NATIONAL UNION REPUBLICAN TICKET.

For President:
GEN. ULYSSES S. GRANT,
OF ILLINOIS.

For Vice President,
Hon. SCHUYLER COLFAX,
OF INDIANA.

UNION REPUBLICAN STATE TICKET.

For Auditor General,
MAJ. GEN. JNO. F. HARTRANFT.

For Surveyor General,
GEN. JACOB M. CAMPBELL.

OUR PLATFORM.

I. We congratulate the country on the assured success of the reconstruction projects of Congress, as evinced by the adoption in a majority of the States lately in rebellion of constitutions securing equal civil and political rights to all, and it is the duty of the Government to sustain these institutions and to protect the people of such States from being remitted to a state of anarchy.

II. The guarantee of Congress of equal suffrage to all loyal men at the South was demanded by every consideration of public safety, of gratitude, and of justice, and must be maintained, while the question of suffrage in all the loyal States properly belongs to the people of those States.

III. We denounce all forms of repudiation as a national crime, and national honor requires the payment of the public indebtedness in the utmost good faith to all creditors, at home and abroad, not only according to the letter but the spirit of the laws under which it was contracted.

IV. It is due to the labor of the nation that taxation should be equalized, and reduced as rapidly as the national faith will permit.

V. The national debt, contracted as it has been for the preservation of the Union for all time to come, should be extended over a fair period for redemption, and it is the duty of Congress to reduce the rate of interest to men whenever it can be honestly done.

VI. That the best policy to diminish our burden of debt is to so improve our credit that capitalists will seek to loan us money at lower rates of interest than we now pay, and must continue to pay so long as repudiation, partial or total, open or covert, is threatened or suspected.

VII. The Government of the United States should be administered with the strictest economy, and the corruptions which have been so shamefully nursed and fostered by Andrew Johnson call loudly for radical reform.

VIII. We profoundly deplore the untimely and tragic death of Abraham Lincoln, and regret the accession of Andrew Johnson to the Presidency, who has acted treacherously to the people who elected him, and the cause he was pledged to support; who has usurped legislative and judicial functions; who has refused to execute the laws; who has used his high office to induce other officers to ignore and violate the laws; who has employed his executive power to render insecure the property, peace, liberty, and life of the citizens; who has abused the pardoning power; who has denounced the National legislature as unconstitutional; who has persistently and corruptly resisted, by every measure in his power, every proper attempt at the reconstruction of the States lately in rebellion; who has perverted the public patronage into an engine of wholesale corruption, and who has been justly impeached for high crimes and misdemeanors, and properly pronounced guilty thereof by the votes of thirty-five Senators.

XI. The doctrine of Great Britain and other European powers, that because a man is once a subject he is always so, must be resisted at every hazard by the United States as a relic of the Federal times, not authorized by the law of nations and at war with our national honor and independence. Naturalized citizens are entitled to be protected in all their rights of citizenship as though they were native born, and no citizen of the United States, native or naturalized, must be liable to arrest and imprisonment by any foreign power for acts done or words spoken in this country. And if so arrested and imprisoned, it is the duty of the Government to interfere in his behalf.

X. Of all who were faithful in the trials of the late war there were none entitled to more especial honor than the brave soldiers and seamen who endured the hardships of campaign and cruise, and imperilled their lives in the service of the country. The bounties and pensions provided by law for these brave defenders of the nation are obligations never to be forgotten. The widows and orphans of the gallant dead are the wards of the people, a sacred legacy bequeathed to the nation's protecting care.

XI. Foreign emigration, which in the past has added so much to the wealth and development of the resources and increase of power to this Republic, "the asylum of the oppressed of all nations," should be fostered and encouraged by a liberal and just policy.

XII. This convention declares itself in sympathy with all the oppressed people who are struggling for their rights.

On motion of Carl Shurz, the following two planks were added by an unanimous vote:

Resolved, That we highly commend the spirit of magnanimity and forbearance with which men who have served in the rebellion—but who now frankly and honestly co-operate with us in restoring the peace of the country and reconstructing the Southern State governments upon the basis of Impartial Justice and Equal Rights, are received back into the communion of the loyal people; and we favor the removal of the disqualifications and restrictions imposed upon the late rebels in the same measure as their spirit of loyalty will direct, and as may be consistent with the safety of the loyal people.

Resolved, That we recognize the great principles laid down in the Immortal Declaration of Independence as the true foundation of democratic government; and we hail with gladness every effort toward making these principles a living reality on every inch of American soil.

REPUBLICAN UNION COUNTY MEETING.

A Republican Union County meeting will be held in the

COURT HOUSE, POTTSVILLE, ON TUESDAY, JUNE 2, 1868,

At 1 o'clock, in the afternoon.

All friends of the Union are earnestly requested to attend and join in the ratification of the nomination of our standard bearers,

GRANT AND COLFAX.

WM. R. SMITH,
Chairman Union County Com.

A MEMBER of articles are unavoidably crowded out by the length of the report of the Impeachment Managers.

THE National Union Republican Executive Committee have organized for the campaign by electing M. Claflin, of Massachusetts, Chairman, and W. E. Chandler, Secretary, the headquarters to be in Washington.

AN assignee's sale of valuable personal property, consisting of horses, mules, slope cars, an engine, etc., will take place on Friday next, June 5, at Yorktown, Carbon county. For particulars see advertisement signed Herman Hemburger, assignee.

THEY have got an oyster in Gloucester which measures 23 by 37 inches, and weighs 24 pounds.—*Press.*

The above paragraph has raised great expectations on the part of tax payers of Schuylkill County. It is expected that when the bivalve is opened the whereabouts of *them* ten thousand dollars may be discovered, as Boyer's fast nag has failed to overtake the spendulicks.

A CORRESPONDENT sends the following to the editor of the N. Y. Tribune; It is to the point:

SIR: It seems to me you should now print oft your editorial page these great proverbs of Wolfden. They are a living and continuing prophecy:

"God's ways seem dark, but soon or late
They touch the shining hills of day,
The evil cannot brook delay,
The good can well afford to wait.
Vice survived knows that hour of crime;
We have the future grand and great,
The safe appeal of Truth to Time."

RATHER SHRIL.—At the New England Anti-Slavery Society Wendell Phillips offered the following resolution, which is to the point:

Resolved, That in the drunken man, the dishonored Magistrate, the vagabond brawler, the treacherous chief, the stirrer up of sedition, the mobocrat, the patron of counterfeiters, the pardoner of murderers, the usurper of dangerous powers, the conspirator against the peace of the nation and the execution of its laws, the libeller of Congress consorting with rebels—all these the nation finds a President guilty of high crimes and misdemeanors, and recognizes in those who vote him innocent only his comrades or tools.

REPUBLICAN RATIFICATION MEETING IN PITTSBURGH.—A very large and enthusiastic Republican meeting was held at the City Hall on Saturday night, to ratify the nomination of Grant and Colfax. Resolution were adopted heartily approving the principles contained in the Chicago platform as worthy the support of all loyal men of the Union and recognizing General Grant and Schuyler Colfax as candidates worthy the support of the people, who desire peace and harmony amongst the States of the Union, and heartily responding to the pledge made by the Alleghany county delegates at Chicago, to give in November next a loyal majority of ten thousand for Grant, Colfax and the Union.

FORTIETH CONGRESS.

SECOND SESSION.

WASHINGTON, May 26, 1868.—Mr. O'Neill presented petitions from workers in different iron foundries in Philadelphia, asking for additional protection duties. The Sergeant-at-Arms announced that he had in custody Chas. W. Wooley, in accordance with a resolution of the House. Under a resolution the Speaker asked Mr. Wooley what excuse he had for refusing to testify before a committee of the managers, and whether he was now ready to appear before said committee and answer such proper questions as may be put to him? Mr. Wooley then submitted a paper declaring that he had been arrested without having been informed of the charges, and that he had not been able to get a copy of the report of the committee in which the specifications are alleged to be set forth, and asking to be allowed time to examine said report and to consult counsel, in order that he may submit a full, explicit and suitable answer in the premises. Mr. Eldridge moved that a copy of the report of the managers be furnished to Mr. Wooley, and that he have twenty-four hours to make an answer. After some discussion this was laid on the table. Mr. Boutwell then offered a resolution that the question again be propounded to Mr. Wooley; that he be informed that a definite and explicit answer is required forthwith. Pending the consideration of the resolution the members proceeded to the Senate chamber to attend the impeachment trial. On returning, the consideration of Mr. Boutwell's resolution was resumed. Mr. Eldridge raised a point of order that all special powers of the managers had ended with the adjournment sine die of the Court. The Speaker overruled the point, and decided that the question of contempt was before the House. The resolution was finally adopted, and Mr. Wooley then handed in another paper stating that he had obeyed the summons of the Speaker; on the first day and on the second day he was unable to appear by reason of physical indisposition. He declared that the managers, in the course of their examination, had transcended the powers conferred upon them by the House, in violation of his rights and privileges as a citizen of the United States. He was ready to respond to any proper questions. Mr. Butler then submitted a resolution empowering the managers, as a committee to continue the investigation offered on the 16th instant. After considerable skirmishing the resolution was agreed to, under the direction of the previous question. Mr. Boutwell offered a resolution that Wooley be detained in the custody during the remainder of the session, or until discharged by the further order of the House when he shall have purged himself of the contempt. Adopted. Mr. Wooley was then taken into custody by the Sergeant-at-Arms. Mr. Boyer offered a resolution providing that two members who voted against impeachment be added to the investigating committee. Laid on the table—yeas 60, nays 51. The Indian Appropriation bill was taken up in Committee of the Whole, but was not acted upon. Adjourned.

MAY 27.—SENATE.—The Senate laid on the table a concurrent resolution to adjourn on the 13th of June next. The bill to incorporate the National Life Insurance Company of the United States of America was passed. A resolution to accept the resignation of Mr. Forney, Secretary of the Senate, offered by Mr. Sumner, was objected to and went over. A resolution to appoint a committee of three to inquire into and report the fact, in relation to any threats or other improper influences which have been used or offered to be used upon Senators in reference to impeachment was taken up, and was debated by Messrs. Davis, Mort. ill and Ross. Mr. Ross made a personal explanation in reference to his vote and then offered a substitute for the resolution, providing for the appointment of a committee of five to inquire whether any improper or corrupt means have been used or attempted to be used to influence the votes of Senators on the trial of impeachment with authority to send for persons and papers, &c. The substitute was adopted.

MONEY FOR THE PRESIDENT.—Mr. Ralph Newton, the New York broker, in his testimony before the impeachment managers, answered affirmatively to the question whether he was aware that money had been raised for the President. There had been subscribed in New York, he said, $100,000 for the President in case of conviction, and $50,000 to defray the expenses of his trial in case of acquittal. This money was in the hands of a highly respectable citizen of New York, Mr. Wm. G. Appleton, the bookseller.—Washington Star.

SWEET ALLSPICE is a pretty little garden flower; but if you want a sweet *allspice*, you will find the nearest approach to it in the heavenly odor of PHALON'S new perfume, "FLORIDE MAYO." Sold by all druggists. 22-2tow

INCOMPARABLE.—*Grace's Celebrated Salve* is conceded by all to be the best preparation for the cure of cuts, burns, scalds, scalds, sprains, and cutaneous diseases and eruptions generally. In places distant from medical aid it will be found invaluable, and in the nursery it should always be at hand.

THE excellent AMERICAN ORGAN, manufactured by S. D. & H. W. Smith, Boston, used at the late convention, deserves an especial notice, a large doubled handed instrument of 14 stops, whose heavy sub-bass notes were distinctly heard above the whole chorus of 5000 voices, while in accompanying the recitatives in the oratorios, the effect of the soft stops and tremolo were very striking. We notice that the use of these beautiful instruments is beginning to be appreciated by musical societies in the larger cities.—*Burlington Free Press.*

The trade this week shows a decline of 10,531 tons, from all the regions compared with the corresponding week last year. The decline in the tonnage of the Reading Railroad compared with last year, is 13,635, and last week the falling off was also upwards of 12,000 tons. The canal not only holds her own, but has increased on her tonnage since the navigation has opened, and the railroad is now loosing on what it gained in the winter months.

The Auction Sale of Scranton Coal at New on Wednesday, shows a few cents per ton advance on last sale. This looks more encouraging for the trade hereafter.

AN Auction Sale of 75,000 tons of Coal took place in New York on Wednesday last. The sale was largely attended and the bidding brisk. We append the particulars of this and last sale:
