Strong

Nerves just as surely come from the use of Hood's Sarsaparilla as does the cure of scrofula, salt rheum, or other so-called blood diseases. This is simply because the blood affects the condition of all the

Nerves

bones, muscles and tissues. If it is impure it cannot properly sustain these parts. If made pure, rich, red and vitalized by Hood's Sarsaparilla, it carries health instead of disease, and repairs the worn, nervous system as nothing else can do. Thus nervous prostration, hysteria, neuralgia, heart palpitation, are cured by

ANNA IVOR'S REQUEST.

Personal letters reach Mrs. Pinkham by thousands; some asking advice, and others, like the following, telling of what Lydia E. Pinkham's Vegetable Compound has done and will ever continue to do in eradicating those fearful

female complaints so little understood by physicians.

All womb and ovarian troubles, irregularities, whites, bearing-down pains, displacements, tendency to cancer and tumor are cured permanently.

"I feel as if I owed my life to your Vegetable Compound. After the birth of my babe I was very miserable. I had a drawing pain in the lower part of my bowels, no strength, and a terrible backache. Every day I failed. My husband said if I would try a bottle of your Vegetable Compound, he would get it for me. The change was wonderful. After I had taken the first half bottle I began to have great faith in it. When I had taken three bottles, I was well and growing stout. It is a pleasure for me to write this to you I only ask women in any way afflicted with female troubles to try it."—MRS. ANNA IVOR, Pittsford Mills, Rutland Co., Vt.
