

RECENT DEATHS

JOHN W. COLLAR
John Wayne Collar, two-months-old son of Thomas and Mary Collar, of Moshannon, died in the Phillipsburg State Hospital at 10 a.m. Thursday, June 8, 1951.

MRS. SARAH G. CROSS
Mrs. Sarah Georgina Cross, sister of Mrs. Henry Buchenhorst, of Bellefonte RD, died in St. Luke's Hospital, Cleveland, O., at 1 a.m. Monday, June 11, 1951.

MRS. ENMA MOLL ROTHROCK
Mrs. Enma Moll Rothrock, of the Bellefonte airport road, died in the Centre County Hospital at 9 a.m. Wednesday, June 13, 1951.

Mrs. Rothrock, wife of James H. Rothrock, received a serious injury to her left hip when she fell in her home Sunday, and was taken to the hospital in an ambulance.

Mrs. Emma Moll Rothrock, of the Bellefonte airport road, died in the Centre County Hospital at 9 a.m. Wednesday, June 13, 1951.

ADDITIONAL DEATHS ON PAGE EIGHT—SECOND SECTION

Three Teachers—

(Continued From Page One)
June. The board informed Father Fremont that the public school system would take care of St. John's pupils until such time as the new building is ready.

The resignation of three teachers was announced. Frances M. Homet resigned as kindergarten teacher; Louise B. Hackenberg, 7th grade teacher, and Sara R. Lucas, as mathematics teacher.

Carl Johnson reported that the Tax Equalization Committee had met, but little was accomplished in the way of organizing. Another meeting will be planned.

Grade Crossings Are Scenes Of Accidents

Accidents on railroad grade crossings still are taking an annual death toll throughout the nation despite modern warning equipment and in the great majority of cases the motorists are to blame, declares Edward P. Curran, Safety Director of Keystone Automobile Club.

"Many of these tragic accidents happen," he went on, "because the drivers are not aware of the danger of driving across the tracks while red signals still are flashing after a train has passed."

"Normally, this type of signal stops flashing as soon as the last car in a train has cleared the crossing. However, if it continues to flash after a train has passed it is a certain sign that another train is approaching."

"Another factor in grade crossing accidents not appreciated by many motorists is the brevity of warning given by such signals. There is an interval of only about 20 seconds between the beginning of the flash and the appearance of the fastest trains at crossings. In the case of slow trains, the interval may be as long as a minute, but in any event the delay is not sufficient for any motorist to take chances."

"The only safe rule is never to cross a railroad while the signal is flashing."

Marriage Licenses

William L. Fournot, State College and Norma E. Tipton, State College.

Wesley R. Burns, Harrisburg and Gladys Spittal, State College.

Lee C. Schlesler, State College and Lois M. Green, State College.

Kenneth Carl, State College and Helen R. Smith, Centre Hall.

Donald F. Morgenson, State College and Rebecca A. Anderson, State College.

Harry H. Baney, Rochester, N.Y. and Phyllis M. Oxford, State College.

Cordes E. Miller, Snow Shoe and Evelyn J. Shreffler, Snow Shoe.

Progress

It may surprise some people but there was a time when education was not a matter of concern to existing governments.

Oil may still the angry waves but it seems to stir up trouble in many areas.

Discoveries In Time

If all the new inventions and discoveries we read about come true, the present gadgets of mankind will become junk.

If you think you know something can you tell us when and where the Chimu period occurred?
