once.

CHEMENT CATS.

The fight between the Curtin and Cameron factions in this State is becoming interesting. An attempt to "read the friends of Curtin out of the party," brings down the wrath of the Harrisburg State Guard as follows:

"Our table contains a number of communications from working Republicans of Harrisburg, on the subject of a late savage attack on ex-Governor Curtin, made by a Harrisburg paper, in which it is proposed to read the friends of that man out of the party. This is not the time to get up a fight inside of the Republican party, as we are just approaching a period when it will require all our energies and fortitude to do the fighting outside our organization, and win those new victories so essential to sustain the Administration which has just assumed control of national affairs. But it is not out of place now and here to state that if it were possible to read Andrew G. Curtin and his friends out of the Republican party, its candidates would be defeated in every election district in the State. Curtin is the people's favorite, and the less child in hate of him the better for the future success and harmony of the Republican party. *Let us have peace!*"

The Guard and its friends may as well bottle their wrath, for it is well known that nothing can be done, pro or con, without the consent of Simon Cameron. Simon considers Pennsylvanians as a clan, of which he is the mighty chief, and his orders must be obeyed. Wait, gentlemen, and see if "Simon says thumbs up," before you presume to express an opinion in regard to political matters.

NEWSPAPER CHANGE.—Mr. W. H. Hutter has disposed of the Easton *Argus* to Messrs. Shunk & Richmond. Mr. Shunk is one of the ablest writers in the State, and under his control we are confident the *Argus* will become the leading paper in the Tenth Legion.

Dr. PURAN LEWIS, United States Pension Surgeon, has secured for pensioners from whom accommodations at the Soldiers' Home, Sixteenth and Filbert streets, Philadelphia, where they will be provided with a home, free of charge, until the pensions are paid.

REV. HENRY M. WILSON, a colored preacher, (not Senator Henry Wilson of Massachusetts, but another darkey) has been arrested in East New York for stealing a communion set and other articles, valued at $48, from the African Civilization Society. The Society should undertake the job of civilizing the Rev. Henry.

H. BRONST, Esq., of the House of Representatives at Harrisburg, has our thanks for copies of the Legislative Record.

COLLECTOR CAKE, of Philadelphia, was removed by President Johnson, and Mr. James N. Marks appointed in his place. Mr. Cake and his friends hoped that President Grant would interfere, but such was not the case, and Cake is effectually "done brown."

The Schuylkill Navigation Company.

[From the Philad. Ledger of March 9.]

By the annual report of the Schuylkill Navigation Company for 1868 we learn that it fell off in its business, as compared with the previous year, 40,108 tons. The total income of the work was $1,010,835, and the current expenses $595,044, showing an excess applicable to interest, etc., of $414,914, which interest, etc., amounted to $476,784, just $61,840 more than the Company's balance of income. That is, the Company shows a net loss in maintaining expenses and interest of $61,810. This Canal connects this city with the Schuylkill county coal mines, is 108½ miles long, and represents a debt and capital of thirteen and a half millions of dollars. Not a dollar for 1868 for either the preferred or common stockholders.

[From the Phila. Ledger of March 10.]

It is stated by the officers of the Company in explanation of the annual report of the "Schuylkill Navigation Company for 1868," as published in pamphlet form, that, though the expenses and interest of the work amounted to $476,784, there is in this sum the following items of charges which have no reference to the actual work of the year 1868:

Sinking fund of loan 1870,	$27,631
Tax on capital stock,	4,785
Taxes paid U. S. on profits prior to 186	15,1 3
Discount on boat loan sold in 1867,	2,425
Discount on other loans and stocks belonging to the company and sold in 1868,	19,859
	$70,124

Against these charges the report claims reserved profits of previous years amounting to $136,278. The Company, with these explanations, claim that the real result of the year's business was

Income from tolls, rents, &c.,		$1,010,835
Working expenses,	$595,891	
Interest on loans,	384,910	
Interest on $303,500 imp't bds. 1871,	21,750	
		1,002,551
Profits beyond working expenses and interest,		$8,334

We give the Company the benefit of this explanation of their report, and congratulate the shareholders that the balance is on the right side, hoping the amount may be found on hand in cash, and not simply the resulting figures of a balance sheet, as is too frequently the case in the accounts of great companies.

IMPORTANT FROM POTTSVILLE.

The Rehrer Mystery Solved at Last.

Special to Daily Eagle.

POTTSVILLE, March 11, 1869.

The Rehrer mystery solved at last. Rehrer was last seen in Washington, by George W. Cole, of Tamaqua. He left his home, went to Freeverton, worked there one week, then went to Baltimore, thence to Philadelphia, and enlisted into the U. S. Marine Service. He gives for the cause, anticipated financial troubles.

Thus, by this base conduct, he has entailed untold misery upon innocent men. He has ruined several of our best citizens financially, and subjected them to the ignominy of being dragged through prisons and courts. His conduct has occasioned the most intense indignation among our people, and his villainy is universally denounced. Mr. Cole will publish a full account of his interview. Smith, Lomison and the Albrightons are at last vindicated.

[From the N. O. Christian Advocate.]

The Negro Mania.

Is there to be no end to the philanthropy of New England? Is the world to be forever tortured with its hideous dreams of a uniform humanity? One would suppose that the fearful cost of realizing these theories would arrest any further conception. The death and financial ruin which were the price of its boasted achievement, the liberation of the slave, should give some pause to the wildest enthusiasm. But we find men who are exponents of the mind and opinion of that region still glowing in the intensity of their admiration for the black race. The editor of the *Zion's Herald* is determined to be the advanced leader of the whole Northern Methodist Church in this crusade against those natural instincts and affinities which distinguish and preserve races. We are certainly at a great distance from him, and regard his advocacy, for amalgamating whites and blacks with no other feeling than that of intense horror and disgust. That an enlightened man should so far forget his call to a holier or higher nature as to consent to entail the abasement of countenance and form upon his own offspring are evidences of gross vice or positive mania. A few sentences from Dr. Haven's repulsive and monstrous sermon, as it appeared in the New York *Independent* of the 14th January, will suffice our readers. It will be seen that he has worked himself up into the highest pitch of admiration for negro blood and muscle. "We shall see Helen's beauty in the brow of Egypt." This is a very concrete view of the doctrine of abolition; but Egypt is as far from negro land as Greece is from Egypt. We suppose that the doctor is making some compensation for refusing to sleep with a colored brother at Conference. Now he would put Europe to bed with Africa. We think that this "contract" is a shade too strong to "whet the appetite" of even the lecherous Yankee.

But equality at the polls is not the only work laid upon the coming government. There must be such a disposition of its patronage, such a steadfast expression of its conviction, such an employment of its influence, as will tend to the abolition of the whole mass of prejudice that still defiles the national heart. I am aware that this evil cannot be utterly abolished by any enactments. The leprosy lies deep within. It dwells in our churches, in our souls, in our education, in society. It makes us look at a face with repulsion which is the very complexion of the mother of our Lord—nay, of the Lord himself. It still leads us to erect barriers between us and our kindred, and to make us and them talk of "our race" as if they and we had a different parentage, Saviour and eternity. It must come to an end. It is coming to an end. This election is a great advance toward that end. If the administration as faithfully adhere to its ruling idea, and put men into office everywhere without regard to color and with regard only to capacity, it will greatly prosper this reform. Let him make Frederick Douglass a member of his cabinet, and the nation will commend and imitate his courage.

"We shall be attracted to this hue, because it was one of God's creatures, and a beautiful one too; because it is the favorite hue of the human race; because, chiefly, we have most wickedly loathed and scorned it. He will have his revenge, and will yet compel us to discern the loveliness of this most abhorred virtue, and to become enamored of it. The Song of Songs may have a more literal fulfillment than it has ever confessedly had in America; and the illegal but divinely implanted admiration, of Southern Solomons for black but comely maidens be the proudly acknowledged and honorably gratified life of Northern and Southern gentlemen.

"But this law rests on no mere quip of the fancy, nor is it a rebound of a vehement passion, as wrongfully right as it has been wrongfully wrong. It is the grand understone of all marriage. It is the Creator's mode of compelling the race to overleap the narrow boundaries of families and tribes, into which blood, so-called, invariably degenerates.

"Amalgamation is God's word declaring the oneness of man, and ordaining its universal recognition. Who art thou that fightest against God?"

PROCEEDINGS OF CONGRESS.

WASHINGTON, March 10.

In the Senate, Mr. Thayer called up the bill repealing the Tenure-of-Office Act.

After some discussion, the bill was referred to the Judiciary Committee by a vote of 34 to 25.

Mr. Sherman offered a resolution for the appointment of a joint Select Committee on the Civil Service, which was laid over.

Mr. Williams moved to take up the Public Credit bill, so that it might come up next day as unfinished business. The motion was agreed to—yeas 30, nays 18, and the Senate then adjourned.

The House was not in session.

CLARKE, the Republican Mayor of Charleston, S. C., has refused to allow his elected successor, Pillsbury, another Republican, to assume the office. Pillsbury had Clarke arrested for a misdemeanor in retaining the office; but Clarke gave bail.

The counsel employed in the Cunningham Burdell case, some years ago, deny that Dr. Burdell was murdered by Jeffords. They say such an occurrence was impossible, on account of the age of Jeffords at the time.

TO PHYSICIANS.

New York, August 15th, 1867.

Allow me to call your attention to my PREPARATION OF COMPOUND EXTRACT BUCHU. The components parts are BUCHU LONG LEAF CUBEBS, JUNIPER BERRIES.

The mode of PREPARATION is Buchu, in vacuo, Juniper Berries by distillation, to form a fine gin. Cubebs extracted by displacement. Buchu distilled from Juniper Berries, containing very little sugar, a small proportion of spirit, and more palatable than any now in use. The active properties are by this mode extracted.

Buchu as prepared by Druggists generally, is of a dark color. It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflammation exists. In this you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation. With a feeling of confidence,

I am, very respectfully,
H. T. HELMBOLD.

Chemist and Druggist (a 18 Years' Experience in Philadelphia, and now located at his Drug and Chemical Warehouse, 594 Broadway, New York.

[From the largest Manufacturing Chemists in the World.]

I am acquainted with Mr. H. T. Helmbold; he occupied the Drug Store opposite my residence and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise.

WILLIAM WEIGHTMAN,
Firm of Powers & Weightman, Manufacturing Chemists, Ninth and Brown Streets, Philadelphia.

HELMBOLD'S FLUID EXTRACT BUCHU, for weakness arising from indiscretion. The exhausted powers of nature which are accompanied by so many alarming symptoms, among which will be found, Indisposition to Exertion, Loss of Memory, Wakefulness, Horror of Disease, or Forebodings of Evil, in fact, Universal Lassitude, Prostration, and inability to enter into the enjoyments of society.

The Constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or Insanity ensues.

HELMBOLD'S FLUID EXTRACT BUCHU, in affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrous State of the Uterus, and all complaints incident to the sex, whether arising from habits of dissipation, imprudence, or in the decline or change of life.

HELMBOLD'S FLUID EXTRACT BUCHU AND IMPROVED ROSE WASH will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superseding those unpleasant and dangerous remedies, Copaiva and Mercury, in all those diseases.

USE HELMBOLD'S FLUID EXTRACT BUCHU in all diseases of the organs, whether in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delicate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the greatest Diuretic.

Sold by Druggists everywhere. Price—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.

MACEDONIAN OIL TRIUMPHANT.

WILL YOU PLEASE READ THIS!

Reading, Pa., Jan. 12, 1869.—Mr. Wm. C. Krouse, No. 204 South Fifth street, says the M. M. Oil is the only thing which has given strength to his broken arm—has used it in his family for Earache, Neuralgia, and frosted feet, performing in each case a wonderfully quick and radical cure.

E. FOX, Proprietor of Keystone House, certifies that three bottles of the Oil cured a strain in a Horse, valuing the cure at $100.

JOHN KEMP, Policeman, says the Oil cured him of a severe fracture of the collar bone.

The above named persons are well known in this vicinity, and are living witnesses.

Having furnished such ample testimony as the times we advertised with the

I deem it unnecessary to add more names.

Perpetual Policies issued requiring no renewal, and upon which the amount of premium paid can be reclaimed at any time less a deduction of five per cent. Policies for one, two, three, five or more years, or for less than one year, issued and no charge made for Policy and survey when renewed or when insurances are transferred from other companies.

The citizens of Reading and vicinity, hitherto dependent mainly upon foreign companies, have now the privilege of affecting their insurances in a home institution, well organized, with an adequate paid in and guaranteed capital, presenting as strong a basis of security as that of any other company. DR. JACKSON'S ANALEPTICA.

A NEW REMEDY IN CONSUMPTION.

A physician who had consumption for several years, with frequent bleeding of the lungs, cured himself with a medicine unknown to the profession, when his case appeared hopeless, and when given up by several eminent physicians as incurable. He is the only physician who has used it in his own person, or who has any knowledge of its virtues, and he can ascribe the degree of health he now enjoys to nothing but the use of this medicine; and nothing but utter despair and entire extinction of all hope of recovery, together with a want of confidence in all others, induced him to hazard the experiment. To those suffering with this malady, he proffers a treatment which he confidently believes will eradicate the disease and restore health. He has witnessed recoveries that seemed beyond hope, when the worst symptoms existed. Call or send for Circular.
